## **SPECIAL EVENT PLANNING GUIDE**

Welcome to the City of Lexington! The Lexington-Fayette Urban Co. Government is committed to providing local and visiting events that provide high quality and safe experiences for the community.

The Office of the Mayor, Department of Parks and Recreation and all supporting city services have collaborated to update event policies and procedures and to assist event producers and organizers with an efficient and effective planning process. This Special Events Planning Guide is a tool primarily intended to assist event producers with understanding the process, requirements, and options for presenting events on public property in Lexington-Fayette County. The Planning Guide may also provide some guidance for event producers planning events on private property as well.

Please note that applying for a permit does NOT guarantee that your event will be approved! LFUCG assumes no liability if an event is not approved — Selling tickets, advertising, gaining sponsorship and other activities done prior to event approval is at the risk of the event organizer.

## **SPECIAL EVENT REQUIREMENTS**

A special event is defined as a pre-planned event, whether publicly and/or privately sponsored where the public is invited and will be held on publicly owned, leased or controlled property, including but not limited to parks, streets, sidewalks, or plaza areas such as the Robert F. Stephens Courthouse or 5<sup>th</sup> 3<sup>rd</sup> Pavilion. All special events taking place on public property, with anticipated attendance of over 100 people, events in need of any city services, or that would impede the general public, will require a Special Event Permit.

Special Events on city venues will typically need some support of city services such as from the Lexington Police Department, street closures, waste management, electrical support, etc. Cost estimates for these services will be provided to the event producer.

Special Event Applicants will be required to provide the Special Event Application, a Certificate of Insurance naming the Lexington-Fayette Urban Co. Government as additional insured, an application fee, a security deposit, and a detailed map of the event layout and/or parade or walk route.

Special Event Applicants are required to contract with licensed caterers and alcohol vendors and/or to secure their own alcohol license.

Special Events may be presented by registered not-for-profit organizations, by community groups or by registered for-profit companies. (Proof of current, non-profit status must be provided.) The LFUCG will permit Special Events operated by registered for-profit sponsors provided that they are beneficial to the City and the public.

## **RESPONSIBILITIES OF EVENT ORGANIZERS**

Special Event organizers are expected to review all requirements and codes and to operate under the terms and conditions of the approved permit. Event organizers are required to follow the guidelines for all LFUCG departments and are responsible for insuring that vendors and guests adhere to the stated guidelines as well. Events must begin and end at the approved times. Event organizers are responsible

for ensuring that all vendors end sales and break down their booths and that crowds disperse at the end of the event. Event organizers are also expected to return event venues to the conditions that existed prior to the event, including the removal of trash, rental equipment, etc. Failure to abide by all of the stated requirements and conditions may result in a rejection of event permits in the future and additional costs to the event organizers.

## **SPECIAL EVENT FEES**

Various rental fees are required for use of LFUCG property and are dependent upon the venue as well as the size, scope and length of event and whether the event is presented by a for-profit or not-for-profit organization.

Further, fees will be charged for required or requested city services, such as road closures, traffic control, waste management, electrical services, etc. Fees are listed with descriptions of services in this Planning Guide.

All event applications must be accompanied by a \$50.00, non-refundable, event application fee.

## **TYPES OF SPECIAL EVENTS**

*Special Events include, but are not limited to:*

If public roads, public spaces, or other private property owners will be impacted, event organizers must contact all impacted property owners and managers and coordinate event needs with Lt. Tommy Perkins, Lexington Police, 859-258-3662, or [tperkins@lexingtonpolice.ky.gov](mailto:tperkins@lexingtonpolice.ky.gov)

Event organizers may be required to contract with a security company for traffic management, road closures or other security management issues.

Upon receipt of a Special Event application, LFUCG departments will review the application and then respond regarding whether they can support the event and provide an estimate of the cost to the event applicant.

When seeking an event date, please research other large impact events such as UK football and basketball home games or other large public events. **The Lexington Police Department will be unable to provide assistance for other events that are on the same days as home football games or other large events.**

Below is information regarding the supporting services along with contact information for additional questions.

For additional questions about each division, please refer to the contact list at the end of this planning guide.

## **Alcoholic Beverage License**

If you plan to serve or sell alcoholic beverages at your event, you are required to obtain both a Commonwealth of Kentucky and Lexington-Fayette Urban County temporary alcoholic beverage control (ABC) license or contract with a licensed caterer or provider for alcoholic beverages. It is recommended that event organizers apply for liquor licenses at least 30 days prior to the Special Event.

**A complete Special Temporary License Application not received at least 14 business days prior to the event date cannot be guaranteed approval.**

Events taking place on LFUCG property will require a resolution from the Mayor's office to obtain the liquor license. **Events for over 100 people, that include alcohol, must contract with one or more off-duty officers.**

For additional questions, call:

Lexington Police Department, Alcoholic Beverage Control Office: 859-280-8486 or

## **Electrical Service**

If your event requires electrical services for booths, food vendors, lighting, sound systems, or any other item, you must indicate those needs on the event application.

For events at the Robert F. Stephens Courthouse Plaza, for that indicates electrical outlets, etc. You may also talk with Rick Melton, Meridian Management, for more information about available electrical service. A map detailing electrical needs for all vendors and amenities is required four (4) weeks prior to the event. Vendors are strongly encouraged to come prepared with 100 feet of extension cord. LFUCG primarily creates electrical hubs. Vendors will be required to access those hubs with their own cords.

If an LFUCG electrician will be required to be on-site, the event organizer will be billed for this service. **Rates for LFUCG electricians are \$55 per hour.**

## **Emergency Management**

Prior to the event, event organizers must determine emergency plans with the Lexington-Fayette County Division of Emergency Management (DEM) to utilize in the case of severe weather or other emergency incidents.

Following discussions with the DEM, event organizers must review the DEM's emergency plan information online and then complete the Division of Emergency Management Supplement Form to provide details on plans for severe weather. This form is REQUIRED before you get a final special events permit.

For more emergency management information visit: [bereadylexington.com](http://bereadylexington.com).

Their goal is to ensure that citizens and visitors attending festivals, runs, or events are provided the best in emergency medical coverage.

If you would like to request EMS coverage for your event, you may do so on the Special Event Application. This will help determine what type of EMS staffing will be required. This determination will be based on the expected number of attendees, any special needs or risk factors involved, and the nature of the event. LFUCG Division of Fire and Emergency Services will submit an estimate of expenses to the event organizer prior to the event and a bill for services following the event.

Rates for Emergency Medical Services are \$120 per hour / per crew. (A crew is a 2 person team). Event organizers may also seek volunteer support from other EMT and health professionals.

## Insurance Requirements

Event organizers and any vendors who enter into contracts with them must purchase and maintain throughout the event, including setup and breakdown, the following types of liability insurance, if applicable, at their own expense:

- **General Liability Insurance** – If the event is being produced by a business or non-profit organization, they must submit a Certificate of Insurance providing proof of a commercial general liability insurance policy, written on an occurrence basis for bodily injury, personal injury, property damage, and product liability, with a minimum limit of liability of \$1,000,000 per occurrence/\$2,000,000

aggregate. The event organizer and its vendors must list LFUCG as additional insured on all commercial general liability policies.

- **Liquor Liability Insurance** – If the event is being produced by a business that manufactures, distributes, sells, or serves alcoholic beverages at an event, they must also submit a Certificate of Insurance providing proof of a liquor liability insurance policy or properly endorsed general liability policy.

If the event organizer hires a vendor to serve or sell alcoholic beverages, rather than providing the alcohol themselves, they must submit a Certificate of Insurance from the vendor providing proof of a liquor liability insurance policy or properly endorsed general liability policy.

In either case the minimum acceptable limit of liability per claim is \$1,000,000 per occurrence. This requirement applies to the business or group that serves or sells the alcohol. The supplier of the liquor liability policy must list LFUCG as additional insured on the policy providing the liquor liability insurance.

- **Personal Liability Insurance** – If the event is being produced by an individual who expects more than 500 attendees at the event and/or intends to serve or sell alcoholic beverages at the event, or have inflatables, the event organizer must submit a Certificate of Insurance providing proof of personal liability insurance, through either a homeowners policy or other liability insurance policy, in an amount not less than \$1,000,000 per occurrence. If alcohol is going to be served or sold by an individual event organizer, the Certificate of Insurance must specify that Incidental/Host Liquor Liability coverage is provided for that particular event, and specify the date of the event.

If this same event organizer decides to hire a vendor to serve or sell alcoholic beverages, rather than providing the alcohol themselves, they must follow the instructions under Liquor Liability Insurance.

If this same event organizer is putting on an event using a vendor to provide carnival rides or inflatables, they must obtain General Liability Insurance for the vendor.

- **Fireworks or Pyrotechnics Permit** – If the event organizer intends to display fireworks or pyrotechnics and obtains a Fireworks and Pyrotechnics Permit, or contracts with a vendor who obtains the required permit, the minimum combined single limit of liability for all displayers is \$2,000,000 per occurrence. This amount may be increased at the discretion of LFUCG officials based on potential risk associated with the event. The firm that actually launches the fireworks must provide a Certificate of General Liability Insurance with a minimum limit of liability of \$2,000,000 per occurrence, listing the date(s) of the event. The pyrotechnic vendor's policy must list LFUCG and any venues hosting an event as additional insured.

- **Carnival Rides, Petting Zoos, or Inflatables** – If the event organizer is a business or non-profit organization which intends to use carnival rides or inflatables at their event, they must submit a Certificate of Insurance providing proof of a commercial general liability insurance policy, as described in the General Liability Insurance section above.

- **Miscellaneous Insurance Requirements – apply to all policies.** - With reasonable notice to event producers, LFUCG reserves the right to require insurance of event organizers and/or venues to increase the minimum acceptable limits of liability for their specific activity.

All Certificates of Insurance required for an event must be submitted by the event organizer to the Mayor’s Office of Special Events at least 30 days prior to event.

**All event related insurance policies must include the following language:**

*Lexington-Fayette Urban County Government is named Additional Insured on the above-referenced liability policies with exception of Workers’ Compensation & Professional Liability where required by written contract. The above-referenced liability policies are Primary and Non-Contributory where required by written contract. 30-day notice of cancellation will be given to the certificate holder per policy endorsement.*

## **Parks and Recreation**

Parks and Recreation offers several rental opportunities and permits to facilitate a wide variety of events. In addition to renting various park venues, Parks and Recreation also will rent the mobile stage (show mobile), bleachers, and handles photography permits for commercial shoots within city parks. See Page 4 for links to several Parks and Recreation pages with event and venue information.

## **Police / Security**

The Lexington Police Department is an integral part of all public events through their provisions for security, public safety, traffic and pedestrian traffic control and through participants in events such as parades, etc. It is the responsibility of the event organizer to provide adequate security for the event and to request their participation in community events. The type and location of the event, presence of alcoholic beverages, availability of sufficient Lexington Police personnel, street closings, and other factors will determine the amount of security needed at any event. Event organizers preparing events for 250 or more attendees, should discuss the event with Lt. Tommy Perkins, Lexington Police Department Event Liaison, at least four weeks prior to the event.

Based upon the size and scope of each event, LFUCG may **require** an event organizer to provide private security, hire off-duty police officers, or reimburse LFUCG for expenses incurred by providing on-duty police officers for traffic and crowd control. The Lexington Police Department reserves the right to indicate how many officers and/or supervisors will be needed to staff an event.

The average costs for on-duty Lexington Police Department officers, based upon an Over-Time rate are:

Officer	\$51 per hour
Sergeant	\$65 per hour
Lieutenant	\$75 per hour

Reimbursements to the Lexington Police Department, for event services, will be at the actual overtime rate of the officer working the event which could be higher or lower than the average rate provided with the initial cost estimate.

Event organizers may also choose to contract with a private security company, many of which are staffed with off-duty police officers. Rates for utilizing private security personnel can be obtained directly from the individual companies.

The Lexington Police Department and the LFUCG Division of Fire and Emergency Services assigned to a particular event will have sole discretion in all matters pertaining to security, traffic and crowd control at Special Events in the Downtown Lexington area.

LFUCG will not accept responsibility for providing on-duty personnel for the following needs at events:

- Gate/Entrance Security
- Security for VIP's and Celebrities
- Beer or alcohol sales security
- Security for money handling
- Stage Security
- Private Parking lot security
- Overnight Security

**Honor Guards** - To include a Police Honor Guard in an event such as a large parade, please contact the Police Chief's Office at 859-258-3621 or [PoliceChief@lexingtonpolice.ky.gov](mailto:PoliceChief@lexingtonpolice.ky.gov).

**Mounted Police** – To include the Mounted Police Unit in an event such as a large parade, please contact the Police Chief's Office at 859-258-3621 or [PoliceChief@lexingtonpolice.ky.gov](mailto:PoliceChief@lexingtonpolice.ky.gov).

## Trash and Waste Management

The event organizer is responsible for ensuring adequate trash and recycling management through volunteer services or by contracting with the LFUCG Departments of Streets and Roads and Waste Management for necessary services. (See below for detailed information regarding services and costs associated with each department.) All events will require some level of volunteer or city provided clean-up and waste management services. Following an event, it is the event organizer's responsibility to ensure that the entirety of the property is returned to its original state.

For events with 1000 or fewer attendees, it is permissible for event producers to enlist partial or full support from volunteer groups to provide trash, recycling and waste management for their event. Written documentation of a detailed clean-up plan provided by volunteer services must be provided at the time of application. In this case, at the end of the event, all permanent trash receptacles must be left empty with new can liners. All signage, event related supplies and equipment must be removed. All trash and waste must be picked up and hard-surfaces must be clear of stains from spills.

If clean-up and trash requirements are not met, event organizers will be billed and required to pay for city services necessary following the event.

Events for over 1000 people must meet with the Department of Streets and Roads and Waste Management to determine required city services and associated costs. Necessary services will be

determined based upon the volume of attendees, the number of food and drink vendors, and the number of hours and days of the event.

- **Streets & Road Services** – The Streets and Roads department provides fee-based clean-up services for events. Trash is picked up throughout the event, trash and recycling receptacles emptied and taken to trash compactor, and trash is blown to the curb for street sweepers to pick up and sidewalks are cleared.

For events with less than 1000 attendees anticipated, event organizers may enlist volunteer support for partial or full clean-up and trash services for events. Confirmation of the volunteer services must be provided in writing along with the initial Special Event Application.

For events over 1000 attendees, event organizers must meet with the Streets and Roads department to determine necessary services and costs for the event. The number of event attendees, number of food and drink vendors, and hours and days of the event will determine the necessary city personnel and associated costs for services. Street sweeping will also take place following an event and is mandatory following an event with food and drink.

**The following table provides general personnel estimates for planning purposes:**

Number of Expected Attendees	Number of Streets & Roads Crew Needed <i>(per event hour)</i>
Up to 250	1 supervisor + 2 crew
250 - 500	2 supervisors + 4 crew
500 – 1000	1 Mgr. + 2 Supervisors + 6 Crew
1000 – 2500	<i>Planning Meeting Required</i>
2500 - 5000	<i>Planning Meeting Required</i>
5000+	<i>Planning Meeting Required</i>

**Basic costs for Streets and Roads crews and equipment include:**

- |                                |                      |
|--------------------------------|----------------------|
| Deputy Director - \$44.80/hour | Crew - \$32.09/hour  |
| Admin. Spec. - \$30.31/hour    | Sweepers - \$37.23/h |
| Supervisors - \$44.87/hour     |                      |

Prior to the event, the Streets and Roads department will provide the Event Organizers with an estimate of costs. All estimates must be signed and returned to the appropriate departments. The Event Organizer will be billed for the work following the event.

Parades and other events with animals must ensure clean-up of their animals.

- **Waste Management Services** – For small events, on and off of public property, Waste Management will loan folding waste receptacles at no charge to the event organizer. (The Event Organizer must pick them up and return them to Waste Management.) Email Waste Management at [wastemanagement@lexingtonky.gov](mailto:wastemanagement@lexingtonky.gov) or call (859) 425-2255 to reserve.

For events up to 500 people, rolling waste and recycling carts can be provided at a cost of \$4.50 each. Rolling waste and recycling carts will be delivered to the event site and must be pushed to the appropriate curb for trash pick-up by the LFUCG.

**PLEASE NOTE:** Due to the extremely high level of garbage dropped into recycling carts at special events, which contaminates the recyclable materials, only organizations that commit to providing staff or volunteers throughout the event, to oversee recycling collection efforts, will be provided recycling carts. Recycling carts for special events must be specifically requested, and a recycling plan provided, as part of the special event application.

For larger events, Waste Management may choose to provide a compactor truck (at no charge) so that waste bins can be emptied on an ongoing basis throughout the event. Only city employees may operate the compactor truck.

Occasionally, a few large events may require assistance from Waste Management personnel, instead of or in addition to Streets & Roads personnel. In these instances, **Waste Management personnel will be billed at the following rates for Special Events:**

Average Resource Recovery Operator OT hourly wage:	\$29.52
Average Public Service Worker OT hourly wage:	\$22.50
Average Supervisor OT hourly wage:	\$35.49

Prior to the event, Event Organizers will be provided an estimate of costs for the event. All estimates must be signed and returned to the appropriate departments. The Event Organizer will be billed for the work following the event.
