FROM THE DIRECTOR

As a department, Parks & Recreation is charged with the task of celebrating our history as a community, providing great programs and facilities to you in the present and planning for the future to ensure Lexington continuously becomes a better place to live, work and play. We have been working diligently on planning for that bright future through our Parks Master Plan. In the coming months, we will have several opportunities for you to submit your advice on how we can better serve the community. We look forward to hearing what you have to say!

In addition to working hard to bring you more programs than ever, we have been upgrading some of our parks. The new playground at Douglass Park adds a splash of color to a park that has been a part of the Lexington community for over 100 years. You can shoot hoops at the brand new basketball court in Veterans Park or be a little more adventurous on our new skateboarding features in Valley Park.

Spring and Summer bring so many exciting programs and opportunities to Lexington. Use the warmer weather as an excuse to experience something new! With Parks & Recreation, you can learn to ride a horse at Masterson Station Park, cultivate a new skill like pottery or printmaking at Artworks, enjoy guided searching for butterflies and owls at Raven Run Nature Sanctuary or relive your school yard days by joining a co-ed kickball team.

As we get a few more hours of daylight each day, I hope you get the chance to get out and play at one of our 105 parks or 42 miles of walking trails, and when you do, let us know what you think!

Thank you,
Monica Conrad
Director, Lexington Parks & Recreation

SWIM LESSONS

Online registration for swim lessons and swim team begin at noon on April 25 and will close on May 21. In-person registration is available at Parks & Recreation (469 Parkway Drive) from noon – 7 p.m. on April 25. When aquatic centers open (May 27), swim lesson registrations will be handled on-site. The cost for swim lessons is $25 per child and is due at time of registration. All programs are on a first-come, first-served basis and are non-refundable. At least three participants must register in order for a class to occur. At registration please provide the child’s proof of age, skill level and preferred session/time of lesson.

Parental Support
We believe that parents’ attitudes will help their children have a fun, positive experience at swimming lessons. Children may cry during lessons due to being away from their parents, fear of water or difficulty with the instructor. Because children can locate a parent and will cry for attention, parents are asked to sit in designated areas only. A child will sometimes test ways to avoid lessons, such as crying, playing sick or hanging on to the parent. We understand the fear of new situations and ask that the instructor and the parent work together to help the child overcome these anxieties.

Swim Team
Swim teams are designed for youth, ages 5 – 15, who enjoy swimming. Anyone who can pass the Level 3 class and meets the age requirement is eligible for this program. Swim team encourages good sportsmanship and team spirit. Daily practices begin June 6, and will conclude with the championship meet in August. Meets are on Tuesday and Thursday evenings, with warmups at 5:30 p.m. and meets starting at 6 p.m. Each swimmer must take part in at least three meets to qualify for the championship meet at the end of the summer. The cost to enroll on a swim team is $35.

Veterans Park course was built entirely by volunteers. Like Shillito, there are elevation changes with plenty of trees. Most of the holes are in the woods. Jacobson is 7,050 feet long and features a rolling topography and has a lot of variety. The front nine is wooded, with three holes in a large pine forest. The back nine is open with stands of mature trees. A nine-hole course is located at River Hill Park, 3800 Crosby Drive. This course features several different elevation changes and plenty of trees. This is a great course to learn how to play and practice your game.

**FOOT GOLF**

**What is Foot Golf?**
Foot golf is a unique blend of soccer and golf. Foot golf is played using the basic model of golf, with a tee box, a green, bunkers, hazards, a similar scorecard and 9 or 18 holes to play. The main differences are the cups, which are 21 inches in diameter, the ball (a #5 soccer ball), the shorter holes, and the fact that the players kick the ball instead of using clubs. The goal? Get the ball in the hole with the fewest strokes (kicks) possible. Get more details below, then get your foot in the game!

**Foot Golf Basics**
Players should wear indoor soccer shoes or tennis shoes. Cleats are not permitted. Proper attire is required (shorts and shirts). Players may bring their own #5 soccer ball or rent one from the pro shop ($4). Reserve a start time by calling 288-2990.
The history of McConnell Springs closely parallels the history of Lexington. The city came of age in the 19th and 20th centuries, making the transition from a frontier outpost in the wilderness, to the “Athens of the West,” and finally to an important urban center serving central and eastern Kentucky. At McConnell Springs, land began as a farm, moved through several types of industries, then the Cahill dairy in the mid-1900s. The establishment of dairies and other commercial enterprises marked the continued progression of Lexington’s maturation.

COMMUNITY CENTERS

Berry Hill Skate Park 3489 Buckhorn Drive
At 18,000 square feet, Berry Hill is Lexington's largest skatepark and features obstacles that will appeal to advanced skateboarders and bikers. Amenities include a flow bowl, snake run, street section, stairs and rails. Built by Dreamland Skateparks, LLC, one of its craftsmen, a Lexington native incorporated Bluegrass-themed elements into the design. Some of the concrete in the skatepark was stamped with horseshoes and stylized to mimic limestone, and one of the metal rails features galloping thoroughbreds.

Kirklevington Skate Spot 369 Redding Road
Kirklevington Skate spot is 3,600 square feet and features a variety of "street" elements for skateboarders instead of ramps and other typical obstacles. This skatepark was designed to offer obstacles and components that are similar to those found in downtown and other urban settings. This facility includes skateable benches, jersey barrier, grinding rail, concrete boxes and a variety of other obstacles for beginners and more advanced skaters.

Woodland Skate Park 600 East High Street
This 12,000 square foot facility features a variety of ramps, platforms, bowls and pipes. It offers a great skating experience for beginners while at the same time it challenges the most experienced skaters. This is a skate park only - not a bike park.

Valley Park Skate Spot 2077 Cambridge Drive
Valley Park Skate Spot is Lexington's newest skating facility. It is 6,200 square feet and was completed in the fall of 2016. Featuring obstacles similar to those found a Kirklevington Skate Spot but different than those found at Woodland or Berry Hill Skate Park. Valley Park Skate Spot has a variety of angled banks, ledges, rails and hump ramps more similar to a sculpture garden than a skatepark.

Lexington has many miles of trails which offer a great way to lead a healthier and more active lifestyle. Whether you enjoy hiking, walking, running or biking these trails allow individuals the opportunity to rejuvenate and maintain ones mind and body, all while having fun. Take a trip to one of our nature parks and enjoy bird-watching, stargazing or hiking with your family. Visit one of the trails located in your neighborhood and walk your dog, in-line skate with your children or ride a bike. We encourage you to get out and enjoy the beauty of your local parks and trail system.

A SHARED USE TRAIL is paved and designed for activities such as running and walking as well as higher speed activities like bicycling and skating. They are 10–12 feet wide.

A WALKING TRAIL is paved and is at least 8 feet wide. For everyone's safety, bicycling and skating at greater than a fast walking speed is not allowed on walking trails.

PATHS are narrower than 8 feet and may include sidewalks, gravel paths and grass paths.

HIKING TRAILS are generally single person width, natural surface and for pedestrians only. Hiking trails may range from easy (level grades and shorter distances) to difficult (steep grades and/or longer distances).

It is recommended that you select hiking trails appropriate for your level of physical ability.
