“I DO” Program List

*Identifying Opportunities, Developing Relationships &
Organizing Partnerships for Youth!*

Dear Lexington Community,

Program Providers and Community Partners work so hard to provide positive youth programming; and Partners for Youth wants to make sure that their efforts are recognized and supported. One way that we like to support them is to educate the community about the free and affordable positive youth programs they provide that are available in Lexington and the surrounding area. We do this by developing and maintaining the “I DO” program list from information they provide us; and distributing that list during the School year, spring break, and summer break to organizations and partners in our list serve so that they can share with their youth and families.

Thank you for caring about the community by seeking out positive activities for children, and resources for your family.

Thanks for being a Partner for Youth!

Sincerely,

Angie Green Hampton
