DEPARTMENT OF FINANCE & ADMINISTRATION

Jim Gray  
Mayor

Jane C. Driskell  
Commissioner

February 28, 2011

Citizens of Lexington-Fayette Urban County  
Honorable Mayor Jim Gray  
Members of the Urban County Council  
Lexington-Fayette Urban County Government

Dear Citizens, Mayor and Members of the Urban County Council:

As Commissioner of Finance, I present the Comprehensive Annual Financial Report (CAFR) of the Lexington-Fayette Urban County Government (the Government) for the fiscal year ended June 30, 2010. I have overseen the completion of the CAFR since my appointment as the Finance Commissioner in early January 2011. The CAFR was prepared in accordance with Generally Accepted Accounting Principles (GAAP) and the reporting standards of the Governmental Accounting Standards Board (GASB). The CAFR includes all funds of the Government and its component units.

The report is organized into three sections: an introductory section, a financial section and a statistical section. This introductory section provides general information on the Government's structure, as well as information useful in assessing the Government's financial condition. The financial section contains the independent auditor's report on the financial statement audit, the management discussion and analysis, the basic financial statements, required supplementary information and information on individual funds not separately provided in the basic financial statements. The statistical section provides a broad range of trend data covering financial, demographic and economic activity useful in assessing the Government's financial condition.

This CAFR was prepared by the Division of Accounting, with the assistance from staff in the Department of Finance and Administration. These entities are responsible for both the accuracy of the data presented and the completeness and fairness of the presentation. To provide a reasonable basis for making these representations, management has established a comprehensive internal control framework that is designed to protect the Government's assets from loss, theft or misuse and to compile sufficient reliable information for preparation of the financial statements in conformance with GAAP. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognized that the cost of internal controls should not exceed the benefits likely to be derived from their use and that such cost-benefit evaluation requires estimates and judgment by management.

State statute and the Charter of the Government both require an independent financial audit be conducted annually. The accounting firm of Mountjoy Chilton Medley performed the audit for the fiscal year ended June 30, 2010. The goal of the independent audit was to provide reasonable assurance that the financial statements of the Government for the fiscal year ended June 30, 2010, are free of material misstatements. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded that there was a reasonable basis for rendering an unqualified opinion that the Government's financial statements for the fiscal year ended June 30, 2010, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component in the financial section of this report.

Additionally, the audit engagement also included an audit of federal grants to meet the requirements of federal grantor agencies, as outlined by the Federal Single Audit Act of 1984, the Single Audit Act Amendment of 1996, and related OMB Circular A-133. These standards require the auditor to report not only on the fairness of the representation of the financial statement, but also on the internal controls and compliance with legal requirements of the federal awards. These reports will be available in the Government's separately issued Single Audit Report.

### ***Profile of the Government (As of December 31, 2010)***

Lexington-Fayette Urban County Government (LFUCG) is an urban county with the powers of both a city of the second class and a county created from the merger of the City of Lexington and the County of Fayette in 1974. LFUCG operates pursuant to Chapter 67A of the Kentucky Revised Statutes. The Urban County Government operates under a Mayor-Council form of government, where executive and administrative functions are vested with the Mayor, and legislative authority is vested with the Urban County Council.

The Mayor is the chief executive officer and is elected to a four-year term. The Urban County Council has 15 members, including 12 members elected from districts, who serve two-year terms, and three at-large members who serve four-year terms. The Vice-Mayor is the at-large member who receives the most votes in the general election.

The Mayor is assisted in the administration of the government by two senior advisors and seven department commissioners, who are appointed by the Mayor with the approval of the Urban County Council. This senior leadership team is responsible for administering programs and implementing policies. Each department is divided into divisions that are managed by division directors who are civil service employees.

The Senior Advisor for Management is charged with the responsibility of providing supervision, direction and management to the seven Departments of the Urban County Government. He insures that policies are established by the Mayor, Council and Charter are followed and develops programs to meet current and future organizational and community needs. Additionally, the Offices of Internal Audit and Economic Development report to the Senior Advisor for Management.

The Senior Advisor/CIO is charged with providing leadership to all of government in technology and communications. The Office includes the Division of Computer Services and the Division of Government Communications. Computer Services provides mainframe and microcomputer support, database development and information services to LFUCG and some outside agencies. Government Communications prepares and distributes information about the city in a variety of ways including LexCall (a One-Stop for city hall services), GTV3 (the city's cable television station) and the city's website.

The Director of Budgeting heads the Division of Budgeting and all the duties thereof, including working with the Mayor and other executive leadership to prepare the annual operating budget and the Capital Improvement Plan that the Mayor recommends to the Council each year. The Director then works with the council as they review the Mayor's recommendations and ultimately authorize revenue and expenditure levels for government for the fiscal year. The Director also monitors the spending of the various Departments throughout the fiscal year and ensures all units stay within the expenditure levels adopted by the Council.

The Department of Finance and Administration included the Divisions of Accounting, Central Purchasing, Revenue, Community Development, Risk Management and Human Resources. This Department is responsible for the custody, investment and disbursement of all funds; debt management; retirement fund administration; coordination of the annual financial audit; and publication of the CAFR. The Department also manages all purchases, hiring of employees, benefits administration and serves as a central clearinghouse for all state and federal grants. The Division of Risk Management administers the city's loss control program.

The Department of Public Safety is the largest in the Urban County Government. It includes the Divisions of Community Corrections, Police, Fire and Emergency Services, Emergency Management, Enhanced 911 and Code Enforcement. Readers should be familiar with the services provided by Corrections, Police and Fire, but may not be as familiar with the other Divisions, which provide a variety of services including emergency communications and management, disaster preparedness, inspections of properties for code violations and nuisance abatement.

The Department of Public Works and Development is responsible for providing a wide range of public services in the Divisions of Building Inspection, Engineering, Historic Preservation, Planning, Streets, Roads and Forestry and Traffic Engineering. These units of government issue permits for any structure that is built, moved, added to or structurally altered; provide an overall growth management framework for the community; are responsible for the maintenance of streets; and operate and maintain the city's computerized traffic signal system. The Purchase of Development Rights (PDR) program is also part of this Department. PDR seeks to conserve Fayette County Farmland by purchasing conservation easements.

The Department of Social Services provides services to Fayette County residents by helping families become self sufficient, offering specialized programs to help Lexington youth and providing financial and social services to eligible senior citizens in the community. The Divisions in this Department include Adult Services, Family Services and Youth Services. Other programs in the Department include Aging Services and management of the Cardinal Valley Center, a center, which works to bridge cultural gaps among neighbors.

The Department of General Services includes the Divisions of Fleet and Facilities Management and Parks and Recreation. The Division of Fleet and Facilities Management handles the acquisition, maintenance and repair of more than 1500 vehicles and pieces of equipment owned by LFUCG, in addition to maintaining the city's primary buildings, as well as minor renovations. The LFUCG real estate holdings comprise approximately 4 million square feet of space under roof. The Division of Parks and Recreation operates 103 parks consisting of more than 4,500 acres with green space areas, 6 golf courses, 6 community centers and 9 aquatic facilities. In addition, the Commissioner's Office oversees the management of the Urban County Government telephone system, utilities and parking garages.

The Department of Law provides legal services for the Government. The Corporate Counsel selection prepares all legal instrument of the Government and provides advice to its elected officials, employees and agencies. The Litigation Division represents the Urban County Government in civil cases and administrative hearings and coordinates representation of cases handled by outside attorneys. Claims management, insurance procurement and administration of the self insurance fund are also handled in the Department of Law.

The Department of Environmental Quality was first established as part of the July 1, 2007, reorganization and includes the Divisions of Environmental Policy, Water and Air Quality and Waste Management. The Department consolidates environmental functions together under one umbrella, allowing LFUCG to take a more streamlined, focused and effective approach to protecting the environment.

### ***Significant Events (as of December 31, 2010)***

#### ***Host to the World***

Lexington was the first American city to host the Alltech FEI World Equestrian Games, Olympic-style equestrian competition held every four years. While the Games took place after Fiscal Year End 2010, the preparation leading up to this event is noteworthy. Significant activity in anticipation of the Games included accelerated infrastructure improvements, public safety enhancements, festival & hospitality initiatives and cultural events. Additionally, planning for a companion community wide festival, Spotlight Lexington, took place in FY2010, which allowed for total utilization of our downtown venues to host concert and cultural events.

## ***Infrastructure***

Construction work was completed on roadways in and around downtown to make the heart of our community more inviting. This work was funded through state grants, federal appropriations including American Reinvestment Recovery Act funding, municipal bonds and local revenue. Street improvement on the South Limestone Street corridor, which connects downtown to the University of Kentucky, include wider sidewalks, bike lanes, underground utilities and curbside rain gardens. The overall goal of the South Limestone project is to encourage members of the University community to come downtown. Similar streetscape work was complete on Main and Vine streets in the fall of FY2011. After decades of being on the planning boards, the Newtown Pike Extension (between Main and Vine streets) opened in the fall of FY2011. An important new gateway to our city on the west end of downtown, this project will provide direct access to the interstates for the University of Kentucky and South Lexington. These improvements also showcased our downtown as we hosted the World Equestrian Games in September.

## ***Cultural Facility***

Also downtown, the city celebrated the reopening of a renovated and expanded Lyric Theatre and Cultural Arts Center, long a cultural icon in the African-American community. The new theater complex includes a cultural and educational center and will be featuring national artists, as well as showcasing local talent. The Lyric is located in the East End of downtown, which has also seen the recent development of new affordable housing, new recreational opportunities and a new school. The city has been an integral partner in the completion of these projects.

## ***Higher Education Triangle***

Through a partnership that leverages federal, state and local funding, the Bluegrass Community and Technical College is relocating its campus to downtown creating a Higher Education Triangle with University of Kentucky and Transylvania University. Groundbreaking on the new campus took place at the end of FY2010, with an estimated completion date of early 2013. This was made possible as a result of the replacement and relocation of Eastern State Hospital, portions of which date back to 1800's.

## ***Strengthening fiscal management***

FY 2010 continued to be a challenging year due to economic conditions. Like all American cities, Lexington faced the dilemma of declining revenue streams and higher unemployment. The Government implemented an expense reduction plan that identified opportunities for the entity to operate more efficiently and effectively with available resources.

## ***Environment***

Improving environmental quality was a top priority of this administration. Many steps to address the deteriorating storm and sanitary sewers that have resulted in the community being out of compliance with the federal Clean Water Act were initiated. Enforcement laws have been strengthened and have vastly improved monitoring. Sanitary sewer fee increases were approved to create a water quality management fee as a funding source to address storm water concerns. Significant first steps to address air quality have been taken and an executive order requiring government to lead the way was implemented. Education and outreach are key components of all of the environmental initiatives.

## ***Factors Affecting Financial Condition***

Following is a brief discussion of factors affecting the financial condition of the Government. Additional detailed information and discussion of the Government's financial condition can be found in the Management Discussion and Analysis.

## ***Local Economy***

The unemployment rate in Fayette County was 7.8% in June 2010, down from 8.3% in June, 2009. The June 2010 rate is below the national and state rates of 9.5% and 10.0% respectively. Employment as measured by a household survey, which is by place of residence, was 142,196 in June, 2010 compared to 141,120 in June, 2009.

## ***Budget Control and Financial Management***

The Mayor of the Urban County Government submits a proposed annual operating budget and a five-year capital improvement budget to the Urban County Council at least sixty days prior to the beginning of each succeeding fiscal year. The Council, upon receipt of the proposed budget, conducts a series of public hearings on the proposed budget. The Charter of the Urban County Government provides that the Urban County Council may amend the budget; however, the adopted budget shall provide for all expenditures required by law and for all debt service requirements. Other budgeting policies include that the budget must be balanced for each fund; total available funds must equal or exceed total anticipated expenditures.

The Urban County Council adopts a line-item budget ordinance and must approve all budget amendment moving money within the personnel category or from one category to another (personnel, operating, capital). Budgetary control is maintained at the division level and is facilitated by the use of encumbrance accounting. As purchase orders are issued, corresponding amounts of division's appropriations are reserved for later payment. Requests for disbursements which will result in an overrun of budgeted expenditures must be accompanied by a request for a budget amendment. At year-end open encumbrances are recorded as a reservation of fund balance.

## ***Long-Term Financial Policies***

The Government annually adopts a Capital Improvement Plan as a component of the annual operating budget. The development of the capital improvement plan budget is coordinated with the development of the operating budgets. Requests for capital projects are accompanied by estimates of impact on annual operating costs. Additionally, multi-year forecasts of revenues and expenditures, including operating and capital expenditures, are prepared throughout the year to monitor the adequacy of funding resources and debt capacity.

## ***Cash Management and Investment Policy***

The Department of Finance and Administration is responsible for the custody, investment and disbursement of all funds of the Government in accordance with the procedures and standards adopted by the Urban County Council. It is the policy of the Government to invest funds in a manner that will provide the highest investment return with the maximum security of principle while meeting the daily cash flow demands of the Government. The Government's investments are governed by state statutes (KRS 66.480) and an investment policy approved by the Urban County Council. In FY2010, all funds were invested in either obligations of the United States and its agencies of instrumentalities, mutual funds comprised of those securities, repurchase agreements, collateralized Certificates of Deposit or commercial paper.

## ***Awards and Acknowledgements***

For the 17<sup>th</sup> consecutive year, the Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for the Excellence in Financial Reporting to the Lexington-Fayette Urban County Government for its comprehensive annual financial report for the fiscal year ended June 30, 2009. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, the Government must publish an easily readable and efficiently organized comprehensive annual financial report whose contents conform to the program standards. This report must also satisfy generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for the period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program requirement, and we are submitting it to the GFOA to determine our eligibility for another certificate.

Preparation of this report could not have been accomplished without the professional, efficient and dedicated services of the Department of Finance and Administration staff. Further appreciation is extended to the Mayor, the members of the Urban County Council, Commissioner and Division Directors for their cooperation and support.

Respectfully submitted,

Jane C. Driskell, Commissioner  
Finance and Administration

# Certificate of Achievement for Excellence in Financial Reporting

Presented to

Lexington-Fayette Urban County  
Government, Kentucky

For its Comprehensive Annual  
Financial Report  
for the Fiscal Year Ended  
June 30, 2009

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

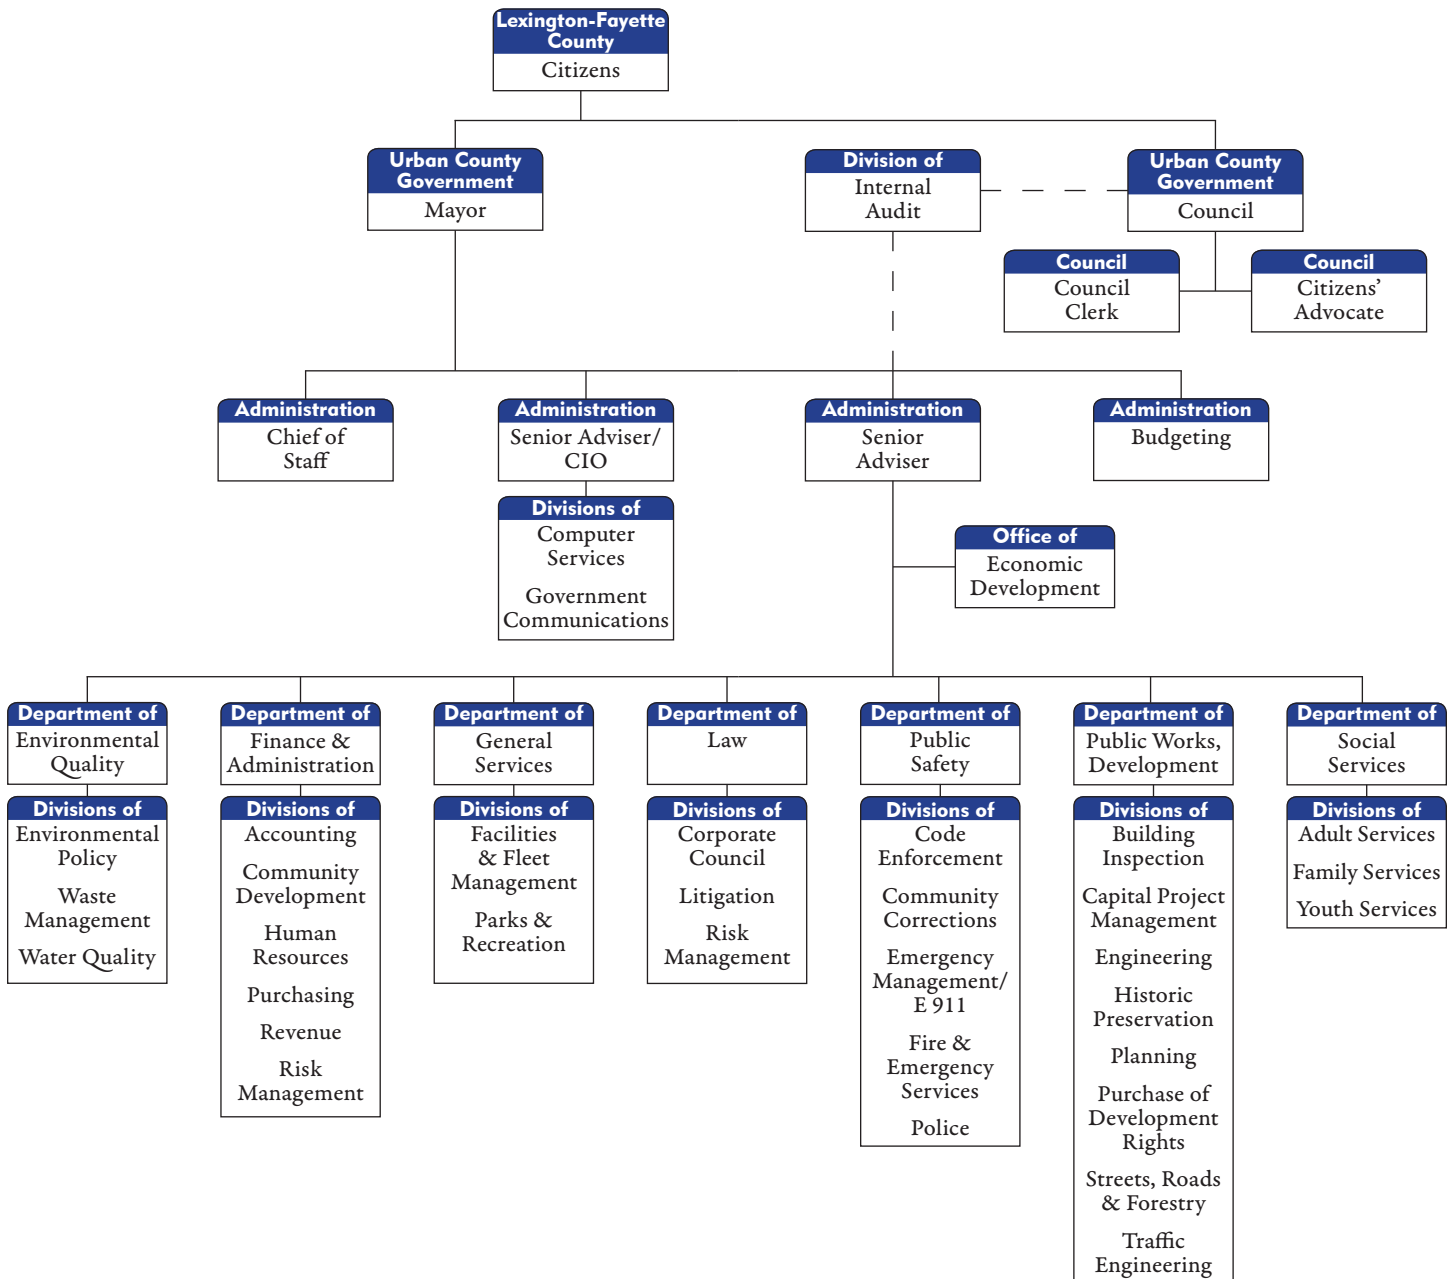

President

Executive Director

## Report of Independent Accountants

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Lexington-Fayette Urban County Government (the Government) as of and for the year ended June 30, 2010, which collectively comprise the Government's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Government's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Lexington Transit Authority, Lexington Airport Board, Fayette County Health Department, and the Lexington Center Corporation which represent 91 percent of the assets and 82 percent of the revenues as of and for the year ended June 30, 2010 of the discretely presented component units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Lexington Transit Authority, Lexington Airport Board, Fayette County Health Department, and the Lexington Center Corporation is based solely on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and the significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Government as of June 30, 2010, and the respective changes in financial position and where applicable, cash flows, thereof and the respective budgetary comparison for the General Fund and Urban Services Fund thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated February 27, 2011 on our consideration of the Government's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of the audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

An Independent Member of Baker Tilly International

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 14 through 27 and 37 through 42 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Government's financial statements as a whole. The introductory section on pages 1 through 11, combining and individual funds statements and other schedules on pages 100 through 103 and 109 through 127, and the statistical section on pages 131 through 155 are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards on pages 104 through 106 is presented for purposes of additional analysis as required by the Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Nonprofit Organizations, and is also not a required part of the basic financial statements of the Government. The combining and individual nonmajor fund financial statements, capital asset schedules and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied by us and the other auditors in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audit and the reports of other auditors, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied by us and the other auditors in the audit of the basic financial statements and, accordingly, we express no opinion on them.

A handwritten signature in cursive script, reading "Mountjoy Chilton Medley LLP".

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

The Management's Discussion and Analysis of Lexington-Fayette Urban County Government's Comprehensive Annual Financial Report (CAFR) presents a discussion and analysis of the Urban County Government's financial performance for the fiscal year ended June 30, 2010. It is supplementary information required by the Governmental Accounting Standards Board (GASB) and is intended to provide a readable explanation of the information within the basic financial statements. It should be read in conjunction with the Letter of Transmittal (which can be found preceding this narrative on page 3) and the financial statements immediately following the analysis.

### **FINANCIAL HIGHLIGHTS – PRIMARY GOVERNMENT**

#### **Government – Wide Highlights**

The assets of the Urban County Government exceeded its liabilities at the close of the fiscal year by \$1.2 billion (net assets).

- Governmental Activities' net assets were \$889.44 million, a decrease of \$45.15 million from the previous fiscal year. This reduction in total net assets reflects an \$18.64 million decrease in the value of depreciable capital assets held by the Urban County Government and an \$87.1 million increase in long term debt related to the issuance of bonds.
- Business-Type Activities held a balance of \$289.62 million in net assets, an increase of \$3.27 million over the previous fiscal year. The increase in net assets over the prior year also reflects an increase in depreciable capital assets of \$6.71 million.

#### **Fund Highlights**

- As of June 30, 2010, the Urban County Government's governmental funds reported combined ending fund balances of \$120.34 million, an increase of \$26.91 million from the previous fiscal year. Of this total amount, \$33.56 million was reserved for encumbrances, inventories and prepaid items. The balance of approximately \$86.77 million was unreserved. The unreserved, undesignated fund balance of \$35.37 million reflects funding available to the Urban County Government for spending.
- The General Fund, the primary operating fund of the Urban County Government, held an unreserved, undesignated fund balance of \$2.11 million, or .79% of General Fund revenues. The economic contingency designation, which is available for spending in the event of an economic downturn or unforeseen event, held a balance of \$14.47 million.
- The 2010 Bond Projects fund accounts for new capital projects which the Urban County Government intends to bond in FY 2011.

#### **Long-Term Debt**

- At fiscal year end June 30, 2010, Governmental Activities debt increased \$87.09 million. Increases in long-term General Obligation debt held by the Urban County Government can be attributed to the issuance of \$69.32 million in bonds to finance bond projects. In addition to bonding these capital projects a \$35.83 million bond was issued to reduce the Police and Fire Pension Plan unfunded pension liability. Business-Type activity debt increased \$29.67 million, primarily due to the issuance of Revenue Bonds to be utilized along with other available funds of financing for the construction of major additions, betterment and extensions to the sanitary sewer system.

## OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the finances of the Lexington-Fayette Urban County Government. Three key elements comprise the basic financial statements, including:

- A) Government-Wide financial statements;
- B) Fund Financial Statements, and;
- C) Notes to the Financial Statements

### A. Government-Wide Financial Statements

The *Government-Wide Financial Statements* are designed to provide the reader with a broad overview of the Urban County Government's finances in a manner similar to private-sector business. These statements report financial information about the entire Government, except for fiduciary activities and provide both short-term and long-term information about the Government's financial position, and assist in the assessment of the Urban County Government's economic condition at the end of the fiscal year. The statements are prepared using the flow of economic resources measurement focus and the accrual basis of accounting. They take into account all revenues and expenses of the fiscal year regardless of when cash is received or paid. The Government-Wide Financial Statements include two statements: The *Statement of Net Assets* and the *Statement of Activities*.

The *Statement of Net Assets* reflects the financial position of the Urban County Government at fiscal year ended June 30, 2010. Accordingly, the Urban County Government's net assets, the difference between assets (what the citizens own) and liabilities (what the citizens owe) are one way to determine the financial condition of the Urban County Government. Over time, increases or decreases in net assets is one indicator of whether the financial health of the Urban County Government is improving or deteriorating. However, additional factors such as changes in the Urban County Government's revenue structure, its tax base, and its level of assets held, should be considered in order to assess thoroughly the overall financial condition of the Urban County Government.

The *Statement of Activities* reflects the Urban County Government's revenues and expenses, as well as other transactions that increase or decrease net assets. Program revenues are offset by program expenses in order to provide better information regarding program costs financed by general government revenues.

Both of the Government-Wide Financial Statements divide the Urban County Government's activities into three types:

1. **Governmental Activities** – The activities in this section are mostly supported by taxes and intergovernmental revenues (federal grants), namely occupational license fees, property taxes, and service charges. Most services normally associated with local government fall into this category, including police, fire, solid waste, parks and general administration. Internal Service Fund balances are reported as part of Governmental Activities.
2. **Business-Type Activities** – These activities normally are intended to recover all or a significant portion of costs through user fees and charges to external users of goods and services provided by the Urban County Government. The Business-Type Activities of the Urban County Government include the operations of various Enterprise Funds, including sanitary sewer services, landfill and disposal costs, and leases and operating costs for public facilities related to debt issues.
3. **Discretely Presented Component Units** – The Urban County Government includes nine separate legal entities in its reports. Although legally separate and possessing independent qualities, the Urban County Government maintains financial accountability for these entities.

## B. Fund Financial Statements

A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The *Fund Financial Statements* report the operations of the Urban County Government in greater detail than the Government-Wide Financial Statements by providing information about the Government's most significant funds. Local ordinance or bond covenants may require the creation of some funds; others may be created at the discretion of the administration for management and fiscal control of financial resources. All funds of the Urban County Government can be divided into three types of funds: Governmental Funds, Proprietary Funds, and Fiduciary Funds.

1. Governmental funds – Governmental funds are used to account for essentially the same functions reported as Governmental Activities in the *Government-Wide Financial Statements*. However, unlike the *Government-Wide Financial Statements*, governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the fiscal year.

Most of the basic services performed by the Urban County Government are reported in the governmental funds category. These funds are reported using the modified accrual basis of accounting, which measures cash and all other financial assets that can be readily converted to cash. Because the focus of governmental funds is narrower than that of the *Government-Wide Financial Statements*, it is useful to compare the information presented for governmental funds with similar information presented for Governmental Activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Urban County Government's near term funding decisions. The governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and Governmental Activities.

2. Proprietary funds – When the Urban County Government charges a fee for services which is intended to cover the cost of providing those services – whether to outside customers or to other units of the Urban County Government – those services are generally reported in the proprietary funds category. The subcategories of the proprietary funds include enterprise funds and internal service funds.

*Enterprise funds* are used to report the same functions presented as Business-Type Activities in the government-wide financial statements.

*Internal service funds* are used to accumulate and allocate costs internally among the various functions of the Urban County Government. The Urban County Government uses internal service funds to account for its health, general liability, auto, property and worker's compensation self-insurance. These services predominantly benefit Governmental Activities rather than Business-Type Activities; hence, they have been included with Governmental Activities in the *Government-Wide Financial Statements*.

The proprietary funds are reported in the same way that all activities are reported in the government-wide statements but the fund statements provide more detail. The Urban County Government considers the Sanitary Sewer Fund, the Public Facilities Corporation Fund, the Public Parking Corporation Fund and the Landfill Fund as its major proprietary funds.

3. Fiduciary funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the Government-Wide Financial Statements because the resources of those funds are not available to support the programs of the Urban County Government. The accounting used for the fiduciary funds is similar to that used for proprietary funds. The Urban County Government is trustee, or fiduciary, for two employees' pension funds, the City Employees' Pension Fund and the Policemen's and Firefighters' Retirement Fund.

## C. Notes to the Financial Statements

The notes to the financial statements provide information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. They are an integral part of the financial statements and focus on the primary government and its activities.

### GOVERNMENT-WIDE FINANCIAL ANALYSIS

#### Analysis of Net Assets

Net assets may serve as a useful indicator of a government's financial position. In Table 1 below, the Urban County Government's combined net assets (Governmental and Business-Type Activities) totaled \$1.18 billion as of June 30, 2010. This reflects a decrease of \$41.88 million from the previous fiscal year. This decrease is due in part to a reduction in capital assets held by the Urban County Government attributable to depreciation. Infrastructure elements for Governmental Activities accumulated \$31.43 million in depreciation from the previous fiscal year which accounts for the largest category of assets held by the general government. Total depreciation expense government wide was \$59.1 million.

The largest proportion of the Urban County Government's net assets, \$1.16 billion, is invested in capital assets (e.g. land, infrastructures, buildings and improvements and equipment), minus any related debt, which is still outstanding and used to acquire those assets. The Urban County Government uses these capital assets to provide services to its citizens. As such, these assets are not available for future spending.

	<b>Total Net Assets (in thousands)</b>		
	<b>FY 2010</b>	<b>**FY 2009</b>	<b>Change</b>
<b>ASSETS</b>			
Current and other assets	\$308,546	\$ 232,427	\$ 76,119
Capital assets	1,441,848	1,421,053	20,795
Total assets	1,750,394	1,653,480	96,914
<b>LIABILITIES</b>			
Current and other liabilities	56,288	55,941	347

Unrestricted	(37,017)	944	(37,961)
Total net assets	\$1,179,062	\$1,220,939	(\$41,877)

\*Numbers may not total due to rounding

\*\*Numbers do not reflect restatement, see Note 2.D.

Approximately \$55.47 million, or 4.71% of total net assets, are subject to external restrictions regarding their use. Restricted net assets of governmental funds include fund balances of the general fund, the urban services fund and various special revenue funds. Please refer to the fund analysis beginning on page 23 for more information.

Table 2 indicates that the net assets of Governmental Activities totaled \$889.45 million, a decrease of \$45.15 million from the previous fiscal year. A decrease of \$45.02 million is attributable to depreciation expense. This is offset primarily by additions to capital assets of \$63.24 million. Of these net assets, \$920.94 million is invested in capital assets (e.g. land, infrastructures, buildings and improvements and machinery and equipment), minus any related debt, which is still outstanding and used to acquire those assets.

Table 3 shows the net assets of Business-Type Activities totaled \$289.62 million at the end of Fiscal Year 2010, an increase of \$3.27 million from the previous fiscal year. Of these net assets, \$239.67 million, or 82.8%, is invested in capital assets, minus related debt outstanding, used to acquire those assets. The Urban County Government uses these capital assets in the same way as the capital assets held by Governmental Activities.

**Governmental Activities**

As indicated in Chart 1, the Urban County Government funds its Governmental Activities from revenue received from four significant categories. A clear majority, 58%, of the Urban County Government's revenue is provided through licenses and permits. This category includes fees placed on Employee Withholdings, Business Returns, Insurance Premiums, and Franchise Fees. Charges for Services were 20%, which was the second largest contributing category to governmental activity revenues. Revenues collected in this category include charges collected from the Detention Center, EMS charges, golf course collections, fees for building permits, and fees associated with parks and recreation programs. Property Taxes comprised of 14% of governmental revenues just ahead of Federal and state grant funding which represents the remaining 9%.

**Chart 1**  
**Distribution of Governmental Activity**

As indicated by Table 4, revenues from Governmental Activities totaled \$373.82 million, which was a decrease of 0.19% from the previous fiscal year. Licenses and permits totaled \$215.2 million, representing 58% of total revenues. As stated earlier, this category includes Employee Withholdings in the form of an occupational license fee (OLF). This fee is comprised of an assessment of 2.25% on the total wages received by individuals employed in Lexington-Fayette County and an assessment of 2.25% on the net profits of businesses operating in the Lexington-Fayette County area. Licenses and permits decreased by \$3 million, or -1.37% from the previous fiscal year. This is due in part to FY 2009 containing 27 pay periods for many employers as compared to only 26 pay periods in FY 2010. Property taxes decreased \$3.16 million from the previous fiscal year, down 5.82% which was largely due to the decrease in assessed tax values and a decline in new development. Charges for Services increased primarily due to increased Medicaid and Detention Center revenues.

As noted on Table 4, total expenses of Governmental Activities were \$408.05 million; a decrease of \$4.52 million from the previous fiscal year. Expenditures were reduced in several program categories, including \$11.2 million in Chief Information Officer, Fire and Emergency Services, and Social Services. This decrease was offset primarily by an increase of \$10.67 million in Finance program expenditures and \$4.34 million in interest on Long-term debt from the issuance of bonds.

\*Numbers may not total due to rounding.

During the year personnel related expenses for Police, Fire, and Community Corrections which are covered by collective bargaining agreements increased \$1 million. Salary and Wage costs including benefits, for non-collective bargaining employees actually decreased 4%. Please see Chart 2 for more information on personnel costs for Governmental Activities during FY 10.

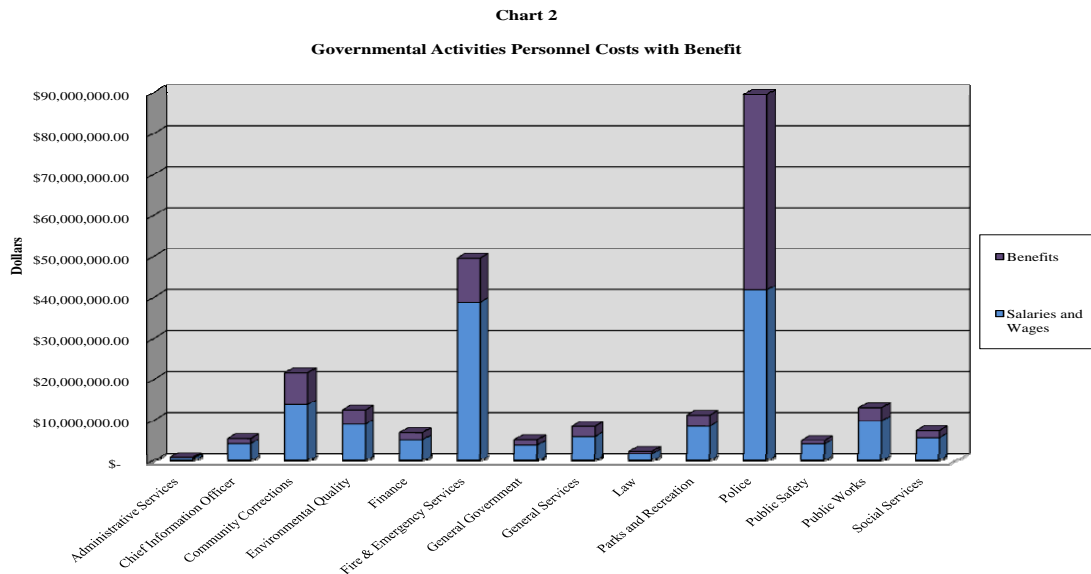

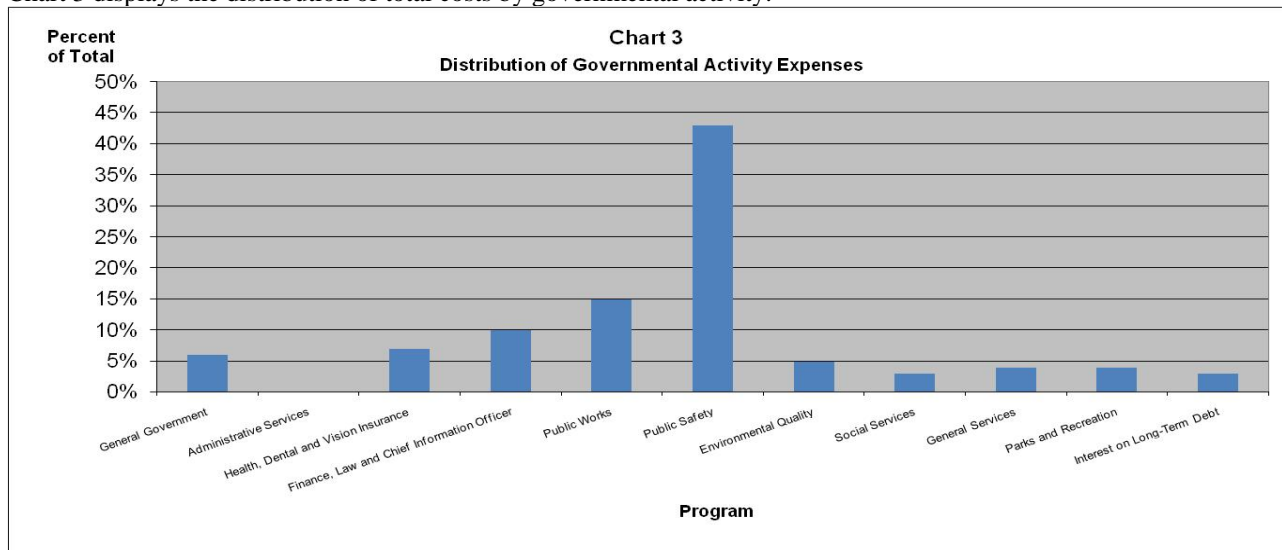

Chart 3 displays the distribution of total costs by governmental activity.

## Business-Type Activities

Revenues for Business-Type Activities totaled \$77.25 million at fiscal year ended June 30, 2010, up \$15.32 million from the previous fiscal year. Charges for services comprise 100.4% of total revenues realized by Business-Type Activities. Expenses for Business-Type Activities totaled \$72.24 million in 2010, an increase of \$9.13 million from the prior year. The largest program among these activities is the Sanitary Sewer system, which utilized \$41.45 million at the end of the fiscal year, representing 57.4% of all Business-Type expenses.

The Sewer system expenses increased by \$6.02 million from 2009; this increase was primarily in non-routine maintenance and repair items which occurred during FY 2010. Other Enterprise Funds also experienced an increase in expenditures during the fiscal year of \$3.11 million; this increase was mostly related to the higher administration expenses in FY 2010.

## **FUNDS OF THE LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT**

As discussed earlier, the Lexington-Fayette Urban County uses fund accounting to ensure and demonstrate compliance with Generally Accepted Accounting Principles (GAAP) and other finance-related legal requirements.

### **Governmental Funds**

The Urban County Government's total governmental funds for the year ended June 30, 2010 reflect a combined ending fund balance of \$120.34 million, an increase of \$26.91 million from the previous fiscal year. \$35.37 million of the fund balance was unreserved and undesignated. The remainder was designated for special purposes or reserved for encumbrances.

At the end of Fiscal Year 2010, the fund balance held by the General Fund totaled \$31.52 million, a decrease of \$1.61 million, or 4.86%, from the previous fiscal year. This was a direct result of a decrease in undesignated fund balance. The total fund balance reserved for encumbrances, inventories, and prepaid items as of June 30, 2010 was \$12.02 million. In addition to this reserve, the General Fund had \$19.5 million in unreserved fund balance. Of this total, unreserved, undesignated fund balance totaled \$2.11 million, or 6.69% of General Fund revenues. This reflects a decrease of \$2.26 million from the previous fiscal year. Unreserved, but designated fund balance totaled \$17.39 million, or 89.18% of General Fund revenues. The designations include:

- \$14.47 million designated for economic contingency to act as a cushion in the event of an economic downturn.
- \$2.92 million was designated for the 27<sup>th</sup> payroll that will occur in 2017.

The Urban Services Fund is used to finance solid waste collection, streetlights, and street cleaning services for properties within designated property tax districts. At the end of the fiscal year, the Urban Services Fund held a total fund balance of \$25.98 million, a decrease of \$8 million over the prior fiscal year. This decrease is primarily due to capital equipment purchases in the current fiscal year. Unreserved, undesignated fund balance totaled \$16.99 million and reflects 50.03% of Urban Services Fund revenues. Revenues of the Urban Services Fund decreased \$2.77 million from the prior fiscal year due to decreases in Property Taxes allocated to the Urban Services Fund. This decrease was a result of decreased assessed tax values and a decline in new development.

The Federal and State Grants Fund held a balance of \$116,485 for fiscal year ended June 30, 2010, remaining consistent with the previous fiscal year. This fund balance represents grant revenues received, but not spent, that are restricted for specific activities. During the 2010 Fiscal Year, expenditures matched revenues and the fund balance remained steady.

The 2010 Bond Projects Funds contains bond issuances and costs related to various capital bond projects. As of June 30, 2010 \$15.24 million has been expended on these projects. Bond issues in the amount of \$37.9 million were issued to reimburse these expenditures and cover any additional costs associated with the projects.

### **Proprietary Funds**

The Urban County Government's proprietary funds statements provide the same type of information found in the government-wide financial statements, but in more detail. Total net assets for the Urban County Government's proprietary funds totaled \$289.62 million as of June 30, 2010, an increase of \$3.27 million.

The Sanitary Sewer Fund held total net assets of \$204.36 million, an increase of \$5.2 million over the prior year. Of the total net assets held by the Sanitary Sewer Fund, \$33.78 million is restricted under bond covenants for maintenance, depreciation, capital improvements and debt service. Unrestricted net assets totaled \$2.85 million.

The Public Facilities Corporation (PFC) was created by the Government to act as an agency and instrumentality of the Government to finance and operate public projects. The net assets of the Public Facilities Corporation were \$37.11 million, a decrease of \$3.8 million from the prior year.

The Public Parking Corporation (PPC) was created in a similar fashion to the PFC. The Public Parking Corporation, an agency and authority of the Urban County Government, was established to acquire, finance, and operate public parking facilities for the Urban County Government. The net assets of the Public Parking Corporation totaled \$16.24 million, an increase of \$276 thousand from the prior year.

At fiscal year ended June 30, 2010, the total net assets of the Landfill Fund held a balance of \$27.58 million, an increase of \$1.6 million from the prior fiscal year resulting in a 6.16% increase.

## **GENERAL FUND BUDGETARY HIGHLIGHTS**

The General Fund is the primary operating fund of the Urban County Government. Over the course of the year, the Urban County Council revises the budget numerous times; thus, exercising one of the primary duties of the Council as guardian of the government's funds. Supplemental appropriations are approved to reflect actual beginning fund balances and to re-appropriate funds for capital projects. As the year progresses and actual revenue collections and budgetary experience is known, amendments are processed in order to reflect the actual results and revised expectations of future revenue and expenditures.

For fiscal year ended June 30, 2010, General Fund revenues totaled \$267.15 million, a decrease of 1.6% from the previous fiscal year. Total revenues were \$8.78 million below the final budgeted amount. This decrease in actual revenue is the result of the downturn in the U.S. economy, which negatively affects both employee withholdings and business returns.

As a result of covering the general climate of the financial market, income from investments totaled \$63 thousand, a decrease of \$226 thousand from the previous year. Income from investments for Fiscal Year 2010 fell short of the budgeted amount by \$237 thousand.

General Fund expenditures of the Urban County Government totaled \$309.23 million, a decrease of \$31.07 million, or 9% over the previous year. Expenditures were \$15.09 million below the final budgeted amount. Personnel expenditures accounted for 71.3% of General Fund expenditures and this category accounted for the largest decrease among all expenditures, approximately \$37 million over the prior year. The decrease was due to the large bonded contribution to the Police and Fire retirement plan, over \$70 million, in the prior fiscal year and numerous vacant positions throughout government. Personnel expenditures from divisions covered by the collective bargaining agreements account for 51% of the general fund expenditures. Please see the Table 5 below for more details regarding the distribution of general fund personnel cost and the changes from prior year.

**Table 5**  
**Lexington-Fayette Urban County Government**  
**Summary of General Fund Personnel Costs with Benefits**  
**For Years Stated**  
**(in Thousands)**

<b>Departments</b>	<b>2010</b>	<b>2009</b>	<b>Change</b>	<b>% Change</b>	<b>% General Fund Expenditures</b>
Non-Collective Bargaining Divisions

## CAPITAL ASSETS

The Urban County Government's investment in capital assets totaled \$1.44 billion as of June 30, 2010. This investment includes land, buildings, equipment, park facilities, roads, bridges, and sewer systems. For Governmental Activities, the recorded capital investments totaled \$1.09 billion. Governmental activity capital assets increased by \$16.97 million over the prior year. The assets of Business-Type Activities totaled \$349.13 million, an increase of \$3.83 million from the previous fiscal year.

This year's major changes in capital assets included:

- The depreciation on infrastructure for Governmental Activities totaling \$31.43 million contributed in the net decrease in infrastructure from prior year of \$19.78 million. Infrastructure includes roads, bridges, storm water, fiber optics, traffic signals and similar items.
- The Purchase of Development Rights program acquired \$7.08 million in conservation easements.
- Capital Assets for Business-Type Activities increased by \$3.83 million.
- Construction in Progress (CIP) totaled \$55.12 million in the Governmental Activities and \$23.31 million in Business Type Activities accounting for a total increase in CIP of \$18.62 million.

\*Numbers may not total due to rounding.

Additional information on the Government's capital assets activity can be found in note 3B beginning on page 70 of the report.

## DEBT ADMINISTRATION

The Government began issuing General Obligation (GO) bonds in fiscal year 1999 because of changes in state law that had previously precluded this type of financing. Since GO bonds are backed by the full faith and credit of the Urban County Government, they carry a higher credit rating than other forms of debt and have lower interest rates. As a result, future debt issues on behalf of the Urban County Government will be GO debt unless such debt is secured by Enterprise Fund activities.

Prior to the issuance of GO bonds, mortgage revenue bonds were issued through various public corporations in order to finance public projects. For mortgage revenue bonds, the Urban County Government enters into annual renewable lease agreements automatically with the corporations whereby lease payments from the Government, combined with revenues generated by the operation of the facilities, are sufficient to meet debt service obligations. The underlying security for the bond is the annual lease agreements and the underlying mortgages on the property. Revenue bonds, where only the revenues from the operation of the facilities are pledged as security for the bonds, are issued to finance improvements to the sanitary sewer system.

At the end of Fiscal Year 2010, the Urban County Government had \$444.81 million in bonds and notes outstanding; Governmental Activities' debt increased by \$87.09 million with total debt increasing \$117.22 million resulting from the issuance of bonds related to FY 2010 approved capital projects in addition to the issuance of a pension bond for the Police and Fire pension plan. The Business-type Activities debt increased \$30.13 million due to the issuance of bonds to be utilized along with other available funds of financing for the construction of major additions, betterment and extensions to the sanitary sewer system. Additional information on the Governments Long-term Debt can be found in note D beginning on page 74 of the report.

Despite recent legal changes that provide for the issuance of GO debt, legal limits remain on the total amount of GO indebtedness that may be incurred. The Kentucky Constitution provides that the total principal amount of GO debt cannot exceed 10% of the value of taxable property in the county, or \$2.7 billion. State law provides the same limitation as set forth in the constitution except that the limitation applies to "net indebtedness", which excludes self-supporting obligations, revenue bonds, special assessment debt and non-tax supported debt issued prior to July 15, 1996 (the effective date of the previously discussed statutory change). The total amount of debt subject to the legal limitation is \$195.8 million.

**TABLE 7**  
**Lexington-Fayette Urban County Government**  
**Summary of Outstanding Debt**  
**For Years as Stated**  
**(in thousands)**

	<b>Governmental</b>		<b>Business-type Activities</b>		<b>Total Primary</b>	
	<b>2010</b>	<b>2009</b>	<b>2010</b>	<b>2009</b>	<b>2010</b>	<b>2009</b>
General Obligation Bonds, Notes, Leases	\$316,355	\$229,265			\$316,355	\$229,265
Mortgage Revenue Bonds			63,890	66,470	63,890	66,470
Revenue Bonds			64,565	31,860	64,565	31,860
Total	\$316,355	\$229,265	\$128,455	\$98,330	\$444,810	\$327,595

\*Numbers may not total due to rounding

The Urban County Government maintains a general obligation bond rating of “Aa2” from Moody’s and “AA” from Standard & Poor’s. The revenue bonds of the sanitary sewer system have a bond rating of “Aa3” from Moody’s and “AA” from Standard & Poor’s. The rating of the Urban County Government’s lease revenue debt is “AA3” from Moody’s and “AA-” from Standard & Poor’s. The Government has not issued lease revenue debt since 1998 due to changes in state law that provided for the issuance of general obligation debt.

Additional information regarding the Urban County Government’s long-term debt can be found in note 3D beginning on page 74 of the report.

## **NEXT YEAR’S BUDGET**

The Lexington-Fayette Urban County Government Fiscal Year 2011 Budget, for all funds combined, net of interfund transfers, is \$468,339 million. Significant initiatives in the budget include:

- A commitment of \$50.8 million for storm sewer projects and programs as required by the U.S. Environmental Protection Agency Consent Decree
- Allocation of \$17.36 million for capital projects, including:
  - \$5.75 million for truck-refuse collection
  - \$4 million for improvements to sidewalks and driveways
  - \$1 million for the Purchase of Development Rights program
  - \$1 million for a new fire truck

Funding for these initiatives was derived with a projected 3.5% decrease in general fund revenues.

## **REQUESTS FOR INFORMATION**

This financial report is designed to provide a general overview of the Government’s finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Commissioner of Finance, 200 East Main Street, Lexington-Fayette Urban County Government, Lexington, Kentucky, 40507.

**LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
RECONCILIATION OF THE BALANCE SHEET  
TO THE STATEMENT OF NET ASSETS  
GOVERNMENTAL FUNDS  
June 30, 2010**

Fund balances - total governmental funds		\$120,338,018
Amounts reported for governmental activities in the statement of net assets are different because:		
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.		
Governmental capital assets	1,398,582,225	
Less accumulated depreciation	<u>(305,863,769)</u>	1,092,718,457
Certain charges related to the issuance of debt were expended in this year, but will be amortized over the life of the debt, and therefore are deferred in the government wide statement		2,005,308
Prepayment of Unfunded Police and Fire Pension Liability		49,127,742
Long-term liabilities, including bonds and notes payable, are not due and payable in the current period and, therefore, are not reported in the funds.		
Bonds and Notes payable	(316,355,000)	
Unearned revenue	(316,272)	
Accrued interest payable	(4,136,146)	
Compensated absences	(21,092,273)	
Unfunded pension liability and other post retirement benefits	<u>(33,469,109)</u>	(375,368,800)
Internal service funds are used by management to charge the costs of insurance to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets.		757,364
Internal Balances due to non-governmental activities funds related to items listed above		<u>(133,325)</u>
Net assets of governmental activities		<u><u>\$889,444,764</u></u>

The accompanying notes are an integral part of the financial statements.

The accompanying notes are an integral part of the financial statements.

**LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES  
GOVERNMENTAL FUNDS  
For the Year Ended June 30, 2010**

Net change in fund balances - total governmental funds		\$26,908,273
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives.		
Expenditure for capital assets	63,238,605	
Less current year depreciation	<u>(45,023,533)</u>	18,215,072
The net effect of various miscellaneous transactions involving capital assets (i.e. Sales, trade-ins, and donations) is to decrease net assets.		(1,247,080)
Bond proceeds provide current financial resources for government funds, but issuing debt increases long-term liabilities in the statement of net assets. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets.		
Issuance of Debt	(119,515,000)	
Bond Issuance Costs	301,810	
Discount on Bonds	576,743	
Loss on Refunding	713,578	
Principal Payment to Refunded Bond Escrow Agent	6,195,000	
Principal Payments	<u>26,230,000</u>	(85,497,869)
Some expenses in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds		
Change in net pension asset	18,984,739	
Amortization of current year bond (discounts) premiums	(51,114)	
Change in unfunded pension liability and other post retirement benefits	145,629	
Change in unfunded other Post Retirement Benefit Liability	(10,316,356)	
Unearned revenue	(316,272)	
Change in accrued interest payable	(1,640,449)	
Change in compensated absences	<u>1,950,242</u>	8,756,419
Internal service funds are used by management to charge self-insurance to individual funds. The net expense of the internal service funds is reported with governmental funds.		<u>375,037</u>
Change in net assets of governmental activities		<u><u>(\$32,490,148)</u></u>

The accompanying notes are an integral part of the financial statements.

NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

---

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Lexington-Fayette Urban County Government (the Government) have been prepared in accordance with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for government accounting and financial reporting. In accordance with GASB Statement No. 20, all applicable GASB pronouncements as well as Statements and Interpretations of the Financial Accounting Standards Board, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee on Accounting Procedure issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements, have been selected in accounting for proprietary funds. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards, which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units. The more significant of these accounting policies are described below and, where appropriate, subsequent pronouncements will be referenced.

**A. Reporting Entity** - The Lexington-Fayette Urban County Government is a merged city-county government governed by an elected mayor and a fifteen-member council. The accompanying financial statements present the Government and its component units (traditionally separate reporting entities), for which the Government is considered to be financially accountable. The Government (the primary government) is financially accountable if it appoints a voting majority of the organization's governing board and (1) is able to impose its will on the organization or (2) there is a potential for the organization to provide specific financial benefit to or impose specific financial burden on the Government. Additionally, the Government is required to consider other organizations for which the nature and significance of their relationship with the Government are such that exclusion would cause the Government's financial statements to be misleading or incomplete. The financial statements are formatted to allow the user to clearly distinguish between the primary government and its component units.

1. **Blended Component Units** - The agencies and organizations listed below are, in substance, the same as the Government, despite being legally separate from the Government. Therefore, they are reported as part of the primary government. They have a governing body that is substantially the same as the governing body of the Government; provide services entirely, or almost entirely, to the Government; or otherwise exclusively, or almost exclusively, benefit the Government even though they do not provide services directly to the Government.

**Governmental Fund Type**

The Fayette County Detention Center Corporation (DCC) is an instrumentality of the Government to provide for the financing and construction of detention facilities for the Government. The board consists of the Fayette County Attorney, the Mayor, the Commissioner of Finance, the Commissioner of Public Safety, and the Commissioner of Social Services of the Government, all in ex officio capacity.

The Public Library Corporation (PLC) is an instrumentality of the Government created solely for acquiring, constructing, equipping, and financing public projects to be used for public library purposes. The board consists of the Mayor, Vice Mayor, two members appointed by the Lexington Public Library, and one member appointed by the other four board members.

The Policemen's and Firefighters' Retirement Fund and the City Employees' Pension Fund are single employer defined benefit pension plans that cover eligible Government personnel. Members of both boards are comprised of officials, employees and retirees of the Government.

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

---

Proprietary Fund Type

The Public Facilities Corporation (PFC) was created to act as an agency and instrumentality of the Government in acquiring, developing and financing public improvements and public projects. The Mayor, Vice Mayor and Commissioner of Finance serve ex officio on the board.

The Public Parking Corporation (PPC) was created to act as an agency and instrumentality of the Government in the acquisition and financing of public parking projects. The Mayor, Vice Mayor and Commissioner of Finance serve ex officio on the board.

2. Discretely Presented Component Units - The agencies described below are included in the Government's reporting entity because the Government appoints the governing body and the agencies are fiscally dependent on the Government. All of these agencies are reported as discretely presented component units since the governing body is not substantively the same as the governing body of the Government, and they provide services to the citizens of Fayette County and the surrounding area as opposed to only the primary government. To emphasize that they are legally separate from the Government, they are reported in a separate column in the financial statements. Fund information for the component units, if applicable, may be found in their separately issued financial statements. Requests for separately issued financial statements should be directed to the attention of those respective entities.

Governmental Fund Type

The Lexington Public Library's (Library) primary mission is to maintain a free public library in Lexington-Fayette County. The Mayor appoints all seven members of the board with approval by the Urban County Council and they may be removed by the vote of the Urban County Council. The Government provides financial support in the form of annual appropriations based upon property tax collections.

The Lexington-Fayette Urban County Department of Health (Board of Health) has the general statutory responsibility of promoting and protecting the health of Fayette County residents. This entity provides critical services to the citizens of Fayette County on behalf of the Government. The Government appoints the nine members of the Board of Health. In accordance with Statement No. 14 issued by the Governmental Accounting Standards Board (GASB), the Health Department is considered part of the reporting entity of the Lexington-Fayette Urban County Government.

The Lexington Downtown Development Authority, Inc. (DDA) is a non-profit government corporation created in fiscal year 2002 to act as an agency of the Urban County Government in various economic development, redevelopment and physical improvement activities associated with downtown. The DDA is governed by a nine-member board that is appointed by the Mayor and approved by the Urban County Council. The Government provides in-kind and financial support to the DDA by providing accounting and payroll services and annual appropriations to help meet operating expenses.

Proprietary Fund Type

The Lexington Transit Authority (LexTran) was organized to provide unification and coordination of a mass transportation system for Fayette County. This entity provides critical services to the citizens of Fayette County on behalf of the Government. The business activities and affairs of LexTran are directed by an eight-member board appointed by the Government. In addition, the Lexington-Fayette Urban County Council approves the annual budget for LexTran.

The Lexington Convention and Visitors Commission (Visitors Bureau) was established by the Lexington-Fayette Urban County Government for the purpose of promoting recreational, convention and tourist activity in Fayette County. The Government may abolish the Visitors Bureau by repealing the ordinance that created it. All nine members of the Lexington Convention and Visitors Commission are appointed by the Mayor and may be removed by a majority vote of the Urban County Council. The Government has a statutory authority to provide funds for the

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

---

operation of the Visitors Bureau by imposing a transient room tax not exceeding four percent of qualified occupancy rental.

The Lexington Center Corporation (LCC) is a non-profit, non-stock corporate agency and instrumentality of the Government. The purpose of the LCC is to plan, finance, develop and operate a convention, trade show, performing arts and a sports facility. The thirteen-member board is appointed by the Mayor and approved by the Urban County Council. The Government has statutory authority to impose a transient room tax, not exceeding two percent of qualified occupancy rental to provide funds for payment of debt service. As discussed in Note 5 B, the Government entered into a Lease Agreement that provides for an annual rental to be paid by the Government if net revenues are not sufficient to pay all debt service costs.

The Lexington-Fayette Urban County Airport Board (Airport Board) is responsible for the operation, maintenance and planning of airport facilities designed to serve the general public of the Central Kentucky area. The ten board members are appointed by the Mayor and approved by the Urban County Council. The Government has entered into a Contract Lease and Option Agreement, discussed in Note 5 C, which requires an annual rental to be paid by the Government if net revenues are not sufficient to pay all debt service costs.

Parking Authority of Lexington was established to centralize all public parking functions into one entity, to improve parking operations and ultimately to improve the availability of parking in downtown Lexington. The parking authority has a five-member board of commissioners appointed by the Mayor. Parking Authority is financially dependent on the Lexington-Fayette Urban County Government for both Accounting and Administrative Services.

Parking Authority of Lexington and the DDA are included in the comprehensive audit of the Government and do not issue separate financial statements. Parking Authority and the DDA each have one fund for financial reporting. Complete audited financial statements for the other component units may be obtained from the Commissioner of Finance of the Lexington-Fayette Urban County Government or from the respective agencies.

**B. Related Organization** - The Lexington-Fayette Urban County Housing Authority (Housing Authority) was created in order to develop and operate decent, safe and sanitary housing for low income, elderly and disabled residents. The appointment of the governing board by the Mayor and the scope of public service are not considered an adequate demonstration of oversight and control. The Government has no responsibility for their budget, debt, financing deficits or fiscal management. Additionally, the Government does not influence their operations in any respect. Therefore, the Housing Authority is not considered to be a component unit of the Government.

Explorium of Lexington was established to provide a unique educational opportunity for Fayette County and Central Kentucky children. The Government has no responsibility for their budget, debt, financing, deficits or fiscal management. Additionally, the Government does not influence their operations in any respect. Therefore, the Explorium is not considered to be a component unit of the Government.

**C. Jointly Governed Organizations** - The Lexington-Fayette Urban County Government has some level of representation in the following organizations. Since the Government does not retain an ongoing financial interest or an ongoing financial responsibility for these organizations, these are not joint ventures and are not presented in the financial statements.

The Bluegrass Regional Recycling Center (BRRC) is a non-profit Kentucky corporation whose purpose is to reduce the volume of solid waste being placed in landfills and engage in activities that promote recycling. Pursuant to an Interlocal Agreement, the BRRC is operated by the Government and fourteen counties. The Government has no legal interest in or access to the resources of the BRRC nor does it have any legal responsibility for the deficits or debts of, or financial support to, the BRRC.

The Valley View Ferry Authority is a legally separate entity that operates and maintains the Ferry on the Kentucky River at Valley View. The board consists of seven members, two appointed by the Lexington-Fayette Urban County Government, three appointed by the Madison County Fiscal Court and two appointed by the Jessamine County

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

---

Fiscal Court. The Government is not legally responsible for the Valley View Ferry Authority's finances. The Government contributed \$10,791 to support the Ferry's operations in fiscal year 2010.

**D. Basic Financial Statements**

Government-wide and Fund Financial Statements

The basic financial statements include both government-wide and fund financial statements. The reporting model focus is either on the Government as a whole or as major individual funds. The government-wide financial statements report information on all of the nonfiduciary activities of the Government and its component units. Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. Governmental activities normally are supported by taxes and intergovernmental revenues. Business-type activities rely to a significant extent on fees and charges for support. In the government-wide Statement of Net Assets, both the governmental and business-type activities are presented on a consolidated basis by column.

The government-wide Statement of Activities demonstrates the degree to which the direct expenses of a function (Public Works, Police, Fire and Emergency Services, Parks and Recreation, etc.) are offset by program revenues. Direct expenses (including depreciation) are those that are clearly identifiable with a specific function. Program revenues are directly associated with the function and include charges for services and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Operating grants include operating-specific and discretionary (either operating or capital) grants while capital grants are capital-specific. Occupational license fees applied to gross wages and net profits, other license fees and permits, taxes, interest income and other revenues not included in program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though fiduciary funds are excluded from the government-wide financial statements. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements. Non-major funds (by category) are summarized into a single column.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary financial statements. With this measurement focus, all assets and all liabilities, including long-term assets as well as long-term debt and obligations, are included in the Statement of Net Assets. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Agency funds, presented in the Fiduciary fund financial statements, apply the accrual basis of accounting but do not have a measurement focus. Revenues are recognized when they are both measurable and available. "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Revenues susceptible to accrual are intergovernmental revenues, investment earnings, emergency medical services (EMS), insurance revenues and license fees. Major revenue sources not susceptible to accrual include charges for services (other than EMS), fines and forfeits and miscellaneous revenues. Such revenues are recorded as revenues when received because they are generally not measurable or available until actually received. Intergovernmental revenues received for specific purposes or projects are recognized when the applicable eligibility requirements are met. Revenues received before the eligibility requirements are met are reported as unearned revenue. Expenditures are recorded when the liability is incurred except: (1) principal and interest on long-term debt is recorded when due and (2) compensated absences are accounted for as expenditures of the period used.

Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide statements' governmental column, a reconciliation is presented on the page following each

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

---

statement which briefly explains the adjustments necessary to transform the fund based financial statements into the governmental column of the government-wide presentation.

Internal service funds provide services primarily to other funds of the Government and are presented in summary form as part of the proprietary fund statements. Since the principal users of the internal services are the Government's governmental activities, the internal service funds' financial statements are consolidated into the governmental column in the government-wide statements. To the extent possible, the costs of these services are reflected in the appropriate functional activity. The internal service funds also provide services to the proprietary funds. Therefore, a portion of the net assets of the internal service funds is allocated to business-type activities and is reported as an adjustment on the Statement of Net Assets of the proprietary funds.

The Government's fiduciary funds are presented in the fund financial statements by type (pension and agency). Since these assets are being held for the benefit of a third party (private parties, pension participants, etc.) and cannot be used for activities or obligations of the Government, these funds are not incorporated into the government-wide statements.

**E. Basis of Presentation**

The financial statements of the Government are recorded in individual funds. Each fund is accounted for by providing a separate set of self-balancing accounts that is comprised of its assets, liabilities, reserves, fund equity, revenues and expenditures, or expenses, as appropriate. The various funds are reported by generic classification within the financial statements.

In accordance with GASB Statement No. 34, major funds are determined by the percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined. Any other governmental or enterprise funds that the Government believes is particularly important to financial statement users may also be reported as major. The non-major funds are combined in a column in the fund financial statements and detailed in the combining section.

The focus of governmental fund measurement (in the fund financial statements) is on the determination of financial position and changes in financial position (sources, uses and balances of financial resources) rather than on net income. The balance sheets generally contain only current assets and liabilities. The reported fund balance (net current assets) is a measure of "available spendable resources". The Government reports the following major governmental funds:

The General Fund is the primary operating unit of the Government and accounts for the revenues and expenditures not specifically provided for in other funds. Most of the essential governmental services such as police and fire protection, community services and general administration are reported in this fund.

The Urban Services Fund accounts for the taxes that are assessed on property within designated areas, or taxing districts, based on the type of services available to property owners. These services include solid waste collection, streetlights and street cleaning. Property taxes raised from the urban services taxing districts can only be used to finance these services.

The Federal and State Grants Fund accounts for the receipts of intergovernmental funds that are restricted for operational and capital use of a particular function.

The 2010 Bond Projects accounts for the capital related projects approved by council during fiscal year 2010. General obligation bond 2010A was issued during fiscal year 2010 to finance these projects.

The focus of proprietary fund measurement is upon the determination of operating income, changes in net assets, financial position and cash flows, which is similar to businesses. All assets and all liabilities associated with the

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

---

operation of these funds are included on the balance sheet. The Government reports the following major proprietary funds:

The Sanitary Sewer System Fund accounts for the construction activities, operation and maintenance and the payment of principal and interest for the bond issues of the Government's sanitary sewer system. (See further description on page 77.)

The Public Facilities Corporation Fund accounts for the acquisition, construction and operation of government-owned facilities. (See further description on page 78.)

The Public Parking Corporation Fund accounts for the construction and operation of government-owned parking facilities. (See further description on page 78.)

The Landfill Fund accounts for the operations and closure and postclosure care costs of the Government's landfill.

Additionally, the Government reports the following fund types:

Internal Service Funds account for the Government's insurance programs for employee health, dental and vision care insurance benefits and for workers' compensation, vehicle liability and physical damage, general liability and property damage coverage.

Pension Trust Funds account for the revenues received, expenses incurred and the net assets available for retirement benefits of the Policemen's and Firefighters' Retirement Fund and the City Employees' Pension Fund.

Agency Funds account for assets held by the Government for others in an agency capacity. These are funds collected from juvenile and adult offenders and disbursed to victims in accordance with court decrees, funds collected from and disbursed for inmates who are on work release, funds collected from special assessments for payment of debt service for neighborhood capital projects and funds collected from noncustodial parents for child support and disbursed to the custodial parents.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the Government's sewer, landfill and public facilities and parking functions and various other functions of the Government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services or privileges provided, (2) operating grants and contributions and (3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include occupational license fees on wages and net profits, taxes and interest income.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Government's enterprise and internal service funds are charges to customers for services. Operating expenses for enterprise and internal service funds include the cost of services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

#### **F. Budgetary Control and Encumbrances**

Budget Policy - The Urban County Council annually approves the budget ordinance for all operating funds of the Government, which includes governmental, proprietary, fiduciary, and agency funds. Federal and State Grant funds and capital projects funds adopt project-length budgets. Additional special revenue funds which are not budgeted include the debt service fund, the Industrial Revenue Bond Fund, Police Confiscated Funds and the Public Safety

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

---

Fund. Budgets are adopted on a basis consistent with generally accepted accounting principles except that budgetary basis expenditures include purchase orders and contracts (encumbrances). Budgetary control is maintained at the division level, e.g. Division of Police, Division of Parks and Recreation, etc. The Mayor may authorize transfers within a division; however, the Urban County Council must approve by ordinance any other amendments to the budget. All budgeted amounts presented in the financial statements reflect the original budget and the amended budget (which have been adjusted for legally authorized revisions of the annual budgets during the year). Appropriations lapse at year-end; however, uncompleted capital projects may be re-appropriated at the beginning of each fiscal year. The Council made several supplemental budgetary appropriations throughout fiscal year 2010. The net effect of these supplemental appropriations was an increase of \$40,941,410 in the General Fund and a decrease of \$282,505 in the Urban Services Fund, which included re-appropriations of encumbrances from prior years, increased funding to the Police and Fire Pension Plan and the funding of current year internal service fund deficits.

Encumbrances - Encumbrance accounting is utilized during the year to facilitate effective budgetary control. Encumbrances are treated as budgeted expenditures in the year of incurrence of the commitment to purchase. Budgetary comparisons presented in this report are on this budgetary basis of accounting. Adjustments necessary to convert from the budgetary basis to GAAP are provided on the face of the budgetary comparison statements.

In governmental funds, encumbrances outstanding at year-end are reported on the GAAP basis as "reserved for encumbrances" in the fund equity section of the appropriate fund balance sheet as they do not constitute expenditures or liabilities. Encumbrances are not recorded in the financial statements for proprietary fund types and Pension Trust Funds. However, the purchase orders outstanding at June 30, 2010 for these funds are as follows:

Sanitary Sewer System	\$435,710
Public Facilities Corporation	38,889
Public Parking Corporation	54,346
Landfill	196,614
Enhanced 911	41,719

**G. Assets, Liabilities and Fund Equity**

Cash and Investments - Management has adopted written policies and procedures for cash and investment management. Cash and cash equivalents include cash on hand, demand deposits and cash with fiscal agents. Cash balances of most Government funds are pooled and invested. Interest earned from investments purchased with pooled cash is allocated to each of the funds based on the fund's average monthly cash balance, except as required by ordinance for various restricted reserves. Funds that incur a negative balance in pooled cash and investments during the year are not allocated interest. The Government has adopted GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools. This statement requires that investments in interest-earning investment contracts, external investment pools, open-end mutual funds and debt and equity securities be reported at fair value. Investments in the Pension Trust Funds and investments with a maturity of more than one year at the time of purchase are stated at fair value. Fair value for securities traded on a national exchange is determined by the last reported sales price. All other investments are stated at cost.

Receivables - Receivables are amounts due representing revenues earned or accrued in the current period. Allowances for uncollectible loans in the Federal and State Grants have been established at 100% because of the nature of the individual projects and terms of the loans. Accounts receivable from other governments include amounts due from grantors for grants for specific programs and capital projects. The majority of other receivables in the General Fund are for taxpayer-assessed revenues that are collected 30 days after year end. Franchise fee revenues are recognized if collected within 60 days of year end.

Property taxes for fiscal year 2010 were levied on September 3, 2009 on the assessed valuation of property located in Fayette County as of the preceding January 1, the lien date. The due date and collection periods for all taxes exclusive of vehicle taxes are as follows:

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

---

<u>Description</u>	<u>Per KRS 134.020</u>
Due date for payment of taxes	Upon receipt
2% discount period	By November 1
Face value amount payment dates	November 2 to December 31
Delinquent date, 5% penalty	January 1 to January 31
10% penalty plus 10% add on fee date	April 15 <sup>th</sup>

Per Kentucky statute, the county sheriffs are responsible for collection of property taxes. Vehicle taxes, collected by the County Clerk of Fayette County, are due and collected in the birth month of the vehicle's licensee. During the year, property tax revenues are recognized when cash is received. At year-end, a receivable is recorded for delinquent property taxes but revenues are only recognized for taxes collected within 60 days of the close of the fiscal year.

Allowance for Uncollectable Amounts – An allowance for Uncollectable Amounts relates to the projected uncollectable balance of the revenues earned or accrued that have been included in Accounts Receivable at year end. An Allowance is taken on Receivable balances based on historically bad debt experience related to the nature of each receivable balance.

Interfund Receivables - During the course of its operations, the Government has numerous transactions between funds to finance operations, provide services, construct assets and service debt. To the extent that certain transactions between funds had not been paid or received as of June 30, 2010, balances of interfund amounts receivable or payable have been recorded as “internal balances”. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances”.

Inventories - Fuel and vehicle parts inventories are stated at average cost. Other inventories are valued using the first-in, first-out method. The costs of inventory items are recognized as expenditures or expenses when used.

Restricted Assets - Certain proceeds of revenue bonds, as well as certain resources set aside for their payment, are classified as restricted assets on the balance sheet since their use is limited by applicable bond indentures. The Construction and Capital Acquisitions account is used to report proceeds of general obligation and revenue bonds and notes that are restricted for use in construction and capital acquisitions. The Maintenance and Operations account is the resources set aside to operate, maintain and insure the Sanitary Sewer System for three full months. The Depreciation account is the resources set aside to provide reasonable reserves for renewals, replacements, improvements, extensions, extraordinary major repairs and contingencies in the operation of the Sanitary Sewer System. The Debt Service account is used to report resources set aside to prevent a default in payment of principal or interest on the bonds. The Sinking Fund account is the resources accumulated for debt service payments over the next twelve months.

Capital Assets – Capital assets, which include property, plant, equipment and infrastructure (e.g. roads, bridges, traffic signals and similar items) and intangible assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Expenditures for items having a useful life greater than one year and having a cost greater than \$5,000 for equipment and \$25,000 for land, buildings and related improvements are capitalized. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value and recorded as donations at the date received. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Construction in progress represents construction projects for capital assets that have not yet been placed in service. Property, plant, and equipment of the Government are depreciated using the straight-line method over the following estimated useful lives:

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

---

Buildings and improvements	10-50 years
Land improvements	10-50 years
Public domain infrastructure	10-50 years
Sanitary Sewer System infrastructure	50 years
Vehicles and equipment	5-25 years
Office equipment	5 years
Computer equipment	5-7 years
Intangibles	3-5 years

Compensated Absences - Compensated absences include accumulated unpaid vacation, sick and holiday leave. Government employees are granted vacation and sick leave in varying amounts in accordance with administrative policy. In the event of termination, an employee is reimbursed for accumulated holiday and vacation days. Employees receive annual compensation for accumulated unused sick leave in excess of 600 hours (or 840 hours for firefighters). Employees are reimbursed for all accumulated unused sick leave upon retirement. All accumulated leave pay is accrued when incurred in the government-wide and proprietary fund financial statements. In governmental funds, compensated absences are not payable with available and spendable resources, and, therefore, are only recorded when they have matured, for example, as a result of employee resignations and retirements.

Long-Term Obligations – In the government-wide and proprietary fund financial statements, long-term debt and obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund Statement of Net Assets. The discounts, premiums and issuance costs related to bonds and notes issued are deferred and amortized over the life of the bond or note using the straight-line method. Bonds and notes payable are reported net of the applicable bond premium or discount. Issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums on debt issuances are reported as other financing sources while discounts are reported as other financing uses. Issuance costs are reported as debt service expenditures.

Extraordinary losses, the difference between the re-acquisition price (new debt) and the net carrying value of the old debt on refunded debt of the proprietary funds, are amortized as a component of interest expense over the life of the old or new bonds, whichever is shorter, using the straight-line method. The deferred amount is offset against the new liability.

Long-term liabilities include the following:

- Principal outstanding on general obligation bonds, general obligation notes and revenue bonds.
- Unfunded Post-Retirement Health Benefits is the Net Retirement Health Benefit Obligation for the Policemen's and Firefighters' Retirement Fund and the City Employees' Pension Fund.
- Landfill closure and postclosure care liability is the estimated total current cost to place a final cover on the Government's landfill sites and to perform certain maintenance and monitoring functions for thirty years after closure.

Fund Equity – In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally segregated by outside parties for a specific future use. Designated fund balances represent tentative plans for future use of financial resources and include \$3,077,791 for the twenty-seventh payroll and \$14,470,569 for economic contingencies.

In proprietary funds, reserves are used to indicate the portion of net assets that are restricted for meeting various covenants as may be specified and defined in the revenue bond indentures.

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

---

**H. Revenues, Expenditures and Expenses**

Substantially all governmental fund revenues are accrued. Property taxes are billed and collected within the same fiscal year in which the taxes are levied. Emergency medical service fees are billed and collected by Software Development, Inc. (SDI) as an agent for the Government. Cash collected by SDI is remitted daily to the Government. The Government records all revenues (net of an allowance for doubtful accounts) billed through the end of the fiscal year by SDI.

The majority of the sanitary sewer user fees and the landfill user fees are billed and collected by the Kentucky American Water Company (KAWC) as an agent for the Government. Cash collected by the KAWC is remitted to the Government daily. All revenues (net of an allowance for doubtful accounts) billed by KAWC are recorded by the Government.

Expenditures are recognized when the related fund liability is incurred except for the following permitted by generally accepted accounting principles:

General obligation long-term debt principal and interest are reported when due.

Inventory costs are reported in the period when inventory items are consumed, rather than when purchased.

Compensated absences are recorded when payable rather than when earned.

Interfund transactions that would be treated as revenues or expenditures/expenses if they involved organizations external to the Government are similarly treated when involving funds of the Government. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the reimbursed fund. Transfers from funds receiving revenues to funds through which the resources are to be expended and operating subsidies are classified as transfers. Transfers between governmental and proprietary funds are netted as part of the reconciliation to the government-wide columnar presentation.

**NOTE 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

**A. Compliance with Finance Related Legal and Contractual Provisions**

The Government has no material violations of finance related legal and contractual provisions.

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

---

**B. Excess of Expenditures over Appropriations** - The following divisions, in funds that have budgets adopted annually, had excess expenditures over appropriations for the fiscal year ended June 30, 2010:

	<u>Excess Expenditures</u>
<b>General Fund:</b>	
Central Purchasing	23,219
Circuit Judges	7,923
Indirect Cost Allocation	1,316,733
Code Enforcement	18,042
Building Inspection	24,510
Engineering	1,434,627
Historic Preservation	4,831
Purchase of Development Rights	845,508
<b>Urban Services Fund:</b>	
Government Communications	4,892
Risk Management	3,056

Excess expenditures over appropriations were funded by available fund balances.

**C. Fund Deficits**

Capital Projects Funds – The Storm Water Bond Project, Purchase of Development Rights Fund, and 2007 Bond Project had a deficit fund balance of \$16,373, \$318,395 and \$2,492,736 respectfully. The deficit is a result of incurring costs before the collection of fees and the issuance of bonds that will fund this project.

Special Revenue Funds – The Public Safety Fund had a deficit fund balance of \$4,133. The deficit is a result of incurring costs before the collection of fees.

**D. Prior Period Adjustment**

The beginning net asset balance for governmental activities as of July 1, 2009 was decreased by approximately \$12,700,000 due to adjustments to correct errors in reporting Compensated Absences and Other Post Employment Benefits.

Compensated Absence liabilities were adjusted \$5,000,000 for a prior period adjustment related to a report that had truncation errors. These errors trace back to 2009, 2008 and prior. This adjustment will be reflected in the Government Statement of Activities as a non-current liability. The PeopleSoft Payroll implementation in November 2009 has resolved this issue.

In 2010, the Government determined the Net OPEB Obligation as of June 30, 2009 was understated by approximately \$7.7 million. The correction of the error is recorded as a prior period adjustment and is reflected in the Government-wide statement of activities.

NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

---

**NOTE 3.      DETAIL NOTES ON ALL FUNDS**

**A.    Cash, Investments, and Securities Lending**

The Government's bank balances at June 30, 2010 are entirely insured or collateralized with a letter of credit or securities held by the Government's agent in the Government's name and/or FDIC insurance. In accordance with Kentucky Revised Statute (KRS) 66.480 and the Government's investment policy, the Government is allowed to invest in obligations of the U.S. Treasury and U.S. agencies and instrumentalities, repurchase agreements, bankers' acceptances, commercial paper, obligations of the Commonwealth of Kentucky and its agencies and instrumentalities, shares of mutual funds or interest bearing deposits of insured national or state banks. In addition, the Pension Trust Funds are allowed to invest in equity securities, corporate bonds and international stocks listed as

American Depository Receipts (ADR). Investments of the Government as of June 30, 2010 are summarized and categorized in the following table:

<u>Investment Maturities</u>					
<u>Investment Type</u>	<u>Fair Value</u>	<u>Less Than 1 Year</u>	<u>1 to 5</u>	<u>6 to 10</u>	<u>More Than 10</u>
Money Market Mutual Funds	\$126,034,591	\$126,033,445	\$1,146		
Certificates of Deposits	17,838,094	17,838,094			
US Government Obligations	3,100,000			3,100,000	-
Repurchase Agreements	5,683,746	5,683,746			
Total Investments	<u>\$152,656,431</u>	<u>\$149,555,285</u>	<u>\$1,146</u>	<u>\$3,100,000</u>	<u>-</u>

**Interest Rate Risk** – While the government has adopted an investment policy that recommends controlling interest rate risk through maturity diversification, the policy does not place any formal limits of investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

**Credit Risk** - To limit credit risk, the government has adopted an investment policy to limit investments held at one financial institution to no more than 35% of total investments, excluding money market mutual funds.

The Lexington Fayette Urban County Government's Pension Trust Funds are made up of the Policemen's and Firefighters' Retirement Fund (PFRF) and the City Employee's Pension Fund (CEPF). The disclosures below are separate as the pension funds have different investment policies and different objectives. The PFRF is an active growing fund, while the City Employee's Pension Fund has been closed since 1983.

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

Investments of the PFRF as of June 30, 2010 are summarized and categorized in the following table:

**Policemen's and Firefighters' Retirement Fund**

Investment Type	Fair Value	Investment Maturities (in years)			
		Less Than 1	1 to 5	6 to 10	More Than 10
Debt Securities					
US Agencies	\$38,459,194	\$1,049,060	\$9,747,836	\$5,746,345	\$21,915,952
US Government Obligations	16,994,387	772,058	710,010	4,809,573	10,702,746
Municipal Obligations	12,868,269	-	1,903,111	3,662,123	7,303,035
International Bonds	8,787,737	32,018	2,701,482	5,708,637	345,600
Corporate Debt	65,904,777	2,938,025	27,974,023	30,662,824	4,329,903
Repurchase Agreements	16,357,979	16,357,979	-	-	-
	<u>159,372,343</u>	<u>\$21,149,141</u>	<u>\$43,036,462</u>	<u>\$50,589,503</u>	<u>\$44,597,237</u>
Other Investments					
Equity Mutual Funds	68,145,593				
Equity Real Estate	28,370,149				
Equity Securities - Domestic	79,956,044				
Equity Securities - International	65,388,940				
	<u>\$401,233,069</u>				

The PFRF has contracted with external investment managers to manage all of the funds. The board has adopted an investment policy that recommends the following target allocations based on asset class:

Asset Class	Target Allocation
US Large Cap Value Equities	15.0%
US Large Cap Growth Equities	10.0%
US Small Cap Value Equities	15.0%
International Growth Equities	10.0%
International Value Equities	10.0%
Real Estate	10.0%
Total Equities	<u>70.0%</u>
US Broad Market Fixed Income	25.0%
US High Yield Fixed Income	<u>5.0%</u>
Total Fixed Income	<u>30.0%</u>
Total Plan	<u>100.0%</u>

Interest Rate Risk – The PFRF does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair market losses arising from increasing interest rates.

Credit Risk – The PFRF investment policy manages credit risk by the limitation of certain investments within the above asset classes. For US Equity asset classes up to 10% of each US Small Cap Value, 15% of US Large Cap

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

Growth, and 20% of US Large Cap Value portfolio's current market value may be invested in ADR's. The US Broad Market Fixed Income manager's debt securities must have a minimum quality rating of Baa/BBB or above, while the overall portfolio rating must be A+ or above. The US High Yield Fixed Income manager's portfolio may have, on average, no more than 20% of the portfolio in debt securities with a quality rating of CCC/Caa and below, while the overall portfolio rating should be B or above.

Debt Securities by Investment Type							
	US Agencies	US Government Obligations	Municipal Obligations	International Bonds	Corporate Debt	Total	%
Quality Ratings							
AAA	\$14,248,062	\$7,501,721	\$4,317,994	\$2,376,044	\$4,261,460	\$32,705,280	24%
AA	931,248	0	4,019,114	1,289,421	1,861,277	8,101,060	6%
A	0	0	1,457,703	627,493	12,000,175	14,085,371	10%
BBB	0	0	0	746,444	12,248,241	12,994,685	9%
BB	0	0	0	1,059,200	16,513,614	17,572,814	12%
B	0	0	0	2,159,938	15,382,701	17,542,639	12%
CCC	0	0	0	0	2,184,861	2,184,861	2%
CC	0	0	0	0	0	0	0%
D	0	0	0	0	0	0	0%
NR	23,279,885	9,492,666	3,073,460	529,197	1,452,449	37,827,656	25%
Fair Value	\$38,459,195	\$16,994,387	\$12,868,270	\$8,787,737	\$65,904,778	\$143,014,366	100%

Concentration of Credit Risk – The PFRF places a restriction on equity managers that at the time of purchase they may not invest in more than 5% of the outstanding securities of one issuer nor invest more than 5% of their portfolios' assets in the outstanding securities with one issuer. The US Broad Market Fixed Income manager may not invest more than 5% of the outstanding securities with one issuer nor invest more than 5% of the portfolio's assets in the outstanding securities of one issuer, except for Treasury and Agency securities. The US High Yield Fixed Income manager may not invest more than the greater of 1.5 times the index weight or 20% of the portfolio in any one industry. The US High Yield Fixed Income manager may not invest more than 5% of the Plan's assets in the outstanding securities of any one issuer.

Securities Lending - The PFRF has a securities lending agreement with J.P. Morgan, a national banking association (the "agent"). J.P. Morgan, also the custodian for the retirement fund, acts as an agent to lend securities held in the retirement fund portfolios.

Per the agreement, the retirement fund has authorized the lending of domestic bonds and securities in return for collateral. Collateral for loaned securities may be in the form of cash, securities issued or guaranteed by the United States Government or its agencies or irrevocable letters of credit. The broker/dealer collateralizes their borrowing to 102% of the security value, plus accrued interest. If the broker/dealer fails to return the security upon request, then the agent will utilize the collateral to replace the security loaned. The government does not have the ability to pledge or sell collateral securities without a borrower default.

Investment of the cash collateral may be in commercial paper that is rated in the highest category of at least two nationally recognized security agencies, short-term obligations of banks, short-term obligations of the United States Government or its agencies, repurchase agreements, funding agreements issued by insurance companies rated "A" or higher by A. M. Best & Company or money market mutual funds. The investments of the collateral do not generally match the maturities of the securities lending arrangements themselves; they are typically very short-term in nature and mostly invested in overnight repurchase agreements.

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

The agent agrees to indemnify the retirement fund for losses resulting directly or indirectly from the failure of the borrower to return the loaned securities in accordance with the terms of the loan agreement, limited to an indemnification amount equal to the difference between the market value of the loaned securities and the value of the collateral. There are no restrictions in the agreement that limit the amount of securities that can be lent at one time or to one borrower.

As of June 30, 2010, the securities loaned in the portfolio did not have credit risk, and the fair value of securities on loan is \$16,357,979.

Investments of the CEPF as of June 30, 2010 are summarized and categorized in the following table:

**City Employees Pension Fund**

<u>Investment Type</u>	<u>Fair Value</u>	<u>Investment Maturities (in years)</u>			
		<u>Less Than 1</u>	<u>1 to 5</u>	<u>6 to 10</u>	<u>More Than 10</u>
Debt Securities					
US Agencies	\$8,964,673	\$699	\$91,802	\$3,581,361	\$5,290,810
US Government Obligations	3,421,867	0	582,025	1,449,855	1,389,987
International Bonds	482,429	37,821	241,073	100,625	102,910
Corporate Debt	3,321,125	175,755	1,544,432	1,092,249	508,688
	<u>\$16,190,093</u>	<u>\$214,276</u>	<u>\$2,459,332</u>	<u>\$6,224,090</u>	<u>\$7,292,395</u>
Other Investments					
Equity Securities - Domestic	8,459,345				
Equity Securities - International	455,425				
	<u>25,104,863</u>				

The CEPF has contracted with external investment managers to manage all of the funds. The board has adopted an investment policy that recommends the following target allocations based on asset class:

<u>Asset Class</u>	<u>Target Allocation</u>
US Equities	40%
US Broad Market Fixed Income	60%
Total Plan	<u>100%</u>

**Interest Rate Risk** – The CEPF does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair market losses arising from increasing interest rates.

**Credit Risk** – The CEPF investment policy limits its equity manager to investments in ADR's to 10% of the equity portfolio's current market value. The fixed income manager's debt securities must have a minimum quality rating of Baa/BBB or above, while the overall fixed income portfolio rating must be A+ or above. No more than 10% of the equity portfolio can be of quality rating Baa/BBB.

\*The beginning balances have been restated as the Explorium was not considered as a component unit of the Government in fiscal year 2010.

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

---

Construction Commitments

The Government has active construction projects as of June 30, 2010. The projects include improvements to major roadways, government buildings, sanitary sewer and stormwater systems and parks improvements. At year end, the Government had the following commitments on construction contracts:

Project	Commitment
Buildings	\$4,182,623
Capital Repairs & Maintenance	393,762
Land Improvements	1,695,764
Sanitary Sewer Collection System	4,833,270
Sanitary Sewer Treatment System	3,837,202
Storm drainage	1,103,723
Street Resurfacing Maintenance	149,452
Streets & Roadways	13,539,690
Traffic Control and markings	30,086
	<u>\$29,765,572</u>

Intergovernmental revenues and local contributions provide funding for the major roadway improvements. The Urban Services Fund and intergovernmental revenues fund the renovations to government buildings. General obligation bonds finance the commitments for stormwater system improvements. Intergovernmental revenues and general obligation bonds fund the parks improvements.

**C. Interfund Receivables, Payables and Transfers**

The principal purpose of the Government's interfund transfers is indicative of funding for capital projects or subsidies of various Government operations and reallocation of special revenues. Due to our practice of cash management by concentrating the Government's funds interfund balances exist as of June 30, 2010. In addition,

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

Federal and State Grants revenues are based on reimbursable expenditures. The composition of interfund balances as of June 30, 2010, is as follows:

Fund Description	Due from (to) General Fund
Sanitary Sewer System	(\$2,825,674)
Public Facilities Corporation	(109,824)
Landfill	1,020,600
Other Enterprise Funds	(71,413)
Total due to Proprietary Funds	(1,986,311)
General Fund	
Urban Service	(28,843)
Federal and State Grants	(9,842,608)
2010 Bond Projects	(2,150,012)
Other Governmental Funds	8,612,900
Internal Service Funds	21,932,542
Total due from General Fund	16,537,668

Receivable Entity	Payable Entity	Amount
Primary government - General fund	Component unit - Lexington Transit Authority	\$305,239
Primary government - General fund	Component unit - Downtown Development	1,438
Primary government - General fund	Component unit - Parking Authority of Lexington	12,920
Total		\$319,597

Component unit - Lexington Center Corporation	Primary government - General fund	250,594
Total		\$250,594

**Interfund transfers:**

Transfers are indicative of funding for capital projects or subsidies of various Government operations and reallocation of special revenues. The following schedule briefly summarizes the Government's transfer activity:

	General	Urban Svc	Federal and State Grants	2010 Bonds	Non-Major Governmental	Total Governmental	Major Proprietary	Non-Major Proprietary	Total Proprietary
General	(\$571,052)			\$6,500	(\$2,937,980)	(\$3,502,532)	\$228,347	(\$1,914,620)	(\$1,686,273)

\*Prior period adjustment

Internal service funds predominately serve the governmental funds. Accordingly, long-term liabilities for them are included as part of the above totals for governmental activities. For the governmental activities, compensated absences are generally liquidated by the General Fund and the Urban Services Fund.

**General Description of the Government's Bonds and Notes Payable**

The Sanitary Sewer System (the System) issues revenue bonds to finance improvements and expansions of the sanitary sewer system operated by the Government. The Sanitary Sewer System has issued the following bonds:

1. \$25,150,000 of Revenue Bonds, Series A of 2001, to pay for the rehabilitation of gravity sewer pipe and appurtenances at various locations throughout the Urban Services area.
2. \$16,860,000 of Refunding Bonds, Series B of 2001 to reduce interest rates on debt by refunding the \$17,340,000 total principal remaining on the 1992 bonds. The refunded bonds were issued to provide funds for expansion of the West Hickman Creek wastewater treatment plant and to finance the installation of the Lower Cane Run system.
3. \$35,960,000 of Sewer System Revenue Bonds, Series A of 2009 (Taxable Build America Bonds) to be utilized along with other available funds of financing for the construction of major additions, betterment and extensions to the sanitary sewer system.
4. \$13,860,000 of Sewer System Refunding Revenue Bonds, Series A of 2010 to which proceeds will be applied to the advance refunding defeasance and legal discharge of the outstanding Series 2010A Bonds maturing on July 2014 through July 2021.

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

---

The bond ordinances provide that the gross income and revenues of the Sanitary Sewer System be deposited into the Revenue and Operations Account. Monies in the Revenue and Operations Account are to be disbursed as follows:

- Each month to the Sinking Fund, 1/6 of the next interest payment and 1/12 of the next principal payment and, if necessary, 1/24th of the required Debt Service Reserve which is 125% of the average annual debt service on the 2001 Series A and B Bonds, 2009 Series A, and 2010 Series A and any parity bonds until the Debt Service Reserve equals the requirement.
- Pay, as they accrue, the proper and necessary costs of operating, maintaining and insuring the System as set out in the "Current Expenses" contained in the annual budget and to accumulate and maintain an amount sufficient to pay said costs for three months.
- Each month to the Depreciation Fund, 1/24th of the required Depreciation Reserve (defined as 5% of the outstanding bonds or such larger amount as required by an Independent Consulting Engineer) until the required Depreciation Reserve has been accumulated.
- To the Capital Projects Fund any surpluses after the Sinking Fund, Debt Service Reserve and Depreciation Fund are fully funded and the Revenue and Operations Account contains an amount sufficient to operate, maintain and insure the System for three full months.

The bond ordinances also outline parity provisions for the issuance of additional bonds for the acquisition or construction of sewer system facilities. The "net income and revenues" of the System, as defined in the bond ordinance, must provide coverage of 125% of Maximum Annual Debt Service. The bonds are insured by Municipal Bond Insurance Association; and supplemental issues, if insured, must also be approved by the insurer.

The Public Facilities Corporation (PFC) was created by the Government to act as the agency and instrumentality of the Government in acquiring, developing and financing public improvements and public projects. The PFC financed various projects through bank and mortgage notes and the issuance of revenue bonds. The debt is collateralized by the properties, a pledge of specified Government revenues and lease payments from the Government sufficient to retire the debt and to provide for the operation and maintenance of the facilities.

The Government entered into various contracts, leases and option agreements with the PFC. These agreements provide that the PFC receives title to the properties mortgaged as security for the revenue bond issues, the proceeds of which have been used to finance the acquisition, construction and improvements to the properties. Upon payment of the outstanding bonds, title to the properties may be conveyed to the Government. The lease agreements are renewable annually, and the likelihood of the leases not being renewed is remote.

The Public Facilities Corporation issued the \$66,725,000 Mortgage Revenue Refunding Bonds, Series 2006, to refund the \$62,825,000 total principal remaining on the Series 1998 bonds. The refunded bonds were issued to finance a court facility that includes a Circuit Court Building, a District Court Building and an adjoining parking garage. The Government entered into a sublease with the Administrative Office of the Court (AOC) of the Commonwealth of Kentucky which provides for lease payments based on the percentage of space occupied by AOC functions in the courthouses and the AOC share of costs of the parking garage. The resulting AOC sublease payments will account for approximately 89% of the debt service payments; the remaining debt service payments will be paid by the Government.

The Public Parking Corporation (PPC) was created to act as an agency and instrumentality of the Government in the acquisition and financing of public parking projects. Debt issued by the PPC is collateralized by the properties and lease payments from the Government. The Government leases the properties from the PPC for amounts sufficient to pay the bond principal and interest maturities and to operate, insure and maintain the properties. Upon payment of the outstanding bonds, title to the properties will be conveyed to the Government. The lease agreements are renewable annually, and the likelihood of the leases not being renewed is remote.

---

General Obligation Bonds and Notes - The Government issues general obligation bonds and notes to provide funds for the acquisition and construction of capital assets used by governmental activities. The Government has issued the following general obligation bonds and notes:

1. \$10,675,000, Series 2000D, to finance the construction of various storm water improvements.
2. \$7,635,000, Series 2001B, to finance the Purchase of Development Rights Program (PDR), a program to purchase conservation easements in Fayette County. This program is one component of an overall rural land use plan to preserve and manage the unique agricultural, rural and natural lands of Fayette County. The PDR program purchases and/or accepts donations of conservation easements from rural property owners in exchange for removal of future development rights from rural land.
3. \$2,330,000, Series 2002B, to finance the acquisition, installation, and renovation of the Government Center, including replacement of the elevators and the HVAC system.
4. \$4,570,000, Series 2002C, to finance the construction of various stormwater improvements and two lanes of a four-lane boulevard.
5. \$19,185,000, Refunding Series 2003A, to refund the \$18,760,000 principal outstanding on the PFC 1993 Refunding Bonds.
6. \$2,350,000, Series 2004B, to finance the purchase of fire trucks and a public safety radio system.
7. \$9,640,000, Series 2004C, to finance the costs associated with the acquisition, construction, and equipping of a day treatment facility; the acquisition, renovation and equipping of a multi-use facility; and the acquisition of rights of way and construction of road improvements.
12. \$2,830,000, Series 2005B, to finance the acquisition and installation of certain fire equipment including fire engines, EMS units, fire aerial units and other equipment.
13. \$4,490,000, Series 2005C, to finance the costs of the Purchase of Development Rights Program, renovating and upgrading space in two government office buildings, and making structural repairs to two parking garages owned and operated by the Government.
14. \$14,390,000, Series 2006A, to finance acquisition of certain equipment and vehicles, acquiring an integrated financial and human resources information system and various park improvements.
15. \$10,310,000, Series 2006B, to finance stormwater improvements, neighborhood redevelopment projects, Bluegrass Aspendale Parkway, Veterans Park fire station and police cars.
16. \$2,055,000, Series 2006C, to finance the costs of the Purchase of Development Rights Program.
17. \$56,850,000, Refunding Series 2006D, to refund the Public Facilities Corporation Series 1995 bonds for \$2,500,000 in principal amount and to partially refund the 1999 General Obligation Bonds, Series 1999A, aggregating \$52,885,000 in principal. The refunding resulted in annual debt service savings of approximately \$139,000 per year.
18. \$13,520,000, Series 2008A, to finance acquisition of certain equipment and vehicles in addition to various parks projects.
19. \$24,830,000, Series 2009A, to finance the cost of the Purchase of Development Rights Program, Street Resurfacing, Bluegrass Aspendale improvements and other various construction projects.

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

---

20. \$70,610,000 Series 2009B Taxable General Obligation Pension Funding Bonds to finance additional contribution to the Policemen's and Firefighters' Retirement Plan
21. \$8,000,000 Bond Anticipation Note Series 2009C for the State of the Kentucky Eastern State Hospital project.
22. \$69,320,000, Series 2010A (Build America Bonds) Taxable General Obligation Public Project Bonds, to finance various projects for departments within LFUCG, including acquisition of equipment, infrastructure projects and purchase of development rights.
23. \$7,735,000, Series 2010B General Obligation Refunding Bonds, for refunding the Series 1999B and 2000A General Obligation Bonds.
24. \$6,635,000, Series 2010C General Obligation Refunding Bonds, for refunding the Series 2000E General Obligation Bonds.
25. \$35,825,000, Series 2010D Taxable General Obligation Pension Funding Bonds, to finance additional contribution to the Policemen's and Firefighters' Retirement Plan.

General Obligation Lease Agreement – In FY 2002 the Government entered into a general obligation lease agreement as lessee with the Kentucky League of Cities Funding Trust for the financing of the Webasto Roof Systems, Inc. economic development project. The principal amount of the lease is \$360,000 and is amortized over ten years.

Landfill Closure and Postclosure Care Cost - State and federal laws and regulations require the Government to place final covers on its landfills and to perform certain maintenance and monitoring functions at the Haley Pike landfill for thirty years. Since the operations of the Government's landfill is accounted for in an Enterprise Fund, the accrued liability for these costs are reported in the Landfill Fund as required by GASB 18, Accounting for Municipal Solid Waste Landfill Closure and Postclosure Care Costs. The \$18,256,560 liability reported at June 30, 2010 is based on the use of 98.9% of the estimated capacity of the Haley Pike landfill and 100% of the Old Frankfort Pike landfill. The Government will recognize this cost as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and postclosure care in 2010. Actual cost may be higher due to inflation, changes in technology, or changes in regulations.

**E. Net Assets**

The government-wide and business type fund financial statements utilize a net asset presentation. Net assets are categorized as investment in capital assets (net of related debt), restricted, and unrestricted. Investment in Capital Assets (net of related debt) is intended to reflect the portion of net assets which are associated with non-liquid, capital assets less outstanding capital asset related debt. The net related debt is the debt less the unspent proceeds and any associated unamortized cost.

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

The following schedule demonstrates how the investment in capital assets is calculated:

Issue	Amount Outstanding	Reserve	Unamortized Balances	Unspent Proceeds	Net Related Debt
<b>Capital Assets - Governmental</b>					
2000 KLC	\$100,000		\$1,449		\$98,551
2000D Storm Water Projects	1,305,000				1,305,000
2001B Purchase of Development Rights	5,255,000		84,839		5,170,161
2002B HVAC Government Center	530,000		4,931		525,069
2002C EAMP/Storm Water Projects	2,545,000		44,525		2,500,475

2008A 2007 & 2008 Short Term pjts	10,430,000		(69,400)	\$1,788,203	8,711,198
2009A 2007 & 2008 Long Term Pjts	23,465,000		(328,128)	3,747,733	20,045,395
2010A CIP Projects	69,320,000		374,843	26,302,315	42,642,842
2010B Refunding 1999B and 2000A	7,734,999		297,548	20,636	7,416,814
2010C Refunding of 2000E	6,575,000		539,672	19,725	6,015,603
Total Governmental	<u>\$204,749,999</u>	<u>\$0</u>	<u>\$1,091,875</u>	<u>\$31,878,612</u>	<u>\$171,779,512</u>
Net Capital Assets					<u>1,092,718,457</u>
Invested in Capital Assets, net of related debt					<u>\$920,938,945</u>
<b>Capital Assets - Proprietary</b>					
2001A Sanitary Sewers	\$5,760,000	\$708,224	\$60,565	\$1,650,518	\$3,340,693
2001B Sanitary Sewers	8,985,000	1,104,757	58,464		7,821,779
2009A Sanitary Sewers	35,960,000	4,421,486	392,013	3,625,261	27,521,240
2010A Refunding	13,860,000	1,704,166	838,257		11,317,577
2006 Public Facilities	63,890,000		4,426,774		59,463,226
	<u>\$128,455,000</u>	<u>\$7,938,632</u>	<u>\$5,776,073</u>	<u>\$5,275,779</u>	<u>109,464,516</u>
Net Capital Assets					<u>349,130,979</u>
Invested in Capital Assets, net of related debt					<u>\$239,666,463</u>

Restricted Assets are liquid assets that have third-party (statutory, bond covenant, or granting agency) limitations on their use. The Government uses the Construction and Capital Acquisitions assets for their intended purpose before using unrestricted assets. The other restricted assets are required to be maintained until the related bonds mature.

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

---

The balances of the restricted asset's accounts in the governmental funds are as follows:

Various Purpose general obligation notes account	\$28,469,744
Eastern State Project notes account	7,952,225
Equipment general obligation notes account	4,011,627
Total restricted assets	<u><u>\$40,433,596</u></u>

The balances of the restricted asset's accounts in the enterprise funds are as follows:

Sanitary sewer system maintenance and operations account	\$5,851,543
Sanitary sewer revenue bond sinking fund account	4,752,488
Sanitary sewer revenue bonds construction account	5,275,778
Sanitary sewer depreciation account	3,430,396
Sanitary sewer debt service reserve account	8,612,474
Total restricted assets	<u><u>\$27,922,678</u></u>

Unrestricted Assets represent unrestricted liquid assets. While Government management may have categorized and segmented portions for various purposes, the Urban County Council has the unrestricted authority to revisit or alter these management decisions.

**NOTE 4. SELF-INSURANCE PROGRAM**

**A. Health, Dental, and Vision Care** - The Government offers health, dental, and vision care insurance options to employees of the Government. The self insured medical & pharmacy health plan is provided by Humana and CVS Caremark. The fully insured dental and vision plans are provided by Delta Dental and Eye Med respectively. Third party administrators are responsible for the processing of claims and cost containment. Premiums are paid through payroll deductions and may be funded fully or partially by the Benefit Pool provided by the Government. The Health, Dental, and Vision Care Insurance Fund accounts for these activities and is reported in an internal service fund. Changes in the balances of claims liabilities during the past two years are as follows:

Claims and changes in estimates - FY 2009	\$31,113,507
Claims paid FY 2009	(31,113,507)
Surplus at June 30, 2009	<u><u>\$0</u></u>
 Claims and changes in estimates - FY 2010	 \$32,574,990
Claims paid FY 2010	(32,574,990)
Surplus at June 30, 2010	<u><u>\$0</u></u>

**B. Property and Casualty** - The Government is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered through the Property & Casualty Claims Fund (the Fund), a self-insured program established in 1982. There are five types of coverage provided by the self-insured program: auto liability, auto physical damage, general liability, property (including boiler and machinery), and workers' compensation.

All assets and employees of the primary government are covered by the Fund. Premiums are paid into the fund by the General Fund, the Urban Services Fund, and the Sanitary Sewer Fund and are based on both exposure and experience factors. Premiums include amounts needed to pay prior and current-year claims and administrative costs.

Liabilities of the fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNR). The result of the process to estimate the claims liability is not exact as it depends on many complex factors, such as inflation, changes in legal doctrines, and damage awards. Accordingly, claims are reevaluated periodically to

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

consider the effects of inflation, recent claim settlement trends, and other economic and social factors. Estimated recoveries, from subrogation and excess insurance policies, for example, are another component of the claims liability estimate.

Annually, as of June 30, the Fund has a third party actuary review the claim histories for all claim years for which open claims are outstanding. The actuary projects the ultimate claim payment obligation (including the incurred but not reported claims) for each year's claim experience. The Government elected to establish the liability for these claims and loss expenses at their present value with a discount rate of 3.5%. As of June 30, 2010 the undiscounted estimated liability was \$25,506,867. The discounted estimated liability as of June 30, 2010 was \$21,168,980. Changes in the balances of claims liabilities during the past two years are as follows:

	Auto Liability and Physical Damage	General Liability	Property	Workmen's Compensation	Total
Liability at June 30, 2008	\$1,138,849	\$5,589,106	\$226,911	\$13,981,365	\$20,936,231
Claims and changes in estimates FY 2009	3,083,915	1,915,454	855,844	5,853,335	11,708,548
Claims paid FY 2009	(2,974,902)	(1,678,510)	(829,259)	(4,863,009)	(10,345,680)
Liability at June 30, 2009	1,247,862	5,826,050	253,496	14,971,691	22,299,099
Claims and changes in estimates FY 2010	1,559,255	3,618,443	471,353	(202,843)	5,446,208
Claims Incurred FY 2010	(1,368,970)	(3,394,634)	(582,066)	(1,230,957)	(6,576,627)
Liability at June 30, 2010	<u>\$1,438,147</u>	<u>\$6,049,859</u>	<u>\$142,783</u>	<u>\$13,537,891</u>	<u>\$21,168,680</u>

The Fund uses excess insurance policies, purchased from various commercial carriers, to reduce its exposure to large losses on all types of insured events or for exposures that are difficult to self-insure. These insurance policies permit recovery of losses above the self-insured retention limits from the insurance carriers, although it does not discharge the primary liability of the Self-Insured Retention Fund as the direct source for payment of claims made against LFUCG. Workers' compensation self-insured retention was \$750,000 and Property self-insured retention was \$250,000. The following schedule indicates the types of excess insurance purchased, the SIR (self-insured retention level) maintained by the Fund, limits and some of the sub-limits of the excess insurance coverage:

Self-insured Retention		
Line of coverage	Per Occurrence	Excess Reinsurance Annual Limit
Property	\$250,000	\$500,000,000 Per Occurrence
Flood Loss	250,000	100,000,000 Per Occurrence
Flood Loss (Zones A,V, and all other 100-year floodplains)	250,000	2,000,000 Per Occurrence
Earthquake Loss	250,000	100,000,000 Per Occurrence
Electronic Data Processing	250,000	Included in Property Limits
Traffic Control Equipment	250,000	Included in Property Limits
Cyber Coverage -Third Party	100,000	20,000,000 Aggregate
Cyber Coverage-First Party	100,000	2,000,000 Aggregate
Boiler & Machinery	100,000	100,000,000 Per Occurrence
Electronic Data Processing	100,000	10,000,000 Per Occurrence
Auto Physical Damage	100,000	Included in Property Limits
Auto Liability	2,000,000	5,000,000 Per Occurrence
General Liability	2,000,000	5,000,000 Per Occurrence
Public Officials Liability	2,000,000	5,000,000 Per Occurrence
Workers' Compensation	750,000	Statutory Per Occurrence
Employers' Liability	750,000	1,000,000 Per Occurrence

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

---

**NOTE 5. CONTINGENT LIABILITIES**

**A. Litigation** - The Lexington-Fayette Urban County Government is party to numerous legal proceedings, many of which normally occur in government operations and will not involve any potential liability to the Government. The Government's Department of Law estimates that there are 126 pending cases in which there is a reasonably possible likelihood that the Government will incur some liability and estimate the aggregate potential liability for the cases covered by self-insurance at \$4,593,905.

The United States Environmental Protection Agency (EPA) and the Kentucky Environmental and Public Protection Cabinet ["KYEPPC"] filed suit in federal court against LFUCG in 2006 alleging various violations of the Clean Water Act. LFUCG recently completed negotiations with EPA and KYEPPC to resolve the alleged violations. This settlement, if approved by the court, will require LFUCG to undertake extensive studies, sewer improvement projects, and management plans to correct the problems that are alleged. The settlement will afford LFUCG up to 13 years to correct the problems. LFUCG has estimated that the cost of remedial measures would approach \$300 million over the life of the Consent Decree. LFUCG recently increased sanitary sewer rates to fund obligations under the Consent Decree and also adopted a storm water management fee.

On September 25, 2002 and January 13, 2003, unnamed plaintiffs filed two punitive class actions against Lexington-Fayette Urban County Government ("LFUCG") and a number of individuals alleging that they were subjected to molestation, abuse, and other unlawful transactions by Ronald Berry when he was executive director of Micro-City Government, which was funded in part by LFUCG. Each plaintiff claims that he or she was under the age of 18 years when the unlawful acts occurred, and that each came into contact with Ronald Berry as a direct result of participation, formally or informally, in activities promoted, sponsored or conducted by Micro-City. The plaintiffs claim that the defendants, who include current or former LFUCG officials, actively concealed knowledge of Berry's activities and failed to warn any participants in Micro-City activities of Berry's alleged patterns of conduct. Specifically, the plaintiffs alleged violations of 28 U.S.C. § 1983, 42 U.S.C. § 13981 (violence against women), 18 U.S.C. § 1964 (RICO); and 20 U.S.C. § 1687; allege that the defendants engaged in a conspiracy to violate their civil rights and denied them equal employment opportunities, neglected to prevent conspiracy, and engaged in sexual exploitation of children; and claim that the defendants are liable for common law negligence, intentional infliction of emotional distress, and breach of fiduciary duty. The plaintiffs sought a monetary judgment against the defendants in the amount of \$10 million for each plaintiff and member of the putative class; punitive damages; treble damages where allowed; and costs and attorneys fees. LFUCG and the individual defendants obtained final judgments from the Court dismissing the claims of all plaintiffs based on the applicable statutes of limitation and refusing to accept jurisdiction over the pendant state law claims given the dismissal of the federal claims. The plaintiffs appealed both judgments. The plaintiffs also sought to overcome LFUCG's statute of limitations defense by seeking to vacate the final judgments in two prior class actions which had been dismissed as settled in 2000 and 2002 (98-431-KSF and 00-166-KSF). The denials of those motions to vacate were also appealed. After briefing, all four appeals were consolidated for argument and decision. Subsequently, the Sixth Circuit issued an opinion and order finding that the original judgment in 98-431-KSF was void due to the trial court's failure to order class notice of the settlement and denial of class certification; and re-opening 98-431-KSF to permit the plaintiffs to intervene and receive the benefits of any tolling of the limitations periods they would have received had they intervened in this case when it was settled in 2000. Doe v. Lexington-Fayette Urban County Government, 407 F.3d 755 (6th Cir. 2005). In the same opinion, the Sixth Circuit dismissed the appeals in the 2002 and 2003 lawsuits as moot. After unsuccessful petitions for rehearing en banc and for certiorari to the U.S. Supreme Court, the Sixth Circuit's Mandate issued and 98-431-KSF (this case) was re-opened. After the case was re-assigned to Judge Bertelsman, the plaintiffs filed a motion to amend their complaint to incorporate the complaints in their previous lawsuits and a motion seeking class certification. Ultimately, Judge Bertelsman postponed ruling on whether the case should or should not be certified as a class action, but instructed the plaintiffs to file amended complaints by December 22, 2006. The two groups of plaintiffs filed separate amended complaints, with one group naming the LFUCG and 14 of its present or former officers and employees as defendants, and the other group naming the LFUCG and 11 of the 14 present or former officers and employees as defendants. A total of approximately 150 plaintiffs were identified in the two amended complaints. We responded to the amended complaints by filing an answer on behalf of the LFUCG, and moving to dismiss the claims against the individual defendants. That motion was granted on June 27, 2007.

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

---

Thereafter, we filed two additional motions seeking the dismissal of all claims asserted against the LFUCG except the claims asserted pursuant to 42 U.S.C. 1983 and related statutes (the “civil rights claims”). The plaintiffs objected to the filing of those motions, and also moved the court to reconsider its order granting the dismissal of the individual defendants. A hearing was then held on September 14, 2007, to consider these pending motions and at that hearing, the court denied the plaintiff’s motion to reconsider the dismissal of the individual defendants, and ordered the plaintiffs to respond to the LFUCG’s two additional motions to dismiss by December 16, 2007. The court further ordered that the parties complete discovery on the civil rights claims by May 14, 2008. The Court ultimately granted the two motions to dismiss, which resulted in the only remaining claims being the civil rights claims against the LFUCG. After discovery ended on those claims on May 14, 2008, the LFUCG, on May 30, 2008, moved for summary judgment on the civil rights claims. The LFUCG followed that motion with a separate motion for summary judgment arguing that the claims are time barred. On May 1, 2009, the Court substantially granted the motion arguing that the claims are time barred, and dismissed the claims of all but four plaintiffs whose ages and alleged dates of abuse were such that their claims survived. Through subsequent joinders, six more persons asserted claims which survive the statute of limitations ruling. Those claims were set to go to trial in August 2010, but only the issue of liability (not damages). The trial court has also issued an order denying the plaintiff’s motion for certification of a class. Recently, the rulings on the statutes of limitation and class certification issues were appealed to the Sixth Circuit Court of Appeals. In light of these appeals the trial court has continued the trial originally scheduled for August, and stayed further proceedings. The LFUCG intends to vigorously defend itself in this case.

On November 21, 2005 Mark Blankenship with other current and former firefighters filed suit against LFUCG alleging improper calculation of overtime wages in violation of KRS 337.285, breach of an implied and/or express contract found in ordinances and policies to pay overtime in excess of 40 hours worked in accord with state wage and hour law, and failure to properly calculate amounts paid into pension funds in violation of KRS 67A.360 et seq. For all three counts in the complaint, Plaintiffs claim liquidated damages of twice the amount underpaid for LFUCG’s alleged bad faith pursuant to KRS377.385. There are currently 430 individual Plaintiffs. LFUCG filed a motion for judgment on the pleadings, asking the Court to dismiss the wage and hour and breach of contract claims based on sovereign immunity. The court granted the motion and dismissed Plaintiffs’ wage and hour and contract claims, leaving the pension fund claims to be later resolved. Plaintiffs filed an appeal to the Kentucky Court of Appeals, and the appeal was fully briefed and a decision recently handed down as of August 20, 2010 in the LFUCG’s favor sustaining the trial court’s dismissal of the wage and hour and breach of contract claims. The Plaintiffs have now filed a Motion for Discretionary Review with the Kentucky Supreme Court. A Response to that Motion on behalf of the LFUCG has been filed, requesting the Supreme Court to deny the Plaintiff’s request for discretionary review and addressing the correctness of the Kentucky Court of Appeals’ decision. A ruling on the Plaintiff’s motion is not expected until sometime in 2011. The LFUCG’s potential loss contingency for this lawsuit could be in the range of \$2 million or more. The LFUCG intends to vigorously defend itself, based on sovereign immunity and other substantial defenses.

**B. Lexington Center Corporation** - Lexington Center Corporation (LCC) is a non-profit, non-stock corporate agency and instrumentality of the Lexington-Fayette Urban County Government. The Government entered into a Lease Agreement that provides for leasing for the Lexington Center from the Lexington Center Corporation on an annual basis beginning June 15, 1993. This Lease Agreement replaces a Contract Lease and Option Agreement that began October 1, 1974. The annual rental to be paid by the Government to Lexington Center Corporation is an amount equal to interest and principal on the bonds, plus costs of operating, maintaining and insuring the leased premises, less all receipts of Lexington Center Corporation that are not required to be otherwise applied. The agreement grants the Government an exclusive option to renew the lease for additional one-year periods through June 30, 2022, but the Government may elect not to renew the lease with written notice to Lexington Center Corporation.

The Government may acquire title to the facilities on any interest payment date by notifying the Lexington Center Corporation and the Trustee within sixty days before such date and by paying to the Trustee an amount equal to principal, interest and redemption premiums on bonds outstanding at that time, plus costs associated with the redemption of the bonds. The Government may also acquire title at the retirement of the bond issue if all annual renewals of the lease were executed and all rental payments were made.

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

---

On July 13, 2001, Lexington Center Corporation and the University of Kentucky Athletic Association entered into a lease agreement for a term through the 2017-18 basketball seasons for the use of Rupp Arena.

An agreement between Lexington Center Corporation and the Lexington Convention and Visitors Bureau, dated March 20, 2001, provides for annual contributions of \$948,000 to Lexington Center Corporation for the period beginning 2001 and ending 2012, with decreasing contributions each year thereafter until 2021. Contributions shall decrease in the amount of \$100,000 each successive fiscal year beginning in 2013, with a final contribution of \$48,000 in 2021.

**C. Lexington-Fayette Urban County Airport Corporation (Airport Corporation)** - The Lexington-Fayette Urban County Airport Corporation is a nonprofit, nonstock corporate agency and instrumentality of the Lexington-Fayette Urban County Government and the Lexington-Fayette Urban County Airport Board (Airport Board). The Government and the Airport Board have entered into a joint and severable Contract Lease and Option Agreement that provides for leasing to the Bluegrass Airport from the Airport Corporation on an annual basis beginning October 1, 1976. The annual rental to be paid by the Government to the Airport Corporation is an amount equal to interest and principal on the bonds, plus costs of operating, maintaining and insuring the leased premises, less all receipts of the Airport Corporation that are not required to be otherwise applied. The agreement grants the Government the option to renew the lease for additional one-year periods through June 30, 2024, but the Government may elect not to renew the lease with written notice to the Airport Corporation. The Airport Corporation has had sufficient revenues to pay all debt service costs without a lease payment from the Government. The financial status is expected to remain the same.

As of June 30, 2010, several uncompleted construction projects funded in-part by Federal grants remain open. Upon completion and final approval by the Inspector General, these projects will be closed out and a final account will be rendered. Outstanding construction contract commitments are approximately \$6,423,000.

The Airport is subject to federal, state, and local regulations in regards to the discharge of various materials into the environment. Costs are routinely incurred to remove, contain, and neutralize existing environmental contaminants and these costs are generally expensed as incurred. Future costs for existing conditions are not readily determinable and are not reflected in the financial statements.

The Airport is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; general liability claims; and natural disasters. The Airport manages these risks through the purchase of commercial insurance.

**D. Lexington Cultural Center** - The Government proposed the development of a cultural center and entered into an agreement with the Commonwealth of Kentucky to provide financing for a portion of the project. The Commonwealth agreed to provide financing for the land acquisitions and related costs necessary for the project with the Government acting as the Commonwealth's agent to acquire the property under a Memorandum of Understanding dated in 1990. The Commonwealth contributed \$9,635,114 for this project. A subsequent Memorandum of Understanding (MOU) and Mutual Releases between the Commonwealth of Kentucky and the Lexington-Fayette Urban County Government were signed January 22, 1997 to accommodate changes in the project scope. The Government has agreed to invest \$15,220,000 in various cultural projects and as of June 30, 2007, the Government had contributed \$17,778,250; one project remains uncompleted. In addition, \$4,350,000 has been donated from private sources. Planning began on the last project, an African American cultural center, in fiscal year 2006. It is estimated that this project will involve additional commitment of at least \$2 million.

**E. Lexington Downtown Housing Fund, LLC** – On December 9, 2004 the Government passed ordinance 319-2004 approving a lease and sublease for the purpose of creating, enhancing and extending market-rate housing in downtown Lexington (“the Project”). The Ordinance authorized entering into one or more leases with the Kentucky League of Cities Funding Trust to enable the Government to finance the Project for an aggregate principal amount of \$2,000,000 outstanding at any one time. The lease is a general obligation pledge of the Government. The sublease

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

---

agreement between the Government and the Lexington Downtown Housing Fund, LLC ("DHL LLC") assigns administrative management and support of the loan programs to the DHL LLC. Under the loan program, the DHL LLC makes loans to developers of approved projects. The loans made by the DHL LLC are funded in part by the sublease and in part from funds contributed or loaned from local participating banks. The interest on the loans is paid by the developers and the principal of the loans is subsequently repaid by the revenues from the project. In the event of default by the developer on the loan payment, the portion of the loan funded by the sublease would become an obligation of the Government. As of June 30, 2010 the total principal outstanding was \$811,220.

**F. Liens and Encumbrances** - While the Government does have satisfactory title to all owned assets, there may be some liens and encumbrances on such assets for matters unrelated to bond issues. Only a complete accurate title search of all properties would disclose such liens and encumbrances.

**G. Conduit Debt** - The Government has issued Industrial Revenue Bonds to provide financial assistance to private sector and nonprofit entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private sector or nonprofit entity served by the bond issue. The Government is not obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. At June 30, 2010 the outstanding balance on conduit debt issues was \$246,430,084.

**NOTE 6. THE SINGLE AUDIT ACT**

The U.S. Office of Management and Budget's Circular No. A-133 for Audits of States, Local Governments and Non-Profit Organizations requires non-federal entities that expend \$500,000 or more a year in federal awards to have an audit performed in accordance with the provisions of the Circular. A separate supplemental report will be issued on active grant programs of the Lexington-Fayette Urban County Government in accordance with applicable provisions of the Single Audit Act of 1984, P.L. 98-502 and the Single Audit Act Amendments of 1996, P.L. 104-156.

**NOTE 7. SUBSEQUENT EVENTS**

On July 1, 2010 LFUCG issued \$65,000,000 General Obligation Bond Anticipation Notes Series 2010E for the purpose of refunding \$8,000,000 Bond Anticipation Note Series 2009C. The remaining funds will be used to finance the Eastern State Hospital Project.

On July 7, 2010 LFUCG received an enhancement payment of \$1 million from Republic Services of Kentucky, LLC in exchange for contract renewal which commenced on July 5, 2010. The contract states that if the renewed agreement is terminated prior to July 4, 2015, the enhancement payment will be prorated on an annual basis. This payment will be treated as deferred revenue recognized annually by LFUCG.

LFUCG is participating in a federally-assisted, state-revolving loan program in which LFUCG will receive federal funds for both the Downtown Streetscape Green Infrastructure Program Initiative and the Radcliffe Road Drainage Improvement Project. The maximum proceeds for each program are \$2,620,000 and \$237,000 respectively. The acceptance of this program obligates the LFUCG to repay 47.9% of the amount spent at 2.0% APR plus a .2% annual loan servicing fee.

Per the Consent Decree dated January 3, 2011, LFUCG will pay a civil penalty to the U. S. Department of Justice in the amount of \$425,000. LFUCG has recorded this liability on the FY 2010 financial statements. The United States Environmental Protection Agency (EPA) and the Kentucky Environmental and Public Protection Cabinet ["KYEPPC"] filed suit in federal court against LFUCG in 2006 alleging various violations of the Clean Water Act. Also see page 85 for additional details regarding this litigation.

NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

---

During 2008, the Airport condemned an approximately 115-acre property owned by Elkhorn Bend, LLC. The court-appointed commissioners assigned to the property a value of \$1,686,375 (the "Commissioners' Award"). Although the Commissioners' Award did not bind Elkhorn Bend, which took exception to the amount, the Airport paid this amount in court and, on December 2, 2008, took possession of the property. The parties were unable to reach an agreement regarding the value of the property. Eventually, arbitration was conducted during August, 2010. During September, 2010, the arbitrators reported their determination of value at \$3,165,000 (the "Final Award") or \$27,500 per acre. This results in an Airport Board obligation equal to the Final Award, minus the Commissioners' Award, or \$1,478,625 (the "Amount Owed"). Pursuant to KRS 416.620, the Amount Owed bears interest at 6% from the date of possession (December 2, 2008) until the date paid.

The Airport has recorded an estimated liability and related capital asset of \$1,647,277 on the FY 2010 financial statements. Closing and final payment was made on October 12, 2010 in the amount of \$1,657,332.

In December 2010, LFUCG entered into a settlement agreement in the case of *Arnold, Doris v. LFUCG, et al.* The settlement amount is \$250,000 to be paid December, 2010. LFUCG has recorded the liability on the FY 2010 financial statements.

On December 14, 2010 LFUCG issued \$6,305,000, Series 2010F (Build America Bonds) Taxable General Obligation Public Project Bonds, to finance various projects for departments within LFUCG, including acquisition of equipment, purchase of development rights, and improvements to recycling facilities.

On December 14, 2010 LFUCG issued \$8,950,000, Series 2010G (Recovery Zone Economic Development Bonds) Taxable General Obligation Public Project Bonds and, together with the series 2010F Project, will finance various projects for departments within LFUCG. The projects include acquisition of equipment, construction of a waterline and drainage system, providing funding for a program to preserve and manage agricultural, rural and natural lands, and purchase of conservation easements or development rights.

On December 14, 2010 LFUCG issued \$4,465,000, General Obligation Bond Anticipation Notes Series 2010H for the purpose of retiring all or a portion of Series 2001B. The proceeds will be used to providing funding for a program to preserve and manage agricultural, rural and natural lands, and purchase of conservation easements or development rights.

In January 2011, LFUCG received an unasserted claim related to its participation in the Downtown Housing Fund and a loan to the 500s on Main project in Lexington. The Housing Fund was funded by a group of local banks and the LFUCG. The funds for the LFUCG funding were derived from bond indebtedness through the Kentucky League of Cities and constitute a general obligation of the LFUCG. The developer of the 500s on Main project defaulted on the project loans. LFUCG will potentially be responsible for the repayment of the bond funding in the approximate amount of \$431,000 out of general revenues. Also see page 86 for additional details regarding the Lexington Downtown Housing Fund projects.

**NOTE 8. DEFINED BENEFIT PENSION PLANS AND OTHER POST EMPLOYMENT BENEFIT**

**The Policemen's and Firefighters' Retirement Fund and The City Employees' Pension Fund**

**A. Plan Descriptions** - The Government contributes to two single employer defined benefit pension plans: The Policemen's and Firefighters' Retirement Fund (PFRF) and The City Employees' Pension Fund (CEPF).

The sworn personnel of the divisions of Police and Fire are eligible to participate in the Policemen's and Firefighters' Retirement Fund. Benefits vest in this fund after twenty years of service. Employees who retire with 20 years of credited service receive 2.5% of their average salary times years of service. Members may add unused sick leave to service credit and average annual salary for purposes of calculating retirement benefits. In addition, the plan includes post-retirement benefits where any retired member who has been retired one year or more, will have an annual increase to his pension payment of between 2% and 5%, as determined by the Board of Trustees. The

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

---

PFRF also provides death and disability benefits. The costs of administering the PFRF are financed by investment income.

Civil service employees of the City of Lexington were covered by the City Employees' Pension Fund. In 1973, the Governments of the City of Lexington and Fayette County merged to form the Lexington-Fayette Urban County Government. In December 1973 the City of Lexington froze admission of new entrants into the CEPF, and in January 1974 the new merged Government assumed the City of Lexington's liability for covered employees and the CEPF was closed to any new members. A member who has attained age 60 and completed 20 years of service or completed 30 years of service regardless of age may apply for retirement. Members who are 45 years old or older with 10 years of service may request a deferred retirement benefit to be paid when they reach 60 years of age. Retirees receive 2.5% of their average salary for each year of service up to 20 years plus 1% of average salary for each year of service over 20 years, with a maximum benefit of 65% of average salary. Members may add unused sick leave to service credit and average annual salary for purposes of calculating retirement benefits. Death and disability benefits are also provided under certain conditions. In addition, the plan includes an annual cost of living adjustment of 3% for any member retiring after July 1, 1981 that has attained age 61 or has been retired for one year. The costs of administering the CEPF are financed by investment income.

Both pension plans are included in the Government's comprehensive annual report and do not issue stand-alone financial reports.

Membership of each plan consisted of the following at June 30, 2010:

	<u>Number</u>
Inactive Plan Participants:	
Retirees and beneficiaries currently receiving benefits	1019
Active Plan Participants:	
Terminated employees entitled to benefits	0
Active members	<u>1,063</u>
Total	<u><u>2,082</u></u>

**B. Summary of Significant Accounting Policies and Plan Asset Matters**

**Basis of Accounting** - The preparation of the financial statements of the Policemen's and Firefighters' Retirement Fund and the City Employees' Pension Fund conform to the provisions of the GASB Statement No. 25. Benefits and refunds of both plans are recognized when due and payable in accordance with the terms of each plan. The financial statements are prepared on an accrual basis.

**Investments** - Investments are stated at fair value. Securities traded on a national exchange are valued at the last reported sales price. Gains or losses on the sale of fixed income securities are recognized using the completed transaction method. There are no significant investments (other than U.S. Government and U.S. Government Agencies & Instrumentalities) in any one organization that represents 5% or more of net assets available for benefits.

**C. Contributions** - The contribution requirements and benefit provisions for the Policemen's & Firefighters' Pension Fund and City Employees' Pension Fund are established by state statute and Government ordinance. In fiscal year 2010, the Government contributed 17.51% to the PFRF and 17.5% to the CEPF. Administrative costs were financed by a combination of additional contributions as well as investment income. The required contribution rates are shown in the following table:

	<u>Policemen's and Firefighters'</u>	<u>City Employees'</u>
Required Contribution Rates:		
Government	17.51%	17.5%
Plan Member	11.0%	8.5%

**E. Other Post Employment Benefit**

*Plan Description.* In August 1999, the Council passed an ordinance that authorized the Government to provide a health insurance benefit to the retirees of both retirement funds, effective July 1, 1999. All retirees who continue to participate in the Government's group health insurance plan are eligible for this benefit.

*Funding Policy.* The Government paid the premiums for single coverage on a pay-as-you-go basis. In fiscal year 2010, 676 retirees of the PFRF received this benefit for a total cost of \$2,774,560; and 17 retirees of the CEPF received this benefit for a total cost to the Government of \$83,882.

*Annual OPEB Cost and Net OPEB Obligation.* The Government's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the Government's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the Government's net OPEB obligation to the Retiree Medical Plan:

***Annual OPEB Cost and Net OPEB Obligation***

	<u>Retiree Medical Plan</u>
Annual Required Contribution	\$13,855,546
Interest on net pension obligation	967,980
Adjustment to annual required contribution	<u>(877,371)</u>
Annual OPEB cost (expense)	13,946,155
Contributions made	<u>(3,629,799)</u>
Increase in net OPEB obligation	10,316,356
Net OPEB obligation beginning of year	<u>21,510,674</u>
Net OPEB obligation end of year	<u><u>\$31,827,030</u></u>

The Government's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for fiscal year 2010 and the two preceding fiscal years were as follows:

<u>Fiscal Year Ending</u>	<u>Annual OPEB Cost</u>	<u>Percentage of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
2008	\$13,855,546	21.9%	\$10,815,153
2009	13,901,103	23.1%	21,510,674
2010	13,946,155	26.0%	31,827,030

*Funded Status and Funding Progress.* The Government completed an actuarial valuation of the future unfunded actuarial accrued liability of these benefits and it was determined that as of July 1, 2010 the liability was \$211,706,877. The annual required contribution to fund this liability over a period of 30 years is \$16,524,963. These figures represent the amount needed to provide benefits for 1,019 current retirees and beneficiaries and 1,063 active members. To date there has not been any funding of this liability.

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

Actuarial assumptions of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

*Methods and Assumptions.* Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The actuarial assumptions used for the calculations are listed below.

Valuation date	July 1, 2010
Actuarial cost method	Projected unit credit
Amortization method	Level Percent of Pay, Open
Remaining amortization period	30 years
Asset valuation method	Market Value of Assets
Actuarial assumptions:	
Investment rate of return*	4.5%
Medical cost trend rate*	
Pre-Medicare trend rate	10.5% - 5.0%
Post-Medicare trend rate	9.0% - 5.0%
Year of Ultimate trend rate	2017
* Includes inflation at	3.0%

LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT  
NOTES TO FINANCIAL STATEMENTS (Continued)  
For the Year Ended June 30, 2010

---

**G. The County Employees' Retirement System**

Plan Description - The Government contributes to the Commonwealth of Kentucky's County Employees' Retirement System (CERS). CERS is a cost-sharing multi-employer public employee retirement system which covers substantially all regular full-time employees of each county and school board and any additional eligible local agencies electing to participate in the System. At June 30, 2010, there were over 1,400 local government agencies participating in CERS, which provides for retirement, disability and death benefits. Beginning October 27, 1975, all eligible full-time employees of the Government were required to participate in CERS. CERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to the Kentucky Retirement Systems, Perimeter Park West, 1260 Louisville Road, Frankfort, KY 40601.

Funding Policy - For the year ended June 30, 2010, non-hazardous plan participating employees contributed 5% and hazardous plan participating employees contributed 8% of creditable compensation to CERS. Employer contribution rates, determined by the Board of Trustees of the Kentucky Retirement Systems, are intended to fund the CERS's normal cost on a current basis plus fund an amount equal to the amortization of unfunded past service costs over thirty years, using the level percentage of payroll method. Participating employers contributed 16.16% of members' non-hazardous compensation and 32.97% for hazardous compensation for the year ended June 30, 2010. The Government's contributions to CERS for the years ending June 30, 2010, 2009, and 2008 were \$18,580,548, \$13,512,097, and \$15,821,922 respectively, and were equal to the required contributions for each year.

**NOTE 9. RECENT GASB PRONOUNCEMENTS**

Management has not currently determined what, if any, effect implementation of the following statements may have on the financial statement:

- GASB Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions." This statement was issued in March 2009 and establishes fund balance classifications that comprise a hierarchy based on the extent to which a government is bound to observe constraints imposed upon the use of resources reported in governmental funds. The Government will be required to adopt this standard in its 2011 financial statements. The Government is currently assessing the impact of this standard on its financial position, major funds, and changes in financial position and has not yet determined if the adoption will have a material effect on its financial statements.
- GASB Statement No. 59, "Financial Instruments Omnibus." This statement addresses accounting for certain financial instruments and external investment pools. It increases the consistency of measurements between governmental entities and provides clarification of existing standards. The provisions of GASB Statement No. 59 are effective for periods beginning after June 15, 2010. The Government does not anticipate the adoption of this standard will have a significant impact on the financial statements.

This page intentionally left blank.

## **NONMAJOR GOVERNMENTAL FUNDS**

### **SPECIAL REVENUE FUNDS**

The Special Revenue Funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

The **County Aid Program Fund** accounts for the allocation of county road funds from the Commonwealth of Kentucky as provided by HB 973 and adopted by the 1980 General Assembly based upon the motor fuels taxes collected.

The **Municipal Aid Program Fund** accounts for the allocation from the Commonwealth of Kentucky as provided by KRS 174 for design, right-of-way acquisitions, utilities, construction and other municipal road expenditures.

The **Industrial Revenue Bond Fund** accounts for receipts and disbursements of IRB issuance fees.

The **Mineral Severance Fund** and **Coal Severance Fund** account for receipts and disbursements of the Coal and Mineral Severance Tax received from the Commonwealth of Kentucky.

The **Police Confiscated Fund** accounts for recoveries from federal criminal case settlements awarded to the LFUCG Division of Police. Expenditures are restricted to police law enforcement programs.

The **Police Confiscated State Fund** accounts for recoveries from state criminal case settlements awarded to the LFUCG Division of Police. Expenditures are restricted to police law enforcement programs.

The **Public Safety Fund** accounts for revenues and disbursements of the House Bill 413 fees received from the Commonwealth of Kentucky.

### **DEBT SERVICE FUND**

The **Debt Service Fund** is utilized to account for the accumulation of resources for, and payment of, general long-term debt principal and interest.

### **CAPITAL PROJECTS FUNDS**

Capital projects funds are used to account for the acquisition and construction of major capital facilities and equipment other than those financed by proprietary funds.

The **Lexington Cultural Center** is a project to construct performing arts and exhibit facility in downtown Lexington.

The **Storm Water Bond Projects** is a storm water management project funded by general obligation bonds.

The **Public Safety Capital Projects** include the construction and equipping of a new detention center and a new fire station.

The **Reynolds Road Project** is the widening and renovations of Reynolds Road, funded by the Commonwealth of Kentucky.

The **2001 Bond Projects** are for the acquisition and renovations of a building to house Government offices and the renovations of the Douglass and Bates Creek swimming pools funded by general obligation bonds.

The **2002 Bond Projects** are for renovations of the Government Center, including replacement of the elevators and the HVAC system and for the Webasto Roof Systems, Inc. economic development project.

The **2003 Bond Projects** are for acquisition of vehicles, equipment, the next phase of replacement of the Government Center HVAC system and fire trucks.

The **Golf Course Bond Projects** are for the acquisition of and improvements to the Picadome Golf Course and improvements to other golf courses funded by general obligation bonds.

The **Purchase of Development Rights** is a program to purchase conservation easements, funded by general obligation bonds, grant funds from the Commonwealth of Kentucky, and General Fund revenues.

The **Equipment Lease Notes** are general obligation notes used for the acquisition of vehicles and capital equipment for the various departments of the Government.

The **Condemnation** project accounts for condemnation related items in connection with the LFUCG Water Revenue Bond Anticipation Notes, Series 2003.

The **2004 Bond Projects** are for the purchase of property and the renovation of a multi-purpose building, roadway construction, and construction of a day treatment facility.

The **2005 Bond Projects** are for the Purchase of Development Rights program, garage and building renovation projects, and Neighborhood Development projects.

The **2006 Bond Projects** are for Storm water improvement projects, Police vehicles, and Park improvement projects.

The **2007 Bond Projects** are for parks projects, computer equipment, and building renovations and improvements.

The **2008 Bond Projects** are for parks projects, computer equipment, and building renovations and improvements.

The **Public Works Projects** are for storm water and road improvement projects.

The **Public Library Corporation** is for the acquisition, construction, equipping and financing of public projects to be used for public library purposes.

The **Roads, Parks, Open Space, Storm Water Exactions** are for improvements necessary to provide roads, parks, open space and storm water management in the Expansion Area funded by developer and property owner exaction fees.

## NONMAJOR ENTERPRISE FUNDS

Enterprise Funds are established to account for the acquisition, operation and maintenance of the Government's facilities and services which are entirely or predominantly self-supported by user charges or where the Government has decided that periodic determination of revenues earned, expenses incurred, and net income is appropriate for capital maintenance, public policy, management control, accountability and other purposes.

The **Right of Way** program was established in 2003 to account for fees levied to monitor and manage public facilities located in public rights-of-way.

The **Extended School Program** was established in 1994 to provide before and after school care for children in participating elementary and middle schools.

The **Prisoners' Account System** was transferred to the Government in 1994 and accounts for the operations of the commissary at the Fayette County Detention Center.

The **Enhanced 911 Fund** was established in FY 1996 to account for the revenues and expenses of developing and operating an enhanced 911 system.

The **LexVan Program** was transferred effective July 1, 2003 from the Transit Authority to Lexington Fayette Urban County Government to provide commuter van pool service to the Lexington metropolitan area.

The **Small Business Development Fund** was established in FY 2000 to promote and assist the growth and development of business concerns. This program was previously administered by the Urban County Development Corporation, a component unit of the Government, which was dissolved in March 2000.

The **Stormwater Fund** was established in FY 2009 to account for the revenues and expenses of developing and operating Stormwater related activities.

## **INTERNAL SERVICE FUNDS**

Internal Service Funds are used to account for the financing on a cost-reimbursement basis of services provided by one department to other departments within the Government and outside agencies associated with the Government. Individual funds included in this fund type are as follows:

The **Health, Dental and Vision Care Insurance Fund** accounts for the Government's self-insurance programs for employee medical, dental and vision care benefits.

The **Insurance and Risk Management Fund** accounts for the Government's self-insurance programs for workers' compensation, vehicle liability and physical, general liability and property damage coverage.

## **FIDUCIARY FUNDS**

Fiduciary Funds are used to account for assets held by the Government in a trustee capacity or as an agent for individuals, private organizations, other governmental units, or other funds. These include pension trust, expendable trust, and agency funds. Individual funds included in this fund type are as follows:

### **AGENCY FUNDS**

The **Neighborhood Sewer Projects Fund** is an agency fund that accounts for the collection of special assessments and debt service payments on financing for neighborhood capital projects.

The **Juvenile and Adult Probation Fund** accounts for funds collected by the divisions of Youth Services and Detention Services from juvenile and adult offenders and disbursed to victims in accordance with court decrees and funds collected from and disbursed for inmates on work release.

The **Domestic Relations Fund** accounts for the child support payments collected by the Government from non-custodial parents and disbursed to custodial parents.

## STATISTICAL SECTION

The Lexington-Fayette Urban County Government's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the government's overall financial health.

Financial Trends: Tables 1 – 6

These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.

Revenue Capacity: Tables 7 – 12

These schedules contain information to help the reader assess the government's most significant local revenue sources.

Debt Capacity: Tables 13 – 17

These schedules present information to help the reader assess the affordability of the government's current level of outstanding debt and ability to issue additional debt in the future.

Demographic & Economic Indicators: Tables 18 – 20

These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.

Operating Information: Tables 21 – 24

These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.

Note: All taxpayers in Fayette County are subject to the General Service rate. Total Direct rate is for taxpayers receiving complete urban services. Rates would be reduced for those taxpayers receiving less than full urban services.

The annual increase in real property tax revenue, excluding new assessments, must be 4% or less. Any amount over 4% is subject to a recall vote.
