

Our progress to date as of 02/28/2022

Action on Mayor's Commission for Racial Justice and Equality Report Recommendations

- On October 4, 2021, Mayor Linda Gorton appointed Tiffany Michelle Brown to serve as the Equity and Implementation Officer in the Mayor's Office. As part of her duties, Brown will staff the newly established Racial Justice and Equality Commission.
- The permanent Racial Justice and Equality Commission was approved by council on February 17, 2022.

ECONOMIC OPPORTUNITY

- **Disparity and Availability Study whose goal is determining the availability of Disadvantaged Business Enterprise (DBE), Minority Business Enterprise (MBE), and Women Business Enterprise (WBE) in the area.**
 - Disparity and Availability Study report and recommendations are anticipated by May of 2022.
 - LFUCG is committed to making spending with MBE contractors a priority.

Economic Opportunity Recommendation #2: Issue a disparity study to determine if there is a disparity between the availability and utilization of MBE Firms.

- **A minority business incubator has been approved by Council as part of the American Rescue Plan Act (ARPA) funds.**

Economic Opportunity Recommendation #5: Develop funding sources designed to assist MBEs to increase their ability to take their business to the next level.

- **In July, we piloted the Lexington Workforce Resource Center and started the WORK-Lexington program.**
 - The Lexington Workforce Resource Center and WORK-Lexington, located at the Charles Young Center, offers on-site assistance with job applications, job connections and job placement, and program referrals.

Economic Opportunity Recommendation #6: Develop funding sources designed to assist MBEs to increase their ability to take their business to the next level.

EDUCATION

- **LFUCG partners with Fayette County Public Schools (FCPS) to run the Extended School Program. The Mayor has proposed increasing the Summer Youth Employment program by an additional \$100,000 for the next two years to extend its impact throughout the year.**

- LFUCG is in the planning phase of developing a robust job training center as part of the planned affordable housing development in Davis Bottoms.

Education Recommendation #5: Create meaningful afterschool opportunities for youth.

HOUSING AND GENTRIFICATION

- **A new Department of Housing Advocacy is included in the Mayor's Fiscal Year 2022 Proposed Budget.**
- **A new Code Enforcement Assistance program is included in the Mayor's Fiscal Year 2022 Proposed Budget.**

- This program, which will be managed out of the Commissioner's Office of the Department of Housing Advocacy and Community Development, will be for low-income/eligible homeowners to address and remediate housing violations issued by Code Enforcement.

Housing & Gentrification Recommendation #1: The city must create an Office of Housing Advocate, by ordinance and with permanent funding, to centralize and provide oversight of the full spectrum of housing needs in our community.

Housing & Gentrification Recommendation #2: Changes must be implemented in the Division of Code Enforcement. Our recommendation is the Housing Code of the City of Lexington be re-imagined into a Code Agency that places the health, well-being, and protection of residents (especially the most vulnerable) and neighborhoods as its mission.

Housing & Gentrification Recommendation #9: We recommend the work and function of this subcommittee continue to not only see each recommendation through to fruition, but continue to provide a laser focus on housing issues that impact African Americans living in Lexington.

- **The Mayor proposed \$10 million from ARPA funds to go to affordable housing.**

Housing & Gentrification Recommendation #3: The city must put in place mechanisms to keep housing affordable. It is possible to stem the tide of gentrification, while creating more housing opportunity for all Lexingtonians.

- **The City has allocated approximately \$1 million in local funds and another \$15.3 million in federal funds to eviction assistance programs to aid in eviction prevention. This program is ongoing and now in partnership with Community Action Council.**
<https://www.lexingtonky.gov/how-do-i-get-help>

Housing & Gentrification Recommendation #4: The city must allot a portion of the COVID-19 funding toward eviction prevention initiatives.

RACIAL EQUITY

- **The city is using space at the Charles Young Center to partner with community organization, businesses and nonprofits to provide referrals for job training and programming. This partnership was piloted in July 2022 and will be enhanced moving forward. Job training is part of the Mayor's budget plan for Fiscal Year 2022.**

Racial Equity Recommendation #3: Establish a Job Training and Community Center.

- **The Mayor has proposed an expansion to make LFUCG's neighborhood-based summer youth job and apprentice program year-round.**

Racial Equity Recommendation #4: Establish a citywide or neighborhood-based summer youth job and apprentice program as part of the job training and community center.

- **Diversity and Inclusion Training will be conducted by Dr. Roger Cleveland, founder and president of Millennium Learning Concepts (MLC). All LFUCG Employees will receive this training. A survey was sent out to employees on November 5th and MLC is now reviewing the collected data.**

Racial Equity Recommendation #13: Enhance and establish bias training and evaluation procedures.

HEALTH DISPARITIES

- **The Lexington-Fayette County Health Department has created and filled its new Community Health Worker position.**

Health Disparities Recommendation #1: Data indicates a lack of community awareness of health-related resources and a lack of culturally competent healthcare providers, which contributes to mistrust of the healthcare system. Evidence indicates that Community Health Workers (CHWs)/Promoters are uniquely positioned to build trust and address the barriers by traditionally underserved communities when seeking medical care and services. The CHW will be a layperson, with at least a high school diploma, who lives in one of the areas that experience disparate health outcomes.

- **The Mayor's Office is working with community organizations to develop a plan for increased food access in Lexington.**

Health Disparities Recommendation #2: Enhance and establish bias training and evaluation procedures.

LAW ENFORCEMENT

The most notable revisions to the collective bargaining agreement are consistent with recommendations that were in the CRJE Report. These revisions include the following:

- **The new agreement places two civilians on the Disciplinary Review Board. This is a significant change to the agreement. Previously, there were no citizens on the Disciplinary Review Board. Nominations for those two seats with a third as an alternate have begun.**

Recommendation #1: Civilian Participation at the Investigative Stage in LPD's Disciplinary Review Board

- **Civilians now are able to participate at the investigative stage of the investigative stage in the police disciplinary process.**
 - Police publicize disciplinary dispositions as soon as available.
 - Police makes every effort to comply with the state time frames listed in the collective bargaining agreement on reaching disposition.
 - If an extension is needed past the CBA timeframes, the extension now must be in writing and made available to the public.
 - LFUCG's Law Department has worked with Police to communicate with residents about complaints they make and how to keep them updated throughout the process.

- **Police now utilize body-worn camera (BWC) technology that allows for an automatic activation, i.e. when weapon drawn, when specific buzz words are used by officer or person encountered.**
 - Axon Signal Sidearm – activate BWC when Firearm drawn from holster.
 - Updated Taser – Activates BWC when turned on.
 - CAD Integration – Import calls for service data with our BWC System which allows for the BWC system to be aware of calls officers respond to and help correctly identify incident case numbers.
 - Axon Performance – Builds off the CAD Integration and automatically compares calls for service which would require BWC videos to the videos recorded by the Officer. Flags when BWC is not present for case.
 - Police now maintain non-evidentiary footage from BWCs for 60 days.

Recommendation #3: Officers be required to wear Body Worn Cameras

- **The City and the Fraternal Order of Police recently agreed to a new collective bargaining agreement.**
 - The new contract not only does not restrict a disciplinary review board from holding officers accountable, it allows for two citizens to participate on the board.

Recommendation #4: Reviews of the FOP and collective bargaining recommendations

- **Police have reviewed de-escalation techniques and reviewed their training processes.**

Recommendation #5: Reviews of the FOP and collective bargaining recommendations

- **The disciplinary article of the prior agreement prohibited LFUCG from considering discipline older than 5 years when making decisions on current misconduct. The new agreement eliminates that prohibition. LFUCG can now consider all prior discipline when making disciplinary decisions.**

Recommendation #7: Officer Discipline

- **Police have enhanced information available in police reports and command staff have instructed officers to be more detailed in reports regarding their interactions with the public.**

Recommendation #8: Enhance information in police reports

- **Officers now provide residents with contact cards, which contain information on how to report complaints or to provide feedback.**

Recommendation #9: Enhance community relations

- **Police now provides updates to the Mayor regarding E911 data and analysis, and continue to report on the success of recent policy changes and reforms.**

Recommendation #10: Police to provide reports and analysis

- **Police now submit information to the FBI's National Use-of-Force Data Collection**

Recommendation #11: Submit information to the National Use-of-Force Data Collection

- **The starting pay for a police officer increased from \$41,057 to \$47,000. This should make a significant impact on recruiting efforts if the reason for low applicants is financial.**

Recommendation #12: Recruit new officers for the Lexington Police Department based upon the recommendations from the publication hiring for the 21st Century Law Enforcement Officer.
