The contents of this booklet are intended for general information purposes only. It is not to be relied upon as a summary plan description or for the determination of any policy benefits, limitations or exclusions. The master insurance policies issued by the respective carriers will be relied upon exclusively to determine all benefits.
Welcome!

We know you work hard each day to make a significant contribution to our great American City. The benefits and programs described in this overview are a significant component of your overall compensation. You may not think of your benefits every time you receive a paycheck, but we know they are very important to you and certainly are one of LFUCG’s greatest investments.

We make this investment because we want to reward you for the work you do. We also want to ensure you and your family have the security you need to help protect you from the devastating consequences of life’s risks. Going above and beyond the standard healthcare delivery system, we provide you unlimited access to high quality healthcare through the Samuel Brown Health Center; a gold standard model and comprehensive healthcare delivery system complete with a physician, nurse practitioners, medical staff and a full pharmacy that is designed to put you first!

In 2018, we will continue to offer 4 medical plan designs to fit the unique needs of your family. You will notice that the deductible for our HSA plans have increased by $100 for individual and $200 for family and this is a result of new IRS regulations regarding the minimum allowable deductible. Also, with respect to the premium rates, you will see a small increase, but certainly less than healthcare cost increase trends both in Kentucky and nationally. In this regard, the best way to help control our healthcare costs is to be informed consumers of healthcare services. Remember, by using our Samuel Brown Health Center and City Pharmacy, you can save money on your medical expenses as well as help LFUCG better control overall healthcare costs related to our medical plans.

New for 2018, all pharmacy benefits will be managed through Anthem BC/BS using Express Scripts (instead of Baptist Health). However, since Anthem will continue to utilize Express Scripts, we expect only a limited number of changes to the formulary, quantity limits and step therapy requirements relative to prescribed medication.

LFUCG will also continue to make a contribution to your Health Savings Account as in the past for those electing an HSA medical plan. This contribution will assist you in accumulating savings for current and future medical expenses. The LFUCG’s HSA contributions are made during the months of January and July.

This booklet contains highlights of the benefits offered by LFUCG beginning January 1, 2018 through December 31, 2018. Star Robbins & Company will be assisting employees again this year along with our Human Resources benefits team and members of Benefit Insurance Marketing (BIM) to provide guidance and support during your enrollment process.

Flexible Spending Accounts (FSA)

LFUCG offers two Flexible Spending Accounts (FSAs) which can save you money! You can elect a medical FSA to complement your PPO medical plan, or if you are waiving medical coverage, or enrolled in a PPO plan elsewhere.

A General Purpose Medical FSA allows you to payroll deduct money tax free to pay for qualified medical, dental and vision expenses not covered by your insurance plans (expenses such as co-pays, or deductibles). You can payroll deduct up to $2,600/each year to be used on expenses incurred during that year. Account is funded in its entirety at the beginning of the plan year.

The Dependent Care Account can help to fund the care of children under the age of 13, or a disabled spouse, child or parent while you work. This account can be used for daycare, preschool, after school care, summer day camp or elder care. The annual maximum contribution is $5,000 (or $2,500 if married, filing separately). The funds in this account can only be used as they accumulate.

FSA Plan election does not roll over. You must re-enroll each year.

Qualifying Events

IRS Guidelines are adhered to for the medical, dental and vision plans at LFUCG which are administered in accordance with the IRS Section 125 Tax Code. This allows premiums for benefits to be deducted on a pre-tax basis from your paycheck.

Plan changes cannot be made after open enrollment without a change in family status or qualifying event that is consistent with the IRS guidelines. A change in family status allows you to add or remove dependents from your plan but does not allow you to change from one plan to another. Some examples of qualifying events are:

- Legal marital status changes: Marriage, divorce, death of a spouse (copy of marriage certificate, copy of final court divorce decree or death certificate required).
- Cancellation of dependent coverage due to dependent ineligibility: Dependent gains or loses coverage under another plan.
- Birth or adoption of a child (copy of birth certificate or adoption papers required).
- Change in employment status from part-time or temporary to full-time.
- Change in employment status (full-time to part-time or temporary) or termination of employment.
- Loss of coverage under spouse’s employer plan due to a spouse’s death, termination of employment, divorce or loss of eligibility for other coverage
- Qualified medical child support court order (documents required).

CHANGES IN FAMILY STATUS MUST BE REPORTED TO HR WITHIN 30 DAYS OF THE QUALIFYING EVENT IN ORDER TO MAKE A PLAN CHANGE.

IRS guidelines stipulate that if you contribute dollars to a Flexible Spending Account and do not use all the money you deposit, you will lose any remaining balance in the account at the end of the eligible claims period.

However, for both Flexible Spending Accounts, you may continue to incur claims for expenses during the “Grace Period”. The Grace Period extends 2 ½ months after the Plan Year ends, during which time you can continue to incur claims and use up all amounts remaining in your Health Flexible Spending Account or Dependent care Flexible Spending Account. Any monies left at the end of the Grace Period (March 15th) will be forfeited. Claims must be submitted no later than 15 days after the end of the Grace Period (March 30th).

For information on eligible FSA expenses, go to: irs.gov/publications/p502
Health Savings Account Plan (HSA)

Enrolling in our HSA 1 or HSA 2 medical plan options may make you eligible for a Health Savings Account (HSA). This is a savings account that can be funded with pre-tax dollars to be used for qualified medical, dental and vision expenses. It is similar to the flexible spending account with the exception that the money is rolled over year to year and cannot be lost. You can use the funds in your HSA Account for qualifying medical expenses in future years. This account goes with you even if you leave employment with LFUCG.

Eligibility requirements for the Health Savings Account:

- You must be covered by a High Deductible Health Plan (HSA 1 or HSA 2).
- You cannot be covered under another medical plan that is not an HDHP.
- You are NOT eligible for an HSA Account if either you or your spouse contributes to a general purpose Medical Flexible Spending Account.
- You are NOT eligible for an HSA Account if you are enrolled in a government sponsored medical plan (i.e. Medicare, Medicaid).

LFUCG contributes a sum of money to your HSA Account as indicated below. Half is deposited in January and half in July.

Health Equity manages all of the contributions into the Health Savings Accounts. Any contribution you make can be payroll deducted and deposited by LFUCG. For more information on Health Savings Accounts, call 866-346-5800, or visit myhealthequity.com.

LFUCG has three available categories of Supplemental benefits; “Life Insurance Plans”, “Medical Related Plans”, and “Disability Income Plans”.

THIS ENROLLMENT ONLY

During this year’s enrollment, you will have the option of participating in certain life options Guaranteed Issue. Guaranteed Issue means coverage is available without the required medical questions and underwriting review. Some plans will have a 12/12 lookback period. These special offers are only good during this enrollment period. Talk to your Star Robbins & Company Benefit Educators for more details.

- Trustmark’s Universal Life Events with Long Term Care
  If you need Long Term Care, will your choices be limited? Long Term Care can be expensive and may be needed at any age. With the Universal Life Events coverage, benefits can be paid as death benefits or living benefits, or a combination of both. This coverage is flexible to meet your needs and budget.

- Humana: Whole Life Coverage - Voluntary Whole Life Coverage

It can also help with debt liquidation, such as paying off loans or a mortgage, and future expenses such as education funds or retirement needs.

  Why do I need Whole Life coverage?
  Whole life coverage is a simple, voluntary policy you can get at a reasonable cost during your working years, when you and your family need it most. Life insurance can help relieve additional financial stress for your loved ones and preserve their quality of life. Term Life gives you protection for a defined period of 10 or 20 years, and can supplement any other life plan you may have in place. You can keep your plan and continue to pay premiums even if you change employers. Coverage for your spouse and children is also available.

Voluntary Supplemental Plans for 2018
Medical Related Supplemental Plans

Medical Related Supplemental Plans are designed to help cover out-of-pocket costs associated with medical care. These special policies provide needed financial support during unexpected life events which impact the ability to earn a paycheck. Supplemental benefits pay direct to you to help stay caught up with everyday expenses, such as mortgages, car payments, groceries, etc., so you can focus on getting well.

▶ Cancer Coverage

Cancer Coverage is perhaps the most popular of these medical related supplemental plans. The American Cancer Society reports “1 in every 3 women and 1 in every 2 men will have a cancer diagnosis.” LFUCG offers three levels of this important coverage. Some highlights of the plan are shown in the claim example below.

**Claim Example:** Jane’s doctor recommends pre-op testing and provides her with the location of the hospital. Jane must travel 200 miles for pre-op testing (medical imagining) and is admitted to the hospital for surgery. Jane undergoes surgery, anesthesia, radiation/chemo, and is visited by a doctor during a 3-day hospital stay. Every 2 weeks she has radiation/chemo and is given anti-nausea medication. Jane sees her doctor during follow up visits. Allstate’s Cancer Insurance paid the following claim payments direct to Jane:

| Wellness Exam | $100 |
| Non-Local Transportation | $160 |
| Radiation/Chemo | $20,000 |
| Physician Visits | $150 |
| Hospital Confinement | $1,200 |
| Surgery | $3,000 |

**TOTAL BENEFITS: $31,635**

▶ Critical Illness Coverage

Group Voluntary Critical Illness pays a lump sum cash benefit of $10,000 or $20,000 to help you cover out-of-pocket expenses associated with a covered Critical Illness, such as heart attack or stroke. The claims example below highlights the features of this coverage.

**Claim Example:** Jim suffers a heart attack, and is hospitalized for 3 days. Four months later, Jim has another heart attack. He is admitted to the ICU unit for 3 days and undergoes coronary artery bypass surgery. Jim ultimately made the decision to leave his job, and is able to take his coverage with him. Allstate’s Critical Illness insurance paid the following claim payments direct to Jim:

| Heart Attack | $20,000 |
| Second Event | $20,000 |
| Bypass Surgery | $5,000 |

**TOTAL BENEFITS: $45,000**

▶ Accident Coverage

There are activities that you or your family do on a daily basis that may lead to an accident or injury. Injuries can happen while playing Sports, Traveling, and even at Work. Allstate’s Group Accident plan pays benefits for expenses associated with an accident and can help protect hard-earned savings should an on or off the job accidental injury occur. The claim example below illustrates features of this policy.

**Claim Example:** Emily chooses accident coverage at annual enrollment. Two years later she is traveling to work and is in a car accident. She is air-lifted to the hospital. Emily incurred expenses for services in and out of the hospital. In addition to what major medical paid to the providers, Allstate’s Accident insurance paid the following claim payments direct to Emily:

| Air Ambulance Service | $600 |
| Medicine | $10 |
| 3-Day hospital stay | $600 |
| Hospital Admission | $1,000 |
| Medical Expenses | $500 |

**TOTAL BENEFITS: $5,760**
Short-Term Disability Income Protection

Short-Term Disability protects your paycheck if you cannot work due to off-the-job illness or injury. You will have the ability to select the amount of coverage that coordinates best with your current sick pay. These benefits start after a short elimination period and pay for the first few months of a disability based on your selected coverage.

Long-Term Disability Income Protection

Long-Term Disability protects your income when short-term coverage ends and covers you to Social Security Normal Retirement Age, should you remain disabled. Why do you need it? Ask yourself this: If you get sick or hurt, how would you manage life without a paycheck? How long could you go without a paycheck? Would you be able to pay your mortgage or rent? Could you afford the new expenses that come with disability?

What’s Covered?

Up to 60% of your monthly Income. You choose the amount of coverage based on your needs and budget.

NOTE: If you did not elect Disability Coverage when initially eligible, you will need to provide an Evidence of Insurability form which is subject to Cigna underwriting approval.

Late applicants may also be subject to pre-existing condition limitations. See Benefit Summary for full details.
