

Before Starting the Exhibit 1 Continuum of Care (CoC) Application

HUD strongly encourages ALL applicants to review the following information BEFORE beginning the FY2011 Exhibit 1 Continuum of Care (CoC) application.

Training resources are available online at: www.hudhre.info/esnaps Training modules are available to help complete or update the Exhibit 1 application, including attaching required forms to the application. The HUD HRE Virtual Help Desk is available for submitting technical and policy questions.

Things to Remember

- Review the FY2011 Notice of Funding Availability for the Continuum of Care (CoC) Homeless Assistance Program in its entirety for specific application and program requirements. - CoCs that imported their FY2010 information during the CoC Registration process are reminded to carefully review each question in Exhibit 1 to ensure the response imported is appropriate. Questions may have changed from the FY2010 process in which case the imported response may no longer be relevant. Note that not all questions from FY2010 were imported and new questions will require manual responses. Be sure to review the application carefully and verify and update as needed to ensure accuracy.- New CoCs or CoCs that did not apply in FY2010 will not have information pre-populated and must complete all Exhibit 1 forms..

1A. Continuum of Care (CoC) Identification

Instructions:

The fields on this screen are read only and reference the information entered during the CoC Registration process. Updates cannot be made at this time. If the information on this screen is not correct, contact the HUD Virtual Help Desk at www.hudhre.info.

CoC Name and Number (From CoC Registration): KY-502 - Lexington/Fayette County CoC

CoC Lead Agency Name: Central Kentucky Housing & Homeless Initiative

1B. Continuum of Care (CoC) Primary Decision-Making Group

Instructions:

The following questions are related to the CoC primary decision-making group. The primary responsibility of this group is to manage the overall planning effort for the entire CoC, including, but not limited to:

- Setting agendas for full Continuum of Care meetings
- Project monitoring
- Determining project priorities
- Providing final approval for the CoC application submission.

This body is also responsible for the implementation of the CoC's HMIS, either through direct oversight or through the designation of an HMIS implementing agency. This group may be the CoC Lead Agency or may authorize another entity to be the CoC Lead Agency under its direction.

Name of primary decision-making group: Central Kentucky Housing and Homeless Initiative

Indicate the frequency of group meetings: Monthly or more

If less than bi-monthly, please explain (limit 500 characters):

Indicate the legal status of the group: 501(c)(3)

Specify "other" legal status:

Indicate the percentage of group members that represent the private sector: 87%
(e.g., non-profit providers, homeless or formerly homeless persons, advocates and consumer interests)

*** Indicate the selection process of group members:**
(select all that apply)

Elected:	<input checked="" type="checkbox"/>
Assigned:	<input type="checkbox"/>
Volunteer:	<input type="checkbox"/>
Appointed:	<input type="checkbox"/>
Other:	<input type="checkbox"/>

Specify "other" process(es):

Briefly describe the selection process of group members. Description should include why this process was established and how it works (limit 750 characters):

One-third of all Board of Director positions expire each year. The full membership of CKHHI makes Board nominations at least 30 days prior to the Annual Meeting. New Board members are voted onto the Board by the full membership at the Annual meeting. New Board members serve three-year terms with a maximum of two Board terms allowed (maximum of 6 years). This allows for continually refreshing Board participation while allowing for continuity of leadership.

*** Indicate the selection process of group leaders:
(select all that apply):**

Elected:	<input checked="" type="checkbox"/>
Assigned:	<input type="checkbox"/>
Volunteer:	<input type="checkbox"/>
Appointed:	<input type="checkbox"/>
Other:	<input type="checkbox"/>

Specify "other" process(es):

If administrative funds were made available to the CoC, will the primary-decision making body, or its designee, have the capacity to be responsible for activities such as applying for HUD funding and serving as a grantee, providing project oversight, and monitoring? Explain (limit to 750 characters):

Yes, absolutely. We are trying to do much of this but additional funding (and staff) would enable us to expand and improve what we are able to do.

1C. Continuum of Care (CoC) Committees, Subcommittees and Work Groups

Instructions:

Provide information on up to five of the CoCs most active CoC-wide planning committees, subcommittees, and workgroups. CoCs should only include information on those groups that are directly involved in CoC-wide planning activities such as project review and selection, discharge planning, disaster planning, completion of the Exhibit 1 application, conducting the point-in-time count, and 10-year plan coordination. For each group, briefly describe the role and how frequently the group meets. If one of more of the groups meet less than quarterly, please explain.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

Committees and Frequency

Name of Group	Role of Group (limit 750 characters)	Meeting Frequency
Executive Committee	This group meets to address current issues, set agendas for full CoC and CKHHI meetings, and take action as approved by the Board of Directors.	Monthly or more
Public Awareness Sub-Committee	Meets regularly to develop strategies for increasing local awareness of homeless and housing issues.	Monthly or more
Employment and Transportation Sub-Committee	Meets regularly to address employment and transportation issues faced by homeless persons in the community	Monthly or more
Youth Committee	Meets regularly to plan efforts targetted to serving homeless youth in our community	Monthly or more
Stand Down Committee	Meets regularly to expand and enhance our annual Stand Down/Homeless Resources Connection Event now in its third year.	Monthly or more

If any group meets less than quarterly, please explain (limit 750 characters):

1D. Continuum of Care (CoC) Member Organizations Detail

Instructions:

Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:

- Organization name - Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.
- Type of membership - Public, private, or individual
- Type of organization
- Organization role in the CoC planning process
- Subpopulations represented - No more than 2 may be selected
- Services provided, if applicable

Name of organization or individual: Kentucky Housing Corporation

Type of Membership: Private Sector
(public, private, or individual)

Type of Organization: Non-profit organizations
(Content depends on "Type of Membership" selection)

Role(s) of the organization: Attend Consolidated Plan planning meetings during past 12 months, Committee/Sub-committee/Work Group, Attend 10-year planning meetings during past 12 months, Attend Consolidated Plan focus groups/public forums during past 12 months, Authoring agency for Consolidated Plan
(select all that apply)

Subpopulation(s) represented by the organization: Seriously Mentally Ill, Domestic Violence
(No more than two subpopulations)

Does the organization provide direct services to homeless people? No

Services provided to homeless persons and families: Not Applicable
(select all that apply)

1D. Continuum of Care (CoC) Member Organizations Detail

Instructions:

Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:

- Organization name - Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.
- Type of membership - Public, private, or individual
- Type of organization
- Organization role in the CoC planning process
- Subpopulations represented - No more than 2 may be selected
- Services provided, if applicable

Name of organization or individual: Lexington Housing Authority

Type of Membership: Public Sector
(public, private, or individual)

Type of Organization: Public housing agencies
(Content depends on "Type of Membership" selection)

Role(s) of the organization: Attend Consolidated Plan planning meetings during past 12 months, Committee/Sub-committee/Work Group, Attend 10-year planning meetings during past 12 months, Attend Consolidated Plan focus groups/public forums during past 12 months
(select all that apply)

Subpopulation(s) represented by the organization: Seriously Mentally Ill, Substance Abuse
(No more than two subpopulations)

Does the organization provide direct services to homeless people? Yes

Services provided to homeless persons and families:
(select all that apply) Rental Assistance

1D. Continuum of Care (CoC) Member Organizations Detail

(Content depends on "Type of Membership" selection)

Role(s) of the organization: Committee/Sub-committee/Work Group, Attend
(select all that apply) 10-year planning meetings during past 12 months

Subpopulation(s) represented by the organization: NONE
(No more than two subpopulations)

Does the organization provide direct services to homeless people? No

Services provided to homeless persons and families: Not Applicable
(select all that apply)

1D. Continuum of Care (CoC) Member Organizations Detail

Instructions:

Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:

- Organization name - Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.
- Type of membership - Public, private, or individual
- Type of organization
- Organization role in the CoC planning process
- Subpopulations represented - No more than 2 may be selected
- Services provided, if applicable

Name of organization or individual: Urban League of Lexington

Type of Membership: Private Sector
(public, private, or individual)

Type of Organization: Non-profit organizations
(Content depends on "Type of Membership" selection)

Role(s) of the organization: Attend Consolidated Plan planning meetings during past 12 months, Committee/Sub-committee/Work Group, Attend 10-year planning meetings during past 12 months, Attend Consolidated Plan focus groups/public forums during past 12 months
(select all that apply)

Subpopulation(s) represented by the organization: NONE
(No more than two subpopulations)

Does the organization provide direct services to homeless people? No

Services provided to homeless persons and families: Not Applicable
(select all that apply)

1D. Continuum of Care (CoC) Member Organizations Detail

Instructions:

Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:

- Organization name - Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.
- Type of membership - Public, private, or individual
- Type of organization
- Organization role in the CoC planning process
- Subpopulations represented - No more than 2 may be selected
- Services provided, if applicable

Name of organization or individual: Maxwell Presbyterian

Type of Membership: Private Sector
(public, private, or individual)

Type of Organization: Faith-based organizations
(Content depends on "Type of Membership" selection)

Role(s) of the organization: Committee/Sub-committee/Work Group, Attend
(select all that apply) 10-year planning meetings during past 12 months

Subpopulation(s) represented by the organization: NONE
(No more than two subpopulations)

Does the organization provide direct services to homeless people? Yes

Services provided to homeless persons and families: Counseling/Advocacy, Soup Kitchen/Food Pantry
(select all that apply)

1D. Continuum of Care (CoC) Member Organizations Detail

Instructions:

Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:

- Organization name - Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.
- Type of membership - Public, private, or individual
- Type of organization
- Organization role in the CoC planning process
- Subpopulations represented - No more than 2 may be selected
- Services provided, if applicable

Name of organization or individual: Central Christian Church

Type of Membership: Private Sector
(public, private, or individual)

Type of Organization: Faith-based organizations
(Content depends on "Type of Membership" selection)

Role(s) of the organization: Committee/Sub-committee/Work Group, Attend
(select all that apply) 10-year planning meetings during past 12 months

Subpopulation(s) represented by the organization: NONE
(No more than two subpopulations)

Does the organization provide direct services to homeless people? Yes

Services provided to homeless persons and families: Soup Kitchen/Food Pantry
(select all that apply)

1D. Continuum of Care (CoC) Member Organizations Detail

Instructions:

Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:

- Organization name - Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.
- Type of membership - Public, private, or individual
- Type of organization
- Organization role in the CoC planning process
- Subpopulations represented - No more than 2 may be selected
- Services provided, if applicable

Name of organization or individual: Paragon Family Practice

Type of Membership: Private Sector
(public, private, or individual)

Type of Organization: Businesses
(Content depends on "Type of Membership" selection)

Role(s) of the organization: Attend 10-year planning meetings during past 12 months, Committee/Sub-committee/Work Group, Attend Consolidated Plan focus groups/public forums during past 12 months
(select all that apply)

Subpopulation(s) represented by the organization: NONE
(No more than two subpopulations)

Does the organization provide direct services to homeless people? Yes

Services provided to homeless persons and families: Case Management, Prescription Assistance, Healthcare, Mental health, HIV/AIDS
(select all that apply)

1D. Continuum of Care (CoC) Member Organizations Detail

Instructions:

Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:

- Organization name - Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.
- Type of membership - Public, private, or individual
- Type of organization
- Organization role in the CoC planning process
- Subpopulations represented - No more than 2 may be selected
- Services provided, if applicable

Name of organization or individual: REACH

Type of Membership: Private Sector
(public, private, or individual)

Type of Organization: Non-profit organizations
(Content depends on "Type of Membership" selection)

Role(s) of the organization: Attend Consolidated Plan planning meetings during past 12 months, Committee/Sub-committee/Work Group, Attend 10-year planning meetings during past 12 months, Attend Consolidated Plan focus groups/public forums during past 12 months
(select all that apply)

Subpopulation(s) represented by the organization: NONE
(No more than two subpopulations)

Does the organization provide direct services to homeless people? No

Services provided to homeless persons and families: Not Applicable
(select all that apply)

1D. Continuum of Care (CoC) Member Organizations Detail

Instructions:

Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:

- Organization name - Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.
- Type of membership - Public, private, or individual
- Type of organization
- Organization role in the CoC planning process
- Subpopulations represented - No more than 2 may be selected
- Services provided, if applicable

Name of organization or individual: Lexington Veterans Affairs Medical Center

Type of Membership: Public Sector
(public, private, or individual)

Type of Organization: Other
(Content depends on "Type of Membership" selection)

Role(s) of the organization: Committee/Sub-committee/Work Group, Attend
(select all that apply) 10-year planning meetings during past 12 months, Attend Consolidated Plan focus groups/public forums during past 12 months

Subpopulation(s) represented by the organization: Veterans
(No more than two subpopulations)

Does the organization provide direct services to homeless people? Yes

Services provided to homeless persons and families: Counseling/Advocacy, Case Management, Life Skills, Prescription Assistance, Healthcare, Mental health, Transportation, HIV/AIDS, Alcohol/Drug Abuse
(select all that apply)

1D. Continuum of Care (CoC) Member Organizations Detail

Instructions:

Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:

- Organization name - Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.
- Type of membership - Public, private, or individual
- Type of organization
- Organization role in the CoC planning process
- Subpopulations represented - No more than 2 may be selected
- Services provided, if applicable

Name of organization or individual: US Dept Housing and Urban Development

Type of Membership: Public Sector
(public, private, or individual)

Type of Organization: Public housing agencies
(Content depends on "Type of Membership" selection)

Role(s) of the organization: Committee/Sub-committee/Work Group, Attend
(select all that apply) 10-year planning meetings during past 12 months

Subpopulation(s) represented by the organization: NONE
(No more than two subpopulations)

Does the organization provide direct services to homeless people? No

Services provided to homeless persons and families: Not Applicable
(select all that apply)

1D. Continuum of Care (CoC) Member Organizations Detail

Instructions:

Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:

- Organization name - Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.
- Type of membership - Public, private, or individual
- Type of organization
- Organization role in the CoC planning process
- Subpopulations represented - No more than 2 may be selected
- Services provided, if applicable

Name of organization or individual: Street Voice Council

Type of Membership: Private Sector
(public, private, or individual)

Type of Organization: Non-profit organizations
(Content depends on "Type of Membership" selection)

Role(s) of the organization: Primary Decision Making Group, Attend 10-year
(select all that apply) planning meetings during past 12 months, Committee/Sub-committee/Work Group

Subpopulation(s) represented by the organization: NONE
(No more than two subpopulations)

Does the organization provide direct services to homeless people? Yes

Services provided to homeless persons and families: Counseling/Advocacy, Street Outreach
(select all that apply)

1E. Continuum of Care (CoC) Project Review and Selection Process

Instructions:

The CoC solicitation of projects and the project selection process should be conducted in a fair and impartial manner. For each of the following items, indicate all of the methods and processes the CoC used in the past year to assess the performance, effectiveness, and quality of all requested new and renewal project(s).

In addition, indicate if any written complaints have been received by the CoC regarding any CoC matter in the last 12 months, and how those matters were addressed and/or resolved.

Open Solicitation Methods:
(select all that apply) f. Announcements at Other Meetings, e. Announcements at CoC Meetings, c. Responsive to Public Inquiries, b. Letters/Emails to CoC Membership, d. Outreach to Faith-Based Groups

Rating and Performance Assessment Measure(s):
(select all that apply) b. Review CoC Monitoring Findings, g. Site Visit(s), k. Assess Cost Effectiveness, q. Review All Leveraging Letters (to ensure that they meet HUD requirements), c. Review HUD Monitoring Findings, r. Review HMIS participation status, d. Review Independent Audit, j. Assess Spending (fast or slow), p. Review Match, i. Evaluate Project Readiness, e. Review HUD APR for Performance Results, n. Evaluate Project Presentation, h. Survey Clients, o. Review CoC Membership Involvement, f. Review Unexecuted Grants, a. CoC Rating & Review Committee Exists, m. Assess Provider Organization Capacity, l. Assess Provider Organization Experience

Voting/Decision-Making Method(s):
(select all that apply) a. Unbiased Panel/Review Committee, d. One Vote per Organization, b. Consumer Representative Has a Vote, f. Voting Members Abstain if Conflict of Interest

Were there any written complaints received by the CoC regarding any matter in the last 12 months? No

If yes, briefly describe complaint(s), how it was resolved, and the date(s) resolved (limit 1000 characters):

1F. Continuum of Care (CoC) Housing Inventory Count--Change in Beds Available

For each housing type, indicate if there was a change (increase or reduction) in the total number of beds counted in the FY2011 Housing Inventory Count (HIC) as compared to the FY2010 HIC. If there was a change, please describe the reasons in the space provided for each housing type. If the housing type does not exist in your CoC, please select "Not Applicable" and indicate that in the text box for that housing type.

Emergency Shelter: No

Briefly describe the reason(s) for the change in Emergency Shelter beds, if applicable (limit 750 characters):

Some changes in agencies providing services but total remained relatively constant

HPRP Beds: No

Briefly describe the reason(s) for the change in HPRP beds or units, if applicable (limit 750 characters):

Safe Haven: No

Briefly describe the reason(s) for the change in Safe Haven beds, if applicable (limit 750 characters):

Transitional Housing: No

Briefly describe the reason(s) for the change in Transitional Housing beds, if applicable (limit 750 characters):

TH beds remain relatively constant

Permanent Housing: No

Briefly describe the reason(s) for the change in Permanent Housing beds, if applicable (limit 750 characters):

CoC certifies that all beds for homeless persons were included in the Housing Inventory Count (HIC) as reported on the Homelessness Data Exchange (HDX), regardless of HMIS participation and HUD funding: Yes

1G. Continuum of Care (CoC) Housing Inventory Count - Data Sources and Methods

Instructions:

Complete the following items based on data collection methods and reporting for the Housing Inventory Count (HIC), including Unmet need determination. The information should be based on a survey conducted in a 24-hour period during the last ten days of January 2011. CoCs were expected to report HIC data on the Homelessness Data Exchange (HDX).

Did the CoC submit the HIC data in HDX by May 31, 2011? Yes

If no, briefly explain why the HIC data was not submitted by May 31, 2011 (limit 750 characters).

Indicate the type of data sources or methods used to complete the housing inventory count: (select all that apply) HMIS plus housing inventory survey

Indicate the steps taken to ensure the accuracy of the data collected and included in the housing inventory count: (select all that apply) Follow-up, Instructions, Updated prior housing inventory information, Confirmation, Training, HMIS

Must specify other:

Indicate the type of data or method(s) used to determine unmet need: (select all that apply): Unsheltered count, HUD unmet need formula, HMIS data, Local studies or non-HMIS data sources, Housing inventory, National studies or data sources, Stakeholder discussion, Provider opinion through discussion or survey forms

Specify "other" data types:

If more than one method was selected, describe how these methods were used together (limit 750 characters):

Stakeholder discussions, provider opinion, local studies, the housing inventory and the count preceded the use of the HUD unmet need formula to make the final determinations.

2A. Homeless Management Information System (HMIS) Implementation

Intructions:

All CoCs are expected to have a functioning Homeless Management Information System (HMIS). An HMIS is a computerized data collection application that facilitates the collection of information on homeless individuals and families using residential or other homeless services and stores that data in an electronic format. CoCs should complete this section in conjunction with the lead agency responsible for the HMIS. All information should reflect the status of HMIS implementation as of the date of application submission.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

Select the HMIS implementation coverage area:	Statewide
Select the CoC(s) covered by the HMIS: (select all that apply)	KY-502 - Lexington/Fayette County CoC, KY-500 - Kentucky Balance of State CoC, KY-501 - Louisville/Jefferson County CoC
Is the HMIS Lead Agency the same as the CoC Lead Agency?	No
Does the CoC Lead Agency have a written agreement with the HMIS Lead Agency?	No
Has the CoC selected an HMIS software product?	Yes
If "No" select reason:	
If "Yes" list the name of the product:	Service Point
What is the name of the HMIS software company?	Bowman Systems Inc
Does the CoC plan to change HMIS software within the next 18 months?	No
Indicate the date on which HMIS data entry started (or will start): (format mm/dd/yyyy)	06/01/2004
Indicate the challenges and barriers impacting the HMIS implementation: (select all the apply):	HMIS unable to generate unduplicated count of homeless persons, Inadequate staffing, Inability to integrate data from providers with legacy data systems, No or low participation of S+C funded providers, No or low participation by non-HUD funded providers, Inadequate resources, No CoC formal data quality plan, HMIS unable to generate CoC- wide data or reports
If CoC indicated that there are no challenges or barriers impacting HMIS implementation, briefly describe either why CoC has no challenges or how all barriers have been overcome (limit 1000 characters).	

If CoC identified one or more challenges or barriers impacting HMIS implementation, briefly describe how the CoC plans to overcome them (limit 1000 characters).

The statewide HMIS has implemented training program staff for general HMIS info/resetting passwords, hired a new trainer, provide new training info, established PIT contact with Dept of Educ. and created a schedule for the running quality reports and a report card. Our local CoC and agencies do not now have adequate staffing/resources as the demand for services almost always outstrips the ability to apply CoC funding to HMIS functions. McKinney-Vento reauthorization will likely help our CoC but agencies will always struggle with these choices. We intend to use a secondary data gathering method whereby data will be gathered by non-CoC funded agencies and this data will be entered by the CoC lead agency monthly. We are working with KHC to gain access to data transfer from legacy databases.

2B. Homeless Management Information System (HMIS) Lead Agency

Enter the name and contact information for the HMIS Lead Agency. This is the organization responsible for implementing the HMIS within a CoC. There may only be one HMIS Lead Agency per CoC.

Organization Name Kentucky Housing Corporation

Street Address 1 1231 Louisville Road

Street Address 2

City Frankfort

State Kentucky

Zip Code 40601

Format: xxxxx or xxxxx-xxxx

Organization Type Non-Profit

If "Other" please specify

Is this organization the HMIS Lead Agency in more than one CoC? Yes

2C. Homeless Management Information System (HMIS) Bed Coverage

Instructions:

HMIS bed coverage measures the level of provider participation in a CoC's HMIS. Participation in HMIS is defined as the collection and reporting of client level data either through direct data entry into the HMIS or into an analytical database that includes HMIS data on an at least annual basis.

HMIS bed coverage is calculated by dividing the total number of year-round beds located in HMIS-participating programs by the total number of year-round beds in the Continuum of Care (CoC), after excluding beds in domestic violence (DV) programs. HMIS bed coverage rates must be calculated separately for emergency shelters, transitional housing, and permanent supportive housing.

The 2005 Violence Against Women Act (VAWA) Reauthorization bill restricts domestic violence provider participation in HMIS unless and until HUD completes a public notice and comment process. Until the notice and comment process is completed, HUD does not require nor expect domestic violence providers to participate in HMIS. HMIS bed coverage rates are calculated excluding domestic violence provider beds from the universe of potential beds.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

Indicate the HMIS bed coverage rate (%) for each housing type within the CoC. If a particular housing type does not exist anywhere within the CoC, select "Housing type does not exist in CoC" from the drop-down menu.

* Emergency Shelter (ES) Beds	65-75%
* Safe Haven (SH) Beds	86%+
* Transitional Housing (TH) Beds	51-64%
* Permanent Housing (PH) Beds	51-64%

How often does the CoC review or assess its HMIS bed coverage? At least Annually

If bed coverage is 0-64%, describe the CoC's plan to increase this percentage during the next 12 months:

We need to initiate a non-SHP funded data collection system before we will be able to exceed our current HMIS data submission rates.

2D. Homeless Management Information System (HMIS) Data Quality

Instructions:

HMIS data quality refers to the extent that data recorded in an HMIS accurately reflects the extent of homelessness and homeless services in a local area. In order for HMIS to present accurate and consistent information on homelessness, it is critical that all HMIS have the best possible representation of reality as it relates to homeless people and the programs that serve them. Specifically, it should be a CoC's goal to record the most accurate, consistent and timely information in order to draw reasonable conclusions about the extent of homelessness and the impact of homeless services in its local area. Answer the questions below related to the steps the CoC takes to ensure the quality of its data. In addition, CoCs will indicate their participation in the Annual Homelessness Assessment Report (AHAR) for 2010 and 2011 as well as whether or not they plan to contribute data to the Homelessness Pulse project in 2012.

For additional instructions, refer to the Exhibit 1 Detailed Instructions, which can be accessed on the left-hand menu bar.

Indicate the percentage of unduplicated client records with null or missing values on a day during the last ten days of January 2011.

Universal Data Element	Records with no values (%)	Records where value is refused or unknown (%)
* Social Security Number	3%	2%
* Date of Birth	1%	0%
* Ethnicity	2%	0%
* Race	2%	0%
* Gender	1%	0%
* Veteran Status	3%	3%
* Disabling Condition	9%	37%
* Residence Prior to Program Entry	9%	2%
* Zip Code of Last Permanent Address	30%	11%
* Name	0%	0%

How frequently does the CoC review the quality of program level data? At least Semi-annually

Describe the process, extent of assistance, and tools used to improve data quality for agencies participating in the HMIS (limit 750 characters):

Agencies are being trained to run their own quality reports and utilize the ART reports. On-site visits and training to provide technical assistance. Utilizing the performance reports to compare the HMIS data; this will indicate any data quality issues. Data quality is stressed during training and site visits. As participants of the Pulse Study we are focusing quarterly on data quality now on transitional and emergency housing. Requesting agencies to run reports on a consistent schedule. All participating agencies have access to the HMIS Help Desk via telephone and email. Agencies can sign up for as many classes as they feel they need without cost to them. KHC HMIS staff is beginning a quarterly review of data.

Describe the existing policies and procedures used to ensure that valid program entry and exit dates are recorded in the HMIS (limit 750 characters):

The Annual Performance Reports are being reviewed annually in comparison with HMIS program entries. The utilization of customized ART reports is provided for agencies to review client entries and exits for all programs. Participating agencies with consistent errors are offered on-site visit or specialized training.

|--|--|
| <p>Indicate which reports the CoC or subset of the CoC submitted usable data:
(Select all that apply)</p> | <p>2010 AHAR Supplemental Report on Homeless Veterans, 2010 AHAR</p> |
| <p>Indicate which reports the CoC or subset of the CoC plans to submit usable data:
(Select all that apply)</p> | <p>2011 AHAR, 2011 AHAR Supplemental Report on Homeless Veterans</p> |

2E. Homeless Management Information System (HMIS) Data Usage

Instructions:

CoCs can use HMIS data for a variety of applications. These include, but are not limited to, using HMIS data to understand the characteristics and service needs of homeless people, to analyze how homeless people use services, and to evaluate program effectiveness and outcomes.

In this section, CoCs will indicate the frequency in which it engages in the following.

- Integrating or warehousing data to generate unduplicated counts
- Point-in-time count of sheltered persons
- Point-in-time count of unsheltered persons
- Measuring the performance of participating housing and service providers
- Using data for program management
- Integration of HMIS data with data from mainstream resources

For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

Indicate the frequency in which the CoC uses HMIS data for each of the following:

Integrating or warehousing data to generate unduplicated counts:	At least Quarterly
Point-in-time count of sheltered persons:	Never
Point-in-time count of unsheltered persons:	Never
Measuring the performance of participating housing and service providers:	At least Quarterly
Using data for program management:	At least Semi-annually
Integration of HMIS data with data from mainstream resources:	Never

2F. Homeless Management Information System (HMIS) Data and Technical Standards

Instructions:

In order to enable communities across the country to collect homeless services data consistent with a baseline set of privacy and security protections, HUD has published HMIS Data and Technical Standards. The standards ensure that every HMIS captures the information necessary to fulfill HUD reporting requirements while protecting the privacy and informational security of all homeless individuals.

Each CoC is responsible for ensuring compliance with the HMIS Data and Technical Standards. CoCs may do this by completing compliance assessments on a regular basis and through the development of an HMIS Policy and Procedures manual. In the questions below, CoCs are asked to indicate the frequency in which they complete compliance assessment.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

For each of the following HMIS privacy and security standards, indicate the frequency in which the CoC and/or HMIS Lead Agency complete a compliance assessment:

* Unique user name and password	At least Annually
* Secure location for equipment	At least Annually
* Locking screen savers	At least Annually
* Virus protection with auto update	At least Annually
* Individual or network firewalls	At least Annually
* Restrictions on access to HMIS via public forums	At least Annually
* Compliance with HMIS Policy and Procedures manual	At least Annually
* Validation of off-site storage of HMIS data	At least Annually

How often does the CoC Lead Agency assess compliance with the HMIS Data and Technical Standards? At least Annually

How often does the CoC Lead Agency aggregate data to a central location (HMIS database or analytical database)? Never

Does the CoC have an HMIS Policy and Procedures manual? Yes

If 'Yes' indicate date of last review or update by CoC: 05/31/2008

If 'No' indicate when development of manual will be completed (mm/dd/yyyy):

2G. Homeless Management Information System (HMIS) Training

Instructions:

Providing regular training opportunities for homeless assistance providers that are participating in a local HMIS is a way that CoCs can ensure compliance with the HMIS Data and Technical Standards. In the section below, CoCs will indicate how frequently they provide certain types of training to HMIS participating providers.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

Indicate the frequency in which the CoC or HMIS Lead Agency offers each of the following training activities:

* Privacy/Ethics training	At least Monthly
* Data Security training	At least Annually
* Data Quality training	At least Monthly
* Using Data Locally	Never
* Using HMIS data for assessing program performance	At least Annually
* Basic computer skills training	At least Monthly
* HMIS software training	At least Monthly

2H. Continuum of Care (CoC) Sheltered Homeless Population & Subpopulation: Point-In-Time (PIT) Count

Instructions:

The purpose of the point-in-time count is to further understand the number and characteristics of people sleeping on the streets, including places not meant for human habitation, emergency shelters, and transitional housing. Although CoCs are only required to conduct a point-in-time count every two years, HUD strongly encourages CoCs to conduct a point-in-time count annually.

CoCs are to indicate how frequently they will conduct a point-in-time count and what percentage of their homeless service providers participated. CoCs will also describe if there was an increase, decrease, or no change between the most recent point-in-time count and the one prior. CoCs are to indicate in the narrative which years are being compared.

How frequently does the CoC conduct a point-in-time count? annually (every year)

***Indicate the date of the most recent point-in-time count (mm/dd/yyyy):** 01/27/2011

If the CoC conducted the point-in-time count outside the last 10 days in January, was a waiver from HUD obtained prior to January 19, 2011? No

Did the CoC submit the point-in-time count data in HDX by May 31, 2011? Yes

If no, briefly explain why the point-in-time data was not submitted by May 31, 2011 (limit 750 characters).

Enter the date in which the CoC plans to conduct its next point-in-time count: (mm/dd/yyyy) 01/26/2012

Indicate the percentage of homeless service providers supplying population and subpopulation data for the point-in-time count that was collected via survey, interview, and/or HMIS.

Emergency Shelter: 100%

Transitional Housing: 100%

Comparing the most recent point-in-time count to the previous point-in-time count, describe any factors that may have resulted in an increase, decrease, or no change in both the sheltered and unsheltered population counts (limit 1500 characters).

The sheltered count was up slightly and the street count was down slightly, largely due to increased services and beds available (particularly for homeless vets)

2I. Continuum of Care (CoC) Sheltered Homeless Population & Subpopulations: Methods

Instructions:

Accuracy of the data reported in point-in-time counts is vital. Data produced from these counts must be based on reliable methods and not on "guesstimates." CoCs may use one or more method(s) to count sheltered homeless persons. This form asks CoCs to identify and describe which method(s) were used to conduct the point-in-time counts. The description should demonstrate how the method(s) was used to produce an accurate count.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

**Indicate the method(s) used to count sheltered homeless persons during the last point-in-time count:
(Select all that apply):**

Survey Providers:	<input checked="" type="checkbox"/>
HMIS:	<input checked="" type="checkbox"/>
Extrapolation:	<input type="checkbox"/>
Other:	<input type="checkbox"/>

If Other, specify:

Describe the methods used by the CoC, as indicated by the above selected method(s), to collect data on the sheltered homeless population during the most recent point-in-time count. Response should indicate how the method(s) selected above were used in order to produce accurate data (limit 1500 characters):

On the PITC date we call every provider and ask them for the numbers in residence on that day. For those submitting data through HMIS we additionally cross-check these counts with HMIS data.

2J. Continuum of Care (CoC) Sheltered Homeless Population and Subpopulation: Data Collection

Instructions:

CoCs are required to produce data on seven subpopulations. These subpopulations are: chronically homeless, severely mentally ill, chronic substance abuse, veterans, persons with HIV/AIDS, victims of domestic violence, and unaccompanied youth (under 18). Subpopulation data is required for sheltered homeless persons and, with the exception of chronically homeless and veterans, optional for unsheltered persons. Sheltered chronically homeless persons are those living in emergency shelters only.

The definition of chronically homeless persons is an unaccompanied individual with a disabling condition, or an adult member of a family with a disabling condition, who meets all other requirements for chronic homeless designation. CoCs may use a variety of methods to collect subpopulation information on sheltered homeless persons and may utilize more than one in order to produce the most accurate data. This form asks CoCs to identify and describe which method(s) were used to gather subpopulation information for sheltered populations during the most recent point-in-time count. The description should demonstrate how the method(s) was used to produce an accurate count.

For additional instructions, refer to the Exhibit 1 Detailed Instructions which can be accessed on the left-hand menu bar.

Indicate the method(s) used to gather and calculate subpopulation data on sheltered homeless persons (select all that apply):

HMIS	<input checked="" type="checkbox"/>
HMIS plus extrapolation:	<input type="checkbox"/>
Sample of PIT interviews plus extrapolation:	<input checked="" type="checkbox"/>
Sample strategy:	Random Sample
Provider expertise:	<input checked="" type="checkbox"/>
Interviews:	<input type="checkbox"/>
Non-HMIS client level information:	<input checked="" type="checkbox"/>
None:	<input type="checkbox"/>
Other:	<input type="checkbox"/>

If Other, specify:

Describe the methods used by the CoC, based on the selections above, to collect data on the sheltered homeless subpopulations during the most recent point-in-time count. Response should indicate how the method(s) selected above were used in order to produce accurate data on all of the sheltered subpopulations (limit 1500 characters):

On the PITC date we call every provider and ask them for the numbers in residence on that day. For those submitting data through HMIS we additionally cross-check these counts with HMIS data.

2K. Continuum of Care (CoC) Sheltered Homeless Population and Subpopulation: Data Quality

Instructions:

The data collected during point-in-time counts is vital for CoCs and HUD. Communities need accurate data to determine the size and scope of homelessness at the local level to plan services and programs that will appropriately address local needs and measure progress in addressing homelessness. HUD needs accurate data to understand the extent and nature of homelessness throughout the country and to provide Congress and OMB with information regarding services provided, gaps in service, performance, and funding decisions. It is vital that the quality of data reported accurate and of high quality. CoCs may undertake once or more actions to improve the quality of the sheltered population data.

For additional instructions, refer to the Exhibit 1 Detailed Instructions which can be accessed on the left-hand menu bar.

Indicate the method(s) used to verify the data quality of sheltered homeless persons:
(select all that apply)

Instructions:	<input checked="" type="checkbox"/>
Training:	<input checked="" type="checkbox"/>
Remind/Follow-up	<input checked="" type="checkbox"/>
HMIS:	<input checked="" type="checkbox"/>
Non-HMIS de-duplication techniques:	<input checked="" type="checkbox"/>
None:	<input type="checkbox"/>
Other:	<input type="checkbox"/>

If Other, specify:

If selected, describe the non-HMIS de-duplication techniques used by the CoC to ensure the data quality of the sheltered persons count (limit 1000 characters).

The survey instrument used in the street count asks the respondent's year and day of birth as well as whether they had completed the survey previously that day. We use this and other data points to de-duplicate as needed.

Describe the methods used by the CoC, based on the selections above, to collect data on the sheltered homeless subpopulations during the most recent point-in-time count. Response is to indicate how the method(s) selected above were used in order to produce accurate data on all of the sheltered subpopulations (limit 1500 characters):

2L. Continuum of Care (CoC) Unsheltered Homeless Population and Subpopulation: Methods

Instructions:

Accuracy of the data reported in point-in-time counts is vital. Data produced from these counts must be based on reliable methods and not on "guesstimates." CoCs may use one or more methods to count unsheltered homeless persons. This form asks CoCs to identify which method(s) they use to conduct their point-in-time counts.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

Indicate the method(s) used during the most recent point-in-time count of unsheltered homeless persons: (select all that apply)

Public places count:	<input type="checkbox"/>
Public places count with interviews:	<input checked="" type="checkbox"/>
Service-based count:	<input checked="" type="checkbox"/>
HMIS:	<input checked="" type="checkbox"/>
Other:	<input type="checkbox"/>

If Other, specify:

Describe the method(s) used by the CoC based on the selections above, to count unsheltered homeless populations during the most recent point-in-time count. Response should indicate how the method(s) selected above were used in order to obtain accurate data (limit 1500 characters).

2M. Continuum of Care (CoC) Unsheltered Homeless Population and Subpopulation: Level of Coverage

Instructions:

CoCs may utilize several methods when counting unsheltered homeless persons. CoCs need to determine what area(s) they will go to in order to count this population. For example, CoCs may canvas an entire area or only those locations where homeless persons are known to sleep. CoCs are to indicate the level of coverage incorporated when conducting the unsheltered count.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

Indicate where the CoC located the unsheltered homeless persons (level of coverage) that were counted in the last point-in-time count: A Combination of Locations

If Other, specify:

2N. Continuum of Care (CoC) Unsheltered Homeless Population and Subpopulation: Data Quality

Instructions:

The data collected during point-in-time counts is vital for CoCs and HUD. Communities need accurate data to determine the size and scope of homelessness at the local level to plan services and programs that will appropriately address local needs and measure progress in addressing homelessness. HUD needs accurate data to understand the extent and nature of homelessness throughout the country and to provide Congress and OMB with information regarding services provided, gaps in service, performance, and funding decisions. It is vital that the quality of data reported is accurate and of high quality. CoCs may undertake one or more actions to improve the quality of the sheltered population data.

All CoCs should engage in activities to reduce the occurrence of counting unsheltered persons more than once during the point-in-time count. The strategies are known as de-duplication techniques. De-duplication techniques should always be implemented when the point-in-time count extends beyond one night or takes place during the day at service locations used by homeless persons that may or may not use shelters. CoCs are to describe de-duplication techniques used in the point-in-time count. CoCs are also asked to describe outreach efforts to identify and engage homeless individuals and families.

For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

**Indicate the steps taken by the CoC to ensure the quality of the data collected for the unsheltered population count:
(select all that apply)**

Training:	<input checked="" type="checkbox"/>
HMIS:	<input type="checkbox"/>
De-duplication techniques:	<input checked="" type="checkbox"/>
"Blitz" Count:	<input type="checkbox"/>
Unique Identifier:	<input type="checkbox"/>
Survey Question:	<input type="checkbox"/>
Enumerator Observation:	<input type="checkbox"/>
Other:	<input type="checkbox"/>

If Other, specify:

Describe the techniques, as selected above, used by the CoC to reduce the occurrence of counting unsheltered homeless persons more than once during the most recent point-in-time count (limit 1500 characters):

We asked for survey respondent's year and day of birth as well as whether they had answered the survey previously that day. We used these and other data points to de-duplicate our data.

Describe the CoCs efforts to reduce the number of unsheltered homeless households with dependent children. Discussion should include the CoCs outreach plan (limit 1500 characters):

We work with these families to connect them to the local HPRP provider and other resources. We also connect all homeless persons to a regional Infoline organized by our local United Way that screens callers to refer them to appropriate resources that can prevent homelessness as well as direct families to the best fit for emergency housing. In addition, we are working to initiate an Affordable Housing Trust Fund in our city to increase the resources devoted to emergency and permanent housing locally. Finally, we significantly expanded our Homeless Resource Fair/ Veteran Stand Down event each year to reach more street homeless people and connect them with housing and other resources.

Describe the CoCs efforts to identify and engage persons that routinely sleep on the streets or other places not meant for human habitation (limit 1500 characters):

We selected areas known to have homeless people as well as areas such the main bus depot, lunch lines etc. that would likely contain homeless persons. In addition, a newly formed group (Street Voice Council) composed of homeless and formerly homeless persons used seven vehicles to canvas the community and obtain surveys from people at know locations where homeless person congregate at night.

3A. Continuum of Care (CoC) Strategic Planning Objectives

Objective 1: Create new permanent housing beds for chronically homeless persons.

Instructions:

Ending chronic homelessness continues to be a HUD priority. CoCs can do this by creating new permanent housing beds that are specifically designated for this population. In the FY2010 NOFA, chronically homeless persons were defined as an unaccompanied homeless individual with a disabling condition, or a family where at least one adult member had a disabling condition, who has either been continuously homeless for at least a year OR has had at least four episodes of homelessness in the past three (3) years.

CoCs are to describe the short-term and long-term plans for creating new permanent housing beds for chronically homeless persons who meet the definition of chronically homeless. CoCs will also indicate the current number of permanent housing beds designated for chronically homeless persons. This number should match the number of beds reported in the FY2011 Housing Inventory Count (HIC) and enter into the Homeless Data Exchange (HDX). CoCs will then enter the number of permanent housing beds expected to be in place in 12 months, 5 years, and 10 years. These future estimates should be based on the definition of chronically homeless.

For additional instructions, refer to the 'Exhibit 1 Detailed Instructions' which can be accessed on the left-hand menu bar.

How many permanent housing beds are currently in place for chronically homeless persons? 204

In 12 months, how many permanent housing beds designated for chronically homeless persons are planned and will be available for occupancy? 214

In 5 years, how many permanent housing beds designated for chronically homeless persons are planned and will be available for occupancy? 225

In 10 years, how many permanent housing beds designated for chronically homeless persons are planned and will be available for occupancy? 240

Describe the CoC's short-term (12 month) plan to create new permanent housing beds for persons who meet HUD's definition of chronically homeless (limit 1000 characters):

We will continue to work with housing providers to accept agency sponsored CH persons into their housing and where possible convert PH beds to chronic status.

Describe the CoC's long-term (10 year) plan to create new permanent housing beds for persons who meet HUD's definition of chronically homeless (limit 1000 characters):

Partly by converting some existing beds to use by CH as well as targeting new resources for the development of new PH beds with Supportive Services for CH persons.

3A. Continuum of Care (CoC) Strategic Planning Objectives

Objective 2: Increase the percentage of participants remaining in CoC funded permanent housing projects for at least six months to 77 percent or more.

Instructions:

Increasing self-sufficiency and stability of permanent housing program participants is an important outcome measurement of HUD's homeless assistance programs. Each SHP-PH and S+C project is expected to report the percentage of participants remaining in permanent housing for more than six months on its Annual Performance Report (APR). CoCs then use this data from all of its permanent housing projects to report on the overall CoC performance on form 4C. Continuum of Care (CoC) Housing Performance.

In this section, CoCs are to describe short-term and long-term plans for increasing the percentage of participants remaining in all of its CoC-funded permanent housing projects (SHP-PH or S+C) to at least 77 percent. CoCs will indicate the current percentage of participants remaining in these projects, as indicated on form 4C, as well as the expected percentage in 12 months, 5 years, and 10 years. CoCs that do not have any CoC-funded permanent housing projects (SHP-PH or S+C) for which an APR was required should indicate this by entering "0" in the numeric fields and note in the narratives.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

What is the current percentage of participants remaining in CoC-funded permanent housing projects for at least six months? 90

In 12 months, what percentage of participants will have remained in CoC-funded permanent housing projects for at least six months? 90

In 5 years, what percentage of participants will have remained in CoC-funded permanent housing projects for at least six months? 90

In 10 years, what percentage of participants will have remained in CoC-funded permanent housing projects for at least six months? 90

Describe the CoCs short-term (12 month) plan to increase the percentage of participants remaining in CoC-funded permanent housing projects for at least six months to 77 percent or higher (limit 1000 characters):

We hope to continue at higher than national averages

Describe the CoCs long-term (10 year) plan to increase the percentage of participants remaining in CoC-funded permanent housing projects for at least six months to 77 percent or higher (limit 1000 characters):

We hope to continue at higher than national averages

3A. Continuum of Care (CoC) Strategic Planning Objectives

Objective 3: Increase the percentage of participants in CoC-funded transitional housing that move into permanent housing to 65 percent or more.

Instructions:

The transitional housing objective is to help homeless individuals and families obtain permanent housing and self-sufficiency. Each SHP-TH project is expected to report the percentage of participants moving to permanent housing on its Annual Performance Report (APR). CoCs then use this data from all of the CoC-funded transitional housing projects to report on the overall CoC performance on form 4C. Continuum of Care (CoC) Housing Performance.

In this section, CoCs are to describe short-term and long-term plans for increasing the percentage of transitional housing participants who move from SHP-TH projects into permanent housing to at least 65 percent or more. CoCs will indicate the current percentage of SHP-TH project participants moving into permanent housing as indicated on form 4C, as well as the expected percentage in 12 months, 5 years, and 10 years. CoCs that do not have any CoC funded transitional housing projects (SHP-TH) for which an APR was required should enter "0" in the numeric fields below and note in the narratives.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

What is the current percentage of participants in CoC-funded transitional housing projects will have moved to permanent housing? 70

In 12 months, what percentage of participants in CoC-funded transitional housing projects will have moved to permanent housing? 72

In 5 years, what percentage of participants in CoC-funded transitional housing projects will have moved to permanent housing? 75

In 10 years, what percentage of participants in CoC-funded transitional housing projects will have moved to permanent housing? 80

Describe the CoCs short-term (12 month) plan to increase the percentage of participants in CoC-funded transitional housing projects that move to permanent housing to 65 percent or more (limit 1000 characters).

We are currently developing a Web-based apartment availability listing in collaboration with KHC's Website enabling us to list units available with "friendly" landlords.

Describe the CoCs long-term (10 year) plan to increase the percentage of participants in CoC-funded transitional housing projects that move to permanent housing to 65 percent or more (limit 1000 characters):

Over the long-term much of our strategy is invested in the successful passage in our City Council of a publicly funded Affordable Housing Trust Fund enabling our community to create many more safe, affordable PH units in the community that are governed by the HUD standard of no more than 30% of income for housing and housing related costs. This will increase the options available to those leaving TH as well as expand our TH utilization capacity.

3A. Continuum of Care (CoC) Strategic Planning Objectives

Objective 4: Increase percentage of participants in all CoC-funded projects that are employed at program exit to 20 percent or more.

Instructions:

Employment is a critical step for homeless persons to achieve greater self-sufficiency, which represents an important outcome that is reflected both in participants' lives and the health of the community. Each CoC-funded project (excluding HMIS dedicated only projects) is expected to report the percentage of participants employed at exit on its Annual Performance Report (APR). CoCs then use this data from all of its non-HMIS projects to report on the overall CoC performance on form 4D. Continuum of Care (CoC) Enrollment in Mainstream Programs and Employment Information.

In this section, CoCs are to describe short-term and long-term plans for increasing the percentage of all CoC-funded program participants that are employed at program exit to 20 percent or more. CoCs will indicate the current percentage of project participants that are employed at program exit, as reported on 4D, as well as the expected percentage in 12 months, 5 years, and 10 years. CoCs that do not have any CoC-funded non-HMIS dedicated projects (SHP-PH, SHP-TH, SHP-SH, SHP-SSO, or Sac TRA/SRA/PRA/SRO) for which an APR was required should enter "0" in the numeric fields below and note in the narratives.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

What is the current percentage of participants in all CoC-funded projects that are employed at program exit? 62

In 12 months, what percentage of participants in all CoC-funded projects will be employed at program exit? 62

In 5 years, what percentage of participants in all CoC-funded projects will be employed at program exit? 65

In 10 years, what percentage of participants in all CoC-funded projects will be employed at program exit? 70

Describe the CoCs short-term (12 month) plan to increase the percentage of participants in all CoC-funded projects that are employed at program exit to 20 percent or more (limit 1000 characters).

We are already considerably over the national goal.

Describe the CoCs long-term (10 year) plan to increase the percentage of participants in all CoC-funded projects who are employed at program exit to 20 percent or more (limit to 1000 characters):

Over the long term we are hoping to raise the funding to enable the community to support a job developer staffing position to recruit employers to hire folks from the ES-TH-PH network as long as they are connected to other services in the network to assist them to sustain their employment over time.

3A. Continuum of Care (CoC) Strategic Planning Objectives

Objective 5: Decrease the number of homeless households with children.

Instructions:

Ending homelessness among households with children, particularly for those households living on the streets or other places not meant for human habitation, is an important HUD priority. CoCs can accomplish this goal by creating new beds and/or providing additional supportive services for this population.

In this section, CoCs are to describe short-term and long-term plans for decreasing the number of homeless households with children, particularly those households that are living on the streets or other places not meant for human habitation. CoCs will indicate the current total number of households with children that was reported on their most recent point-in-time count. CoCs will also enter the total number of homeless households with children they expect to report on in the next 12 months, 5 years, and 10 years.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

What is the current total number of homeless households with children as reported on the most recent point-in-time count? 193

In 12 months, what will be the total number of homeless households with children? 190

In 5 years, what will be the total number of homeless households with children? 160

In 10 years, what will be the total number of homeless households with children? 130

Describe the CoCs short-term (12 month) plan to decrease the number of homeless households with children (limit 1000 characters):

We expect that much of the anticipated recession related increases in homeless families can be mitigated by more affordable housing as well as more targeted resources to programs such as Rapid Re-Housing programs. Aside from our previously reference AHTF efforts we will work closely with our area HPRP programs and seek additional resources to assist families to avoid homelessness in the first place or return to safe and affordable housing as quickly as possible.

Describe the CoCs long-term (10 year) plan to decrease the number of homeless households with children (limit 1000 characters):

Here again the major long term strategy is the initiation of a locally funded AHTF. We anticipate a funding level of approximately \$3 million per year once passed into law. These funds will not only increase the supply of affordable housing but rehab dilapidated housing, provide rental assistance and provide more support for TH programs leading to PH. With leveraged resources we anticipate that hundreds of families will benefit from this AHTF each year.

3B. Continuum of Care (CoC) Discharge Planning

Instructions:

The McKinney-Vento Act requires that State and local governments have policies and protocols in place to ensure that persons being discharged from publicly-funded institutions or systems of care are not discharged immediately into homelessness. To the maximum extent practicable, Continuums of Care should demonstrate how they are coordinating with and/or assisting in State or local discharge planning efforts to ensure that discharged persons are not released directly to the streets, emergency homeless shelters, or other McKinney-Vento homeless assistance programs (SHP, S+C, SRO). For each system of care, CoCs are to address the following:

What: Describe the efforts that the CoC has taken to ensure that persons are not routinely discharged into homelessness. In the case of Foster Care, CoCs should specifically address the discharge of youth ageing out from the foster care system. If there is a State mandate that requires publicly funded institutions to ensure appropriate housing placement, that does not include homelessness, indicate this in the narrative.

Where: Indicate where persons routinely go upon discharge. Response should identify alternative housing options that are available for discharged persons other than the streets, emergency homeless shelters, and/or McKinney-Vento homeless assistance programs.

Who: Identify stakeholders and/or collaborating agencies that are responsible for ensuring that persons being discharged from system of care are not routinely discharged into homelessness.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

For each system of care identified below describe the CoC's efforts in coordinating with and/or assisting in the development of local discharge planning policies that ensure persons are not routinely discharged into homelessness, including the streets, emergency homeless shelters, or other McKinney-Vento homeless assistance housing programs. Review ALL instructions to ensure that each narrative is fully responsive (limit 1500 characters).

Foster Care (Youth Aging Out):

Aging out children are allowed to extend their time in foster settings if they are in an educational program. If they emancipate and need additional assistance there is Chafee money for housing subsidies, case management, etc. They can also get tuition waivers for any state school. HB 376, passed during the 2004 General Assembly, created homelessness prevention projects in both rural and urban locations. Institutional discharge planning is required for persons exiting from state-operated or supervised institutions involving corrections and foster care programs. Leading oversight entities are the Cabinet for Health and Family Services and the Justice Cabinet. Agencies must work with clients in state institutions 90 days prior to their release date to develop a comprehensive discharge plan addressing housing, employment and services.

Health Care:

The Secretary of the Cabinet for Health Services and Secretary for the Cabinet for Health and Family Services have issued staff directives since 2003 indicating that discharge from state facilities to homeless shelters is not an adequate discharge plan. Letters sent to all affected state employees, state hospitals and comprehensive care centers requested that a representative from the local regional Continuum of Care (COC) should be added to the discharge team and that appropriate cabinet staff participate in local COC planning. Regional discharge planning teams begin working at least 30 days prior to discharge to make a successful housing placement with mainstream housing providers. A one-hour training curriculum on the discharge planning needs of homeless clients, which is provided to all state employees administering food stamps, Section 8, foster care, Medicaid, SSI, health department services, comprehensive care services, TANF and K-CHIP. Meanwhile, the state legislature funded mandatory training for all state jailers, covering the unique needs of the chronically homeless mentally ill prisoner. Periodic Homeless Collaborative Forums for staff from the state hospitals, comprehensive care centers and local homeless service agencies and cover commitment, discharge, fair housing law and the mandate to improve housing placement at discharge

Mental Health:

In April 2003 the governor signed into law HB376, the Homeless Prevention Pilot Project, which created two pilot discharge teams, one urban and one rural. The teams, made up of staff from agencies in the Cabinet for Health and Family Services and the Justice Cabinet, work with clients in state institutions 90 days prior to release date in order to develop a comprehensive discharge plan including housing, employment and services. In addition, Kentuckys Homeless Prevention Plan specifically addresses the issue of discharge from institutions to homeless shelters.

Corrections:

Classification and Treatment Officers (Social Workers) in each correctional facility are designated as pre-release coordinators to help plan for housing, employment and other needs for those released from incarceration. The KY State Department of Corrections has an extensive pre-release curriculum required for those serving out or who are up for parole.

3C. Continuum of Care (CoC) Coordination

Instructions:

A CoC should regularly assess its local homeless assistance system and identify gaps and unmet needs. CoCs can improve their communities through long-term strategic planning. CoCs are encouraged to establish specific goals and implement short-term action steps. Because of the complexity of existing homeless systems and the need to coordinate multiple funding sources and priorities, there are often multiple long-term strategic planning groups. It is imperative for CoCs to coordinate, as appropriate, with each of these existing strategic planning groups to meet local needs.

For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

Does the Consolidated Plan for the jurisdiction(s) that make up the CoC include the CoC strategic plan goals for addressing homelessness? Yes

If yes, list the goals in the CoC strategic plan that are included in the Consolidated Plan: All goals listed by the CoC are captured in total and included in the Consolidated Plan. These include expanding access to emergency and transitional housing, reducing barriers to affordable housing, increasing the supply of affordable housing, etc.

Describe how the CoC is participating in or coordinating with the local Homeless Prevention and Rapid re-housing Program (HPRP) initiative, as indicated in the substantial amendment to the Consolidated Plan 2008 Action Plan (1500 character limit):

The HPRP program in Lexington is being administered almost entirely by the LFUCG. They operated a smaller program thru Adult and Tenant Services funded by ESG and city matching dollars. The program is now significantly expanded and added a Rapid Re-housing component with added case management. Staff from the program regularly attend CKHHI meetings as well as coordinate extensively with CKHHI member agencies. In addition to the city program, two agencies in Lexington (Hope Center and Community Action Agency) received portions of the statewide HPRP funding and operate addition programs in our region. Both collaborate extensively with the CoC.

Describe how the CoC is participating in or coordinating with any of the following: Neighborhood Stabilization Program (NSP) initiative, HUD VASH, or other HUD managed American Reinvestment and Recovery Act programs (2500 character limit)?

HUD VASH - Statewide and local Veterans Adm. staff have been working actively here in Lexington to place homeless veterans into HUD-VASH voucher funded units. This past October, with extensive support from the local Veterans Adm. we continued our local Homeless Resource Fair/Veterans Stand Down Event, serving more than 210 homeless persons and connecting many to local resources (including the VA-VASH program).

NSP funding in Lexington did not receive a separate allocation of NSP Round 2 or 3 dollars but was eligible for competitive awards from the statewide NSP pools. CKHHI worked extensively with local agencies to apply for these statewide funds. A number of projects from Lexington were awarded funding in the first cycle including a project to build more affordable housing through the Hope Center. Rounds 2 and 3 have been less successful with funding for targeted homeless programs.

Indicate if the CoC has established policies that require homeless assistance providers to ensure all children are enrolled in school and connected to appropriate services within the community? Yes

If yes, please describe the established policies that are in currently in place.

Describe the CoC's efforts to collaborate with local education agencies to assist in the identification of homeless families and inform them of their eligibility for McKinney-Vento education services. (limit 1500 characters)

Educational institutions are regularly contacted regarding children in their schools in an effort to avail each child with resources targeted to children in ES and TH settings. Where agency efforts fall short, the CoC intervenes as a county entity to deal with problems that are best solved systemically.

Describe how the CoC has, and will continue, to consider the educational needs of children when families are placed in emergency or transitional shelter. (limit 1500 characters)

All COC funded agencies working with children have designated personnel to coordinate educational needs of children in their programs. Each agency has its own procedures but all seek to maximize efforts to connect children to resources enabling them to do as well as possible in school.

Describe the CoC's current efforts to combat homelessness among veterans. Narrative should identify organizations that are currently serving this population, how this effort is consistent with CoC strategic plan goals, and how the CoC plans to address this issue in the future.(limit 1500 characters)

Our local Veterans Adm. rep has joined the statewide KICH and regularly attends CKHHI meetings. In addition two staff members from the Veterans Adm. are the primary organizers for the Fall Homeless Resource Connection & Stand Down event each year. Randy Molar (Veterans Adm. in Lexington) is actively coordinating veteran targeted programs with local providers throughout the CKHHI network and will continue to do so. Our local VOA as well the Catholic Action Center provide housing programs targeted to veterans

Describe the CoC's current efforts to address the youth homeless population. Narrative should identify organizations that are currently serving this population, how this effort is consistent with the CoC strategic plan goals, and the plans to continue to address this issue in the future (limit 1500 characters):

Currently we have a limited number of agencies serving homeless youth. These include MASH, Methodist Home and Florence Crittenden. The director of MASH serves on the CKHHI Board and Executive Committee. MASH offers a basic center shelter as well as TH and PH targeted to aging out youth.

3D. Hold Harmless Need (HHN) Reallocation

Instructions:

Continuum of Care (CoC) Hold Harmless Need (HHN) Reallocation is a process whereby an eligible CoC may reallocate funds in whole or in part from SHP renewal projects to create one or more new permanent housing projects and/or a new dedicated HMIS project. A CoC is eligible to use HHN Reallocation if its Final Pro Rata Need (FPRN) is based on its HHN amount or if it is a newly approved merged CoC that used the Hold Harmless Merger process during the FY2011 CoC Registration process.

The HHN Reallocation process allows eligible CoCs to fund new permanent housing or dedicated HMIS projects by transferring all or part of funds from existing SHP grants that are eligible for renewal in Fy2011 into a new project. New reallocated permanent housing projects may apply under SHP (one, two, or three years), S+C (five or ten years), and Section 8 Moderate Rehabilitation (ten years). New reallocated HMIS projects may be for one, two, or three years.

A CoC whose FPRN is based on its Preliminary Pro Rata Need (PPRN) is not eligible to reallocate existing projects through this process and should therefore always select "No" to the questions below.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

Does the CoC want to reallocate funds from one or more expiring SHP grant(s) into one or more new permanent housing or dedicated HMIS project(s)? No

Is the CoCs Final Pro Rata Need (FPRN) based on either its Hold Harmless Need (HHN) amount or the Hold Harmless Merger process? Yes

CoCs who are in PPRN status are not eligible to reallocate projects through the HHN reallocation process.

4A. Continuum of Care (CoC) 2010 Achievements

Instructions:

In the FY2010 CoC application, CoCs were asked to propose numeric achievements for each of HUD's five national objectives related to ending chronic homelessness and moving individuals and families to permanent housing and self-sufficiency through employment. CoCs will report on their actual accomplishments since FY2010 versus the proposed accomplishments.

In the column labeled FY2010 Proposed Numeric Achievement enter the number of beds, percentage, or number of households that were entered in the FY2010 application for the applicable objective. In the column labeled Actual Numeric Achievement enter the actual number of beds, percentage, or number of households that the CoC reached to date for each objective.

CoCs will also indicate if they submitted an Exhibit 1 in FY2010. If a CoC did not submit an Exhibit 1 in FY2010, enter "No" to the question. CoCs that did not fully meet the proposed numeric achievement for any of the objectives should indicate the reason in the narrative section.

For additional instructions, refer to the 'Exhibit 1 Detailed Instructions' which can be accessed on the left-hand menu bar.

Objective	FY2010 Proposed Numeric Achievement:		Actual Numeric Achievement	
Create new permanent housing beds for the chronically homeless.	10	Beds	10	B e d s
Increase the percentage of homeless persons staying in permanent housing over 6 months to at least 77%.	79	%	90	%
Increase the percentage of homeless persons moving from transitional housing to permanent housing to at least 65%.	77	%	70	%
Increase the percentage of homeless persons employed at exit to at least 20%	60	%	62	%
Decrease the number of homeless households with children.	180	Households	193	H o u s e h o l d s

Did the CoC submit an Exhibit 1 application in FY2010? Yes

If the CoC was unable to reach its FY2010 proposed numeric achievement for any of the national objectives, provide a detailed explanation (limit 1500 characters)

The continuing Great Recession is having a serious effect on families and increasing the numbers who are homeless and those who will likely become homeless, particularly after HPRP programs run out of funding in 2012.

4B. Continuum of Care (CoC) Chronic Homeless Progress

Instructions:

HUD tracks each CoCs progress toward ending chronic homelessness. In the FY2011 CoC NOFA, chronically homeless is defined as an unaccompanied homeless individual with a disabling condition, or a family with at least one adult member who has a disabling condition, who has either been continuously homeless for at least a year OR has had at least four episodes of homelessness in the last three (3) years.

CoCs are to track changes from one year to the next in the number of chronically homeless persons as well as the number of beds available for this population. CoCs will complete this section using data reported for the FY2009, FY2010, and FY2011 (if applicable) point-in-time counts as well as the data collected and reported on the Housing Inventory Counts (HIC) for those same years. For each year, indicate the total unduplicated point-in-time count of chronically homeless as reported in that year. For FY2009 and FY2010, this number should match the number indicated on form 2J of the respective years Exhibit 1. For FY2011, this number should match the number entered on the Homeless Data Exchange (HDX).

Indicate the total number of chronically homeless persons and total number of permanent housing beds designated for the chronically homeless persons in the CoC for FY2009, FY2010, and FY2011.

Year	Number of CH Persons	Number of PH beds for the CH
2009	129	78
2010	204	197
2011	202	218

Indicate the number of new permanent housing beds in place and made available for occupancy for the chronically homeless between February 1, 2010 and January 31, 2011.

Identify the amount of funds from each funding source for the development and operations costs of the new permanent housing beds designated for the chronically homeless, that were created between February 1, 2010 and January 31, 2011.

Cost Type	HUD McKinney-Vento	Other Federal	State	Local	Private
Development		\$60,000			
Operations					
Total	\$0	\$60,000	\$0	\$0	\$0

If the number of chronically homeless persons increased or if the number of permanent beds designated for the chronically homeless decreased, please explain (limit 750 characters):

Not applicable

4C. Continuum of Care (CoC) Housing Performance

Instructions:

All CoC funded non-HMIS projects are required to submit an Annual Performance Report (APR), or Transition APR (TAPR) within 90 days of a given operating year. To demonstrate performance on participants remaining in permanent housing for more than six months, CoCs must use data on all permanent housing projects that should have submitted an APR, or TAPR, for the most recent operating year. Projects that did not submit an APR, or TAPR, on time must also be included in this calculation.

Complete the table using data entered for Question 12(a) and 12(b) for the most recent submitted APR, Q27 from the TAPR, for all permanent housing projects (SHP-PH, or Sac TRA/SRA/SRO/PRA) within the CoC that should have submitted one. Enter totals in fields a-e. The Total PH percent will auto-calculate by selecting "Save." The percentage is calculated as: $c+d$, divided by $a+b$, multiplied by 100. the last field, e., is excluded from the calculation.

CoCs that do not have SHP-PH or S+C projects for which an APR, or TAPR, was required should select "No" if the CoC did not have ANY CoC-funded permanent housing projects operating within their CoC that should have submitted an APR, or TAPR.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

Does the CoC have any permanent housing projects (SHP-PH or S+C) for which an APR was required to be submitted? Yes

Participants in Permanent Housing (PH)	
a. Number of participants who exited permanent housing project(s)	35
b. Number of participants who did not leave the project(s)	103
c. Number of participants who exited after staying 6 months or longer	27
d. Number of participants who did not exit after staying 6 months or longer	97
e. Number of participants who did not exit and were enrolled for less than 6 months	6
TOTAL PH (%)	90

Instructions:

HUD will also assess CoC performance in moving participants in SHP transitional housing programs into permanent housing. To demonstrate performance, CoCs must use data on all transitional housing projects that should have submitted an APR, or TAPR, for the most recent operating year. Projects that did not submit an APR, or TAPR, on time must also be included in this calculation.

Complete the table below using cumulative data entered for Question 14 on the most recent submitted APR, Q29 on the TAPR, for all transitional housing projects (SHP-TH) within the CoC that should have submitted one. Once amounts have been entered into a. and b. selection "Save." The Total TH will auto-calculate. The percentage is auto-calculated as: b. divided by a, multiplied by 100. CoCs that do not have SHP-TH projects for which an APR was required should select "No" to the question below. This only applies to CoCs that do not have any CoC-funded transitional housing projects currently operating within their CoC that should have submitted an APR.

Does CoC have any transitional housing projects (SHP-TH) for which an APR was required to be submitted? Yes

Participants in Transitional Housing (TH)	
a. Number of participants who exited TH project(s), including unknown destination	220
b. Number of SHP transitional housing participants that moved to permanent housing upon exit	154
TOTAL TH (%)	70

4D. Continuum of Care (CoC) Enrollment in Mainstream Programs and Employment Information

Instructions:

HUD will assess CoC performance in assisting program participants with accessing mainstream services to increase income and improve outcomes such as health, education, safety, and/or economic outcomes of homeless persons. To demonstrate performance, CoCs must use data on all non-HMIS projects (SHP-PH, SHP-SH, SHP-SSO, S+C TRA/SRA/PRA/SRO) that should have submitted an APR (either the HUD-40118 or the HUD APR in e-snaps) for the most recent operating year. Projects that did not submit an APR on time must also be included in this calculation.

Complete the table below using cumulative data entered for question 11 on the most recent submitted HUD-40118 APR or Q26 for the HUD APR in e-snaps for all non-HMIS projects within the CoC that should have submitted one. Each CoC shall first indicate the total number of exiting adults. Next, enter the total number of adults who exited CoC non-HMIS projects with each source of income. Once amounts have been entered, select "Save" and the percentages will auto-calculate. CoCs that do not have any non-HMIS projects for which an APR was required should select "No" to the question below. This only applies to CoCs that do not have any CoC-funded non-HMIS projects currently operating within their CoC that should have submitted an APR.

For additional instructions, refer to the [Exhibit 1 Detailed Instructions](#) which can be accessed on the left-hand menu bar.

Total Number of Exiting Adults: 265

Mainstream Program	Number of Exiting Adults	Exit Percentage (Auto-calculated)	
SSI	7	3	%
SSDI	7	3	%
Social Security	0	0	%
General Public Assistance	0	0	%
TANF	9	3	%
SCHIP	0	0	%
Veterans Benefits	0	0	%
Employment Income	183	69	%
Unemployment Benefits	1	0	%
Veterans Health Care	1	0	%
Medicaid	3	1	%
Food Stamps	9	3	%
Other (Please specify below)	2	1	%
Medicare			
No Financial Resources	43	16	%

The percentage values will be calculated by the system when you click the "save" button.

Does the CoC have any non-HMIS projects for which an APR was required to be submitted? No

4E. Continuum of Care (CoC) Participation in Energy Star and Section 3 Employment Policy

Instructions:

HUD promotes energy-efficient housing. All McKinney-Vento funded projects are encouraged to purchase and use Energy Star labeled products. For information on the Energy Star Initiative go to: <http://www.energystar.gov>

A "Section 3 business concern" is one in which: 51% or more of the owners are Section 3 residents of the area of services; or at least 30% of its permanent full-time employees are currently Section 3 residents of the area of services; or within three years of their date of hire with the business concern were Section 3 residents; or evidence of a commitment to subcontract greater than 25% of the dollar award of all subcontracts to businesses that meet the qualifications in the above categories is provided. The Section 3 clause can be found at 24 CFR Part 135.

Has the CoC notified its members of the Energy Star Initiative? Yes

Are any projects within the CoC requesting funds for housing rehabilitation or new construction? No

4F. Continuum of Care (CoC) Enrollment and Participation in Mainstream Programs

It is fundamental that each CoC systematically help homeless persons to identify, apply for, and follow-up to receive benefits under SSI, SSDI, TANF, Medicaid, Food Stamps, SCHIP, WIA, and Veterans Health Care as well as any other State or Local program that may be applicable.

Does the CoC systematically analyze its projects APRs in order to improve access to mainstream programs? Yes

If 'Yes', describe the process and the frequency that it occurs.

Annually we review each agency's prior year APR for project effectiveness in meeting their goals.

Does the CoC have an active planning committee that meets at least 3 times per year to improve CoC-wide participation in mainstream programs? No

If "Yes", indicate all meeting dates in the past 12 months.

Does the CoC coordinate with the State Interagency Council on Homelessness to reduce or remove barriers to accessing mainstream services? Yes

Does the CoC and/or its providers have specialized staff whose primary responsibility is to identify, enroll, and follow-up with homeless persons on participation in mainstream programs? Yes

If yes, identify these staff members Provider Staff

Does the CoC systematically provide training on how to identify eligibility and program changes for mainstream programs to provider staff. No

If "Yes", specify the frequency of the training. Never

Does the CoC use HMIS as a way to screen for mainstream benefit eligibility? No

If "Yes", indicate for which mainstream programs HMIS completes screening.

Has the CoC participated in SOAR training? No

If "Yes", indicate training date(s).

Various agencies within the CoC have participated in SOAR training but CoC staff have not done so to date.

4G: Homeless Assistance Providers Enrollment and Participation in Mainstream Programs

Indicate the percentage of homeless assistance providers that are implementing the following activities:

Activity	Percentage
1. Case managers systematically assist clients in completing applications for mainstream benefits. 1a. Describe how service is generally provided:	100%
During initial case management assessment	
2. Homeless assistance providers supply transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs.	85%
3. Homeless assistance providers use a single application form for four or more mainstream programs: 3.a Indicate for which mainstream programs the form applies:	0%
4. Homeless assistance providers have staff systematically follow-up to ensure mainstream benefits are received.	100%
4a. Describe the follow-up process:	
F/up with departments after submission of required info	

Continuum of Care (CoC) Project Listing

Instructions:

IMPORTANT: Prior to starting the CoC Project Listing, CoCs should carefully review the "CoC Project Listing Instructions" and the "CoC Project Listing" training module, both of which are available at www.hudhre.info/esnaps.

To upload all Exhibit 2 applications that have been submitted to this CoC, click on the "Update List" button. This process will take longer based upon the number of projects that need to be located. The CoC can either work on other parts of Exhibit 1 or it can log out of e-snaps and come back later to view the updated list. To review a project, click on the next to each project to view project details.
