Their mission was to 1. review the staffing issue at the Animal Care & Control office; 2. review the leash ordinance; 3. review the kennel ordinance; and 4. review the barking/noise ordinance. In summary, the task force looked at 140 complaints over a 2 week period. He noted that citizens want 1. Quicker response time; 2. Knowledge-options; 3. Tougher laws; 4. Safer neighborhoods/better quality of life; 5. End their frustration. Animal Control & Care are not employed by LFUCG and the Humane Society is not a government agency. The task force found that the # 1 problem is not being able to enforce the current ordinances. The recommendations from the task force were 1. hire 6 more A C & C officers; 2. hire 3 more auxiliary personnel; 3. acquire 3 more vehicles. Other recommendations were: Council to review ordinance regarding animals, cats, and vicious dogs; 2. review status of service; 3. Co. Attorney's office to establish diversion program for offenders; 4. better public education; 5. establish oversight board; 6. establish more dog parks; and 7. organize an education booklet.

CM Gorton requested to speak. She stated that the A C & C officers' salary was very low. She also asked Andrea Weddle of the Dept. of Law if we needed to update information concerning dog parks. The answer was that we did not need any other updates.

CM McChord requested to speak. He thanked CM Stinnett for his work on this issue. He also asked what the next step from Council is. CM Stinnett

said that public input is still to be had and that Council should support the recommendations.

On August 23, 2007 (Ordinance # 193-2007), the Urban County Council approved acceptance of federal funds from the Kentucky Department of Juvenile Justice for implementation of a truancy assessment center. The approved grant application provides for the use of federal funds in the amount of \$75,691 for the continuation of a Truancy Assessment Center. CONSOLIDATED PLAN TO PROVIDE FOR THE ESTABLISHMENT
OF A NEW COMMUNITY DEVELOPMENT BLOCK GRANT PROJECT
AND TO AMEND THE 2005 CONSOLIDATED PLAN TO PROVIDE
FOR A CHANGE IN SCOPE OF WORK FOR THE VALLEY PARK
PROJECT--REQUIRES PUBLIC HEARING ON DECEMBER 6,
2007**

The Division of Community Development recommends that the following new project be established in the 2007 Consolidated Plan using Community Development Block Grant funds:

The design and construction of an open channel system beginning on Bryan Avenue to Morgan Avenue. The open channel will be up to six feet deep and have a four foot bottom width, with side slopes rising at a 3:1 slope. Restoring the surface flow characteristics of this area via the open channel will require acquisition and relocation of residents from six properties. The affected addresses are 405, 406, 407 and 408 Shawnee Avenue; 1426 Bryan Avenue and 400 Meadow Park. Temporary construction easements, for the purpose of slight-to-moderate re-grading, would be needed at the rear of 1406 and 1408 Bryan Avenue. Funds to support this project will come from funds currently budgeted for public improvements in the 2007 Consolidated Plan. Original plan provided for curb, gutter, sidewalk, and street improvements to a portion of Highland Park. These activities have not been cancelled, but are being rescheduled for a later time. Estimated cost of property acquisition, relocation of residents, and demolition of structures for this project is \$500,000. Construction of channel and installation of culverts is estimated at \$ 210,000. These funds are budgeted in the Community Development Block Grant for Consolidated Plan Year 2007 for public improvements.

It is also recommended that the following change be made to a project in the 2005 Consolidated Plan using Community Development Block Grant funds:

Original plan provided for the construction of a new athletic field at Valley Park. Amendment is proposed to use these federal funds for the reconstruction and expansion of parking lot and reconstruction of walkway, at Valley Park, bringing both components into compliance with ADA. Construction of new athletic field will be accomplished with non-federal funds. Original project cost of \$60,000 will not be affected.

Since these are substantial changes to previously approved Consolidated Plans, a public hearing is necessary prior to approval of plan amendments by the Urban County Council. This requirement for a public hearing to review new CDBG projects and substantial changes to existing CDBG projects is required by both federal regulations and the approved Citizens Participation Plan.

Council authorization to amend the 2007 Consolidated Plan, establishing a new project, "Open Channel on Bryan Avenue" and to amend the 2005 Consolidated Plan, providing for a change in the scope of work for the Valley Park project, is hereby requested.

RE: GENERAL TERM ORDER
CALENDAR YEAR 2008

Submitted herewith are the 2008 General Term Orders for the Fayette County Clerk and the Fayette County Sheriff.

These two officers are fee officers in county government. According to the Kentucky Constitution, each of these officers is to operate from 75% of the fees and commissions authorized by statutes with the remaining 25% paid over to the LFUCG quarterly. Thus the document presented deals with the projected expenditures of each office in three categories comprising the 75% of fees and commissions received.

The LFUCG Council should approve the General Term Order for each officer and then be signed by the Mayor for submission to the County Fee Division of the Finance Cabinet by each officer. Each expenditure is authorized by the pertinent officer and submitted to the Cabinet for review and approval.

Please have the appropriate Resolution prepared by the Law Department and submitted to the Council Docket for approval.

SUBJECT: Salary Supplements

The implementation of Enterprise Resource Planning (ERP) Software for LFUCG began in earnest with the award of a contract to a service provider in October 2005. Two years later, the implementation of the integrated software solution, now known as STARS, continues. Over the last eleven (11) months, difficulties with the Financials module have been shared with Council. Investments in staff time across government have been significant, but none affecting more people for a greater length of time than in the Department of Finance and Administration. Work on nights and weekends continue as staff works to close the fiscal year and establish best practice guidelines for moving forward. Several employees reached the eighty (80) hour maximum for compensatory time months ago; others more recently. In all cases, staff has contributed hard work and dedication above and beyond the call of duty. To provide additional compensation, I hereby request the authority to provide temporary salary supplements.

Criteria for the supplements would be:

- The employee has accumulated compensatory time of eighty (80) hours;
- The compensation may be retroactive to October 15, 2007 and shall not extend beyond January 15, 2008;
- The compensation will be twenty (20) percent of the employee's base salary; and,
- The additional compensation will require the approval of the Commissioner of the Department of Finance and Administration and the Senior Advisor for Management.

The financial impact of the compensation will be less than \$30,000 and will be paid from funds allocated for STARS implementation.

Should you have questions, please feel free to contact me at 258-3300.
