The Lexington Fayette Urban County Government Division of Central Purchasing is requesting that all minority and women owned businesses currently in our data base or who desire to do work with LFUCG be certified by a credible certifying agency by December 31, 2010.

Certification connects minority and women owned businesses to public and private business opportunities. It verifies that your business is at least 51% owned, managed and operated by a minority of African American, Hispanic American, Asian-Pacific Islander, Native American/Native Indian descent or a non-minority female.

In order to help businesses through this process, a series of certification classes have been scheduled. Please take advantage of this opportunity to learn more about the benefits of certification.

Best regards,
