Economic Contingency Designation Information

The Economic Contingency Account (ECA) has the following characteristics:

Revenue Stabilization Concept:

Operates as a safety cushion against sharp downturns in the three major revenues that produce about 75% of the General Fund resources for each fiscal year.

Emergency Reserve Account Concept:

Available when a federal, state, or Fayette County-wide emergency has been declared.

Deposits to the Economic Contingency Account:

1. Goal is to accumulate 10% of the General Fund prior year's total revenue in the account.
2. Budgeted - \$50,000 per month deposit each budget year until goal achieved, except when a withdrawal is proposed.
3. Year-end - 25% of available fund balance moved to the ECA.

Withdrawals from the Economic Contingency Account:

1. Emergencies – amount needed to insure the health and safety of residents within Fayette County.
2. Revenue Stabilization Concept.

The Economic Contingency Designation was established by ordinance in 1996 with an initial deposit of \$4,000,000.

Interest income and a deposits have brought the balance up to \$25.2 million as of June 30, 2014. Ten percent of the FY 2014 General Fund Revenues is \$30.3 million which means that LFUCG is at 83% of the goal established by this ordinance.

The Economic Contingency Designation Release calculation on the following page is in full compliance with Ordinance 78-2006.

Urban Services Districts Fund

The Urban Services Districts Fund (1115) was established to account for Refuse Collection, and Street Light and Street Cleaning services. There are six special service districts within this fund. These districts are based on the combination of services provided and are funded by an ad valorem tax rate established for each service.

District one is the FULL URBAN SERVICES DISTRICT. Property owners in this district receive all three of the available services.

Districts three through seven are PARTIAL URBAN SERVICE DISTRICTS. Property owners in these districts receive one or two of the available services.

Sanitary Sewer Funds

The Sanitary Sewer Funds account for the expenses associated with the operation of the sewer treatment plants, maintenance of pump stations, rehabilitation and maintenance of sewer lines, and physical improvements to the system. The fund is supported by sewer user fees.

Sewer user fees based on water consumption were initiated in July 1982 to replace property tax funding of the sanitary sewer system as mandated by the Environmental Protection Agency. With this change, the sanitary sewer system became a self-supporting activity (enterprise fund).

The Sanitary Sewer Revenue and Operating Fund (4002) provides for the general operating, maintenance, and debt service costs of the sanitary sewer system. Other expenses include the administrative costs of operating the system such as insurance, revenue collection costs, personnel hiring, accounting, payroll processing, and legal fees. Prior to July 1, 1995, the government's Division of Revenue was responsible for billing and collecting sewer user fees. Kentucky-American Water Company assumed this function, which was transferred to Greater Cincinnati Water Works in FY 2013.

The Sanitary Sewer Construction Fund (4003) was created to account for sanitary sewer construction projects funded by bonds, notes, privilege fees, cash contributions, and sales of surplus property.

Public Facilities Corporation (PFC) and Other Public Corporations

Public Facilities Corporation - General Fund (4022)

Prior to July 15, 1996, the state constitution restricted the LFUCG from issuing general obligation bonds. Instead, bank and mortgage notes and mortgage revenue bonds were issued through various public corporations in order to finance public projects. The debt is collateralized by the properties, a pledge of specified government revenues, and lease payments from the government sufficient to retire the debt and to provide for the operation and maintenance of the facilities.

Parks Projects Fund (4024) - This fund was created to account for the acquisition of park land and parks development and improvements.

Landfill Fund

The Landfill Fund (4121) was established to account for the revenues and expenses associated with the capping and closure of the landfill in Fayette County and the on-going costs of refuse disposal.

June 20, 1995 - Landfill-solid waste disposal fees approved (Ordinance 138-95).

June 22, 1995 - Solid waste disposal contract approved (Addington Resources, Resolution 252-95).

State and federal statutes and regulations have mandated significant changes in the requirements for designing, constructing, operating, managing, maintaining, and closing landfills. The revised requirements have imposed extraordinary expenses on landfill operations.

Enhanced 911 Fund

The Enhanced 911 Fund (4204) was created in FY 1996 to account for Enhanced 911 revenues and expenses. An Enhanced 911 system saves time and communicates information, even when a caller cannot, by providing a telephone number, and address or latitude and longitude for cell phone callers.

A fee of \$2.59 per landline phone is applied to the phone bills of Fayette County residents for the Enhanced 911 system. A fee was first applied at the rate of \$0.95 per phone line on January 1, 1996, and the system became operational in March 1998. The fee was imposed in advance of the system becoming operational in order to provide funding for database development. The fee was set to \$1.31 during FY 2004, and then increased in FY 2009 with a 4.5% annual increase.

Legislation restricts revenues from a tax or fee expressly levied to fund 911 emergency services to be expended solely for 911 services. Since approximately 42 percent of the calls for assistance are 911 emergency calls, 42 percent of the calltaker/dispatcher personnel costs can be charged to this fund.
