The contents of this booklet are intended for general information purposes only. It is not to be relied upon as a summary plan description or for the determination of any policy benefits, limitations or exclusions. The master insurance policies issued by the respective carriers will be relied upon exclusively to determine all benefits.
Welcome!

We know you work hard every day to make a significant contribution to our City. The benefits and programs described in this overview are a significant component of your overall compensation. You may not think of your benefits every time you receive a paycheck, but we know they are very important to you and certainly are one of LFUCG’s greatest investments.

LFUCG wants to ensure you and your family protection from the devastating consequences of life’s health risks. Going above and beyond the standard healthcare delivery system, we provide you unlimited access to high quality healthcare through the Samuel Brown Health Center; a gold standard model and comprehensive healthcare delivery system complete with a physician, nurse practitioners, medical staff and a full pharmacy that is designed to put you first!

Unfortunately, there is no avoiding the rising cost of healthcare. Each year, advances in technology and new medications introduced to the market inflate the expense of insuring our health. For 2019, we will continue to offer a choice in health plans, giving our employees an option to select the plan that best meets their needs and that of their family at an affordable cost. You will, however, notice some minor changes to the healthcare plans and a nominal increase in premiums. The changes allowed LFUCG to absorb the greatest impact of the cost increase that is projected for 2019.

LFUCG will also continue to make a contribution to your Health Savings Account as in the past for those eligible and electing an HDHP/HSA medical plan. This contribution will assist you in accumulating savings for current and future medical expenses. You will also once again see that 50% of LFUCG’s HSA contributions will be made during the month of January and the remaining 50% will be made in July.

This booklet contains highlights of the benefits offered by LFUCG beginning January 1, 2019 through December 31, 2019. Star Robbins & Company will be assisting employees again this year along with our Human Resources Benefits’ Team and members of the Bim Group to provide guidance and support during your enrollment process.

Have a happy and healthy 2019! Together LexThrive!

Director, Division of Human Resources

Flexible Spending Accounts (FSA)

LFUCG offers two Flexible Spending Accounts (FSAs) which can save you money! You can elect a medical FSA to complement your PPO medical plan, or if you are waiving medical coverage, or enrolled in a PPO plan elsewhere.

A General Purpose Medical FSA allows you to payroll deduct money tax free to pay for qualified medical, dental and vision expenses not covered by your insurance plans (expenses such as copays, or deductibles). You can payroll deduct up to $2,650/each year to be used on expenses incurred during that year. **Account is funded in its entirety at the beginning of the plan year.**

- **The Dependent Care Account** can help to fund the care of children under the age of 13, or a disabled spouse, child or parent while you work. This account can be used for daycare, preschool, after school care, summer day camp or elder care. The annual maximum contribution is $5,000 (or $2,500 if married, filing separately). **The funds in this account can only be used as they accumulate.**

**FSA Plan election does not roll over. You must re-enroll each year.**

IRS guidelines stipulate that if you contribute dollars to a Flexible Spending Account and do not use all the money you deposit, you will lose any remaining balance in the account at the end of the eligible claims period.

However, for both Flexible Spending Accounts, you may continue to incur claims for expenses during the “Grace Period”. The Grace Period extends 2 ½ months after the Plan Year ends, during which time you can continue to incur claims and use up all amounts remaining in your Health Flexible Spending Account or Dependent care Flexible Spending Account. Any monies left at the end of the Grace Period (March 15th) will be forfeited. Claims must be submitted no later than 15 days after the end of the Grace Period (March 30th).

For information on eligible FSA expenses, go to:  
irs.gov/publications/p502

Qualifying Events

IRS Guidelines are adhered to for the medical, dental and vision plans at LFUCG which are administered in accordance with the IRS Section 125 Tax Code. This allows premiums for benefits to be deducted on a pre-tax basis from your paycheck.

Plan changes cannot be made after open enrollment without a change in family status or qualifying event that is consistent with the IRS guidelines. A change in family status allows you to add or remove dependents from your plan but does not allow you to change from one plan to another. Some examples of qualifying events are:

- Legal marital status changes: Marriage, divorce, death of a spouse (copy of marriage certificate, copy of final court divorce decree or death certificate required).
- Cancellation of dependent coverage due to dependent ineligibility: Dependent gains or loses coverage under another plan.
- Birth or adoption of a child (copy of birth certificate or adoption papers required).
- Change in employment status from part-time or temporary to full-time.
- Change in employment status (full-time to part-time or temporary) or termination of employment.
- Loss of coverage under spouse’s employer plan due to a spouse's death, termination of employment, divorce or loss of eligibility for other coverage
- Qualified medical child support court order (documents required).

**CHANGES IN FAMILY STATUS MUST BE REPORTED TO HR WITHIN 30 DAYS OF THE QUALIFYING EVENT IN ORDER TO MAKE A PLAN CHANGE.**
Health Savings Account (HSA)

You can contribute pre-tax dollars into a Health Savings Bank Account if you have elected the HSA medical plan. This is a personal bank account which allows you to payroll deduct pre-tax money to pay for out of pocket expenses incurred for medical, dental and vision. For a full list of Qualified Expenses, go to: [www.irs.gov/pub/irs-pdf/p502.pdf](http://www.irs.gov/pub/irs-pdf/p502.pdf)

Money in this account is always yours and goes with you even if you leave your employer; however, the money can only be used for medical, dental and vision expenses that are not paid for by the insurance plan and can also be used to pay expenses for your spouse and tax-dependent children, even if they are not covered on your insurance plans*. This account is designed to allow you to save pre-tax dollars for current and future medical expenses.

**Note:** You can change your Health Savings Account contribution at any time during the year by contacting the Human Resource Department.

The Health Savings Account is administered by HealthEquity. Upon initial election of the HSA Medical Plan, a Health Savings Bank Account will automatically be opened for you. Your HSA debit card will be mailed to you. Upon receipt, you must activate your card as instructed.

**HEALTH SAVINGS ACCOUNT ELIGIBILITY**

You are **NOT** eligible for a HSA Bank Account if:

- You, or your spouse, contribute to a General Purpose Flexible Spending Account;
- You are enrolled in a governmental sponsored medical plan such as Medicare, Medicaid or TRICARE;
- You have additional coverage on a PPO Plan.

**HSA ANNUAL CONTRIBUTION LIMIT**

- Annual contribution amounts are limited by IRS regulations. The 2019 Contribution Limits are:
  - $3,500 for Individual coverage;
  - $7,000 for EE + Dependent plans
- If you are over age 55, you can contribute an additional $1,000 annually.

*Note: Money in a Health Savings Account can be used for yourself, your spouse and tax dependent children. If your Domestic Partner meets the IRS qualification to be considered a tax dependent, you can legally use your HSA funds for his/her qualified expenses. If they do not meet this qualification, you cannot.*

**LFUCG contributes a sum of money** to your HSA Account as indicated below. Half is deposited in January and half in July.

**Voluntary Supplemental Plans for 2019**

Why should I consider Supplemental Plans?
These plans are designed to pay direct to you and help provide peace of mind during medical life events. There are many different supplemental plans available. LFUCG has three available categories of Supplemental benefits; “Life Insurance Plans”, “Medical Related Plans”, and “Disability Income Plans”.

Some products offer Guaranteed Issue during your initial eligibility or open enrollment. Guaranteed Issue means coverage is available without the required medical questions and underwriting review. Some plans will have a 12/12 lookback period. Talk to your Star Robbins & Company Benefit Educators for more details.

**Trustmark’s Universal Life Events with Long Term Care**

If you need Long Term Care, will your choices be limited? Long Term Care can be expensive and may be needed at any age. With the Universal Life Events coverage, benefits can be paid as death benefits or living benefits, or a combination of both. This coverage is flexible to meet your needs and budget.

**ManhattanLife: Whole Life Coverage - Voluntary Whole Life Coverage**

Whole Life coverage gives you and your loved ones a solid foundation for building a long-term financial plan. It helps ensure that your family is financially protected with money that can be used for funeral costs and other final expenses, as well as immediate needs such as probate expenses and ongoing bills like utilities. It can also help with debt liquidation, such as paying off loans or a mortgage, and future expenses such as education funds or retirement needs.

Why do I need Whole Life coverage?
Whole life coverage is a simple, voluntary policy you can get at a reasonable cost during your working years, when you and your family need it most. It’s also a benefit that can stay in place when it’s time for retirement. Features include:

- Level Premiums, Guaranteed renewable, Accumulated Cash Value, and Death Benefit and Cash Value are guaranteed.
- You can keep your plan and continue to pay premiums even if you change employers. Humana’s whole life plans have 2 “living benefits” that offer real value: One enables you to request an acceleration of up to 50% of the death benefit, if you are diagnosed with a terminal illness in the future. The second benefit, The Facility Care Accelerated benefit provides an acceleration of your life insurance benefit for adult day care and inpatient resident care. Paid up at age 65 policy option, or paid up at 99 policy options are available.

**Level Term Life Coverage: 10 Year or 20 Year**

Why Do I need Term Life coverage?
If someone depends on you financially, it is wise to have life insurance, whether you’re married, single, a single parent, a small business owner, or retired. Life insurance can help relieve additional financial stress for your loved ones and preserve their quality of life. Term Life gives you protection for a defined period of 10 or 20 years, and can supplement any other life plan you may have in place. You can keep your plan and continue to pay premiums even if you change employers. Coverage for your spouse and children is also available.
Medical Related Supplemental Plans are designed to help cover out-of-pocket costs associated with medical care. These special policies provide needed financial support during unexpected life events which impact the ability to earn a paycheck. Supplemental benefits pay direct to you to help stay caught up with everyday expenses, such as mortgages, car payments, groceries, etc., so you can focus on getting well.

**Cancer Coverage**

Cancer Coverage is perhaps the most popular of these medical related supplemental plans. The American Cancer Society reports “1 in every 3 women and 1 in every 2 men will have a cancer diagnosis.” LFUCG offers three levels of this important coverage. Some highlights of the plan are shown in the claim example below.

**Claim Example:** Jane’s doctor recommends pre-op testing and provides her with the location of the hospital. Jane must travel 200 miles for pre-op testing (medical imagining) and is admitted to the hospital for surgery. Jane undergoes surgery, anesthesia, radiation/chemo, and is visited by a doctor during a 3-day hospital stay. Every 2 weeks she has radiation/chemo and is given anti-nausea medication. Jane sees her doctor during follow up visits. Allstate’s Cancer Insurance paid the following claim payments direct to Jane:

- Wellness Exam: $100
- Non-Local Transportation: $160
- Radiation/Chemo: $20,000
- Physician Visits: $150
- Hospital Confinement: $1,200

Short-Term Disability Income Protection

Short-Term Disability protects your paycheck if you cannot work due to off-the-job illness or injury. You will have the ability to select the amount of coverage that coordinates best with your current sick pay. These benefits start after a short elimination period and pay for the first few months of a disability based on your selected coverage.

See a Star Robbins representative to enroll in this benefit.

Long-Term Disability Income Protection

Long-Term Disability protects your income when short-term coverage ends and covers you to Social Security Normal Retirement Age, should you remain disabled. Why do you need it? Ask yourself this: If you get sick or hurt, how would you manage life without a paycheck? How long could you go without a paycheck? Would you be able to pay your mortgage or rent? Could you afford the new expenses that come with disability?

What’s Covered?

Up to 60% of your basic annual earnings to a maximum of $5,000 per month.

NOTE: Guaranteed enrollment in the CIGNA LTD plan is only available as a new hire. Enrollment at any other time will require an Evidence of Insurability form and will be subject to approval by CIGNA Underwriting. Approval is not guaranteed outside of your initial eligibility.

If you want to apply for Long Term Disability during Open Enrollment, Evidence forms (available on the PeopleSoft portal) must be completed during open enrollment if you did not elect during your initial eligibility. Premiums will be taken from your paycheck effective in January. If your coverage is denied after payroll deductions begin, you will be refunded any premium deducted from your paycheck.
