Whenever notice is required, Grantor shall notify Grantee in writing not less than thirty (30) days prior to the date Grantor intends to undertake the activity in question. The notice shall describe the nature, scope, design, location, timetable, and any other material aspect of the proposed activity in sufficient detail to permit Grantee to make an informed judgment as to its consistency with the Purpose of this Easement.

7.2 **Grantee's Approval.** Where Grantee's approval is required, as set forth in Section 6, Grantee shall grant or withhold its approval in writing within thirty (30) days of receipt of Grantor's written request therefore. In the case where approval is sought for construction of a residence, Grantee shall grant or withhold its approval in writing within sixty (60) days of receipt of Grantor's written request. Grantee's approval may be withheld only upon a reasonable determination by Grantee that the action as proposed would be inconsistent with the Purpose of this Easement.

## 8. **Grantee's Remedies.**

8.1 **Notice of Violation; Corrective Action.** If Grantee determines that a violation of the terms of this Easement has occurred or is threatened, Grantee shall give written notice to Grantor of such violation and demand corrective action sufficient to cure the violation and, where the violation involves injury to the Protected Property resulting from any use or activity inconsistent with the Purpose of this Easement, to restore the portion of the Protected Property so injured to its prior condition in accordance with a plan approved by Grantee.

8.2 **Injunctive Relief.** If Grantor fails to cure the violation within thirty (30) days after receipt of notice thereof from Grantee, or under circumstances where the violation cannot reasonably be cured within a thirty (30) day period, fails to begin curing such violation within the thirty (30) day period, or fails to continue diligently to cure such violation until finally cured, Grantee may bring an action at law or in equity in a court of competent jurisdiction to enforce the terms of this Easement, to enjoin the violation, *ex parte* as necessary, by restraining order or temporary or permanent injunction, and to require the restoration of the Protected Property to the condition that existed prior to any such injury. In the event that Grantee seeks injunctive or

other equitable relief, Grantee shall not be required to post a bond and shall not be required to demonstrate irreparable harm or injury.

8.3 **Damages.** Grantee shall be entitled to recover damages for violation of the terms of this Easement or injury to any Conservation Values protected by this Easement, including, without limitation, damages for the loss of scenic, aesthetic, historic, agricultural, open space, or environmental values. Without limiting Grantor's liability therefore, Grantee, in its sole discretion, may apply any damages recovered to the cost of undertaking any corrective action on the Protected Property.

8.4 **Emergency Enforcement.** If Grantee, in its discretion, determines that circumstances require immediate action to prevent or mitigate significant damage to the Conservation Values of the Protected Property, Grantee may pursue its remedies under Paragraphs 8.1 through 8.10 without prior notice to Grantor or without waiting for the period provided for cure to expire.

8.5 **Scope of Relief.** Grantee's rights under this Section 8 apply equally in the event of either actual or threatened violations of the terms of this Easement. Grantor agrees that Grantee's remedies at law for any violation of the terms of this Easement are inadequate and that Grantee shall be entitled to the injunctive relief described in Section 8.2, both prohibitive and mandatory, in addition to such other relief to which Grantee may be entitled, including specific performance of the terms of this Easement, without the necessity of proving either actual damages or the inadequacy of otherwise available legal remedies. Grantee's remedies described in this Section 8 shall be cumulative and shall be in addition to all remedies now or hereafter existing at law or in equity.

8.6 **Costs of Enforcement.** All reasonable costs incurred by Grantee in enforcing the terms of this Easement against Grantor, including, without limitation, costs and expenses of suit and reasonable attorneys' fees, and any costs of restoration necessitated by Grantor's violation of the terms of this Easement shall be borne by Grantor without setoff, deduction, defense, abatement, suspension, deferment or reduction; provided, however, that if Grantor ultimately prevails in a judicial enforcement action each party shall bear its own costs. Grantor expressly agrees that Grantee shall have, is hereby granted, and shall be entitled to record a lien against the Protected Property for any unpaid damages or costs of enforcement.

8.7 **Forbearance.** Forbearance by Grantee to exercise any of its rights under this Easement in the event of any breach of any term of this Easement by Grantor shall not be deemed or construed to be a waiver by Grantee of such term or of any subsequent breach of the same or any other term of this Easement or of any of Grantee's rights under this Easement. No delay or omission by Grantee in the exercise of any right or remedy upon any breach by Grantor shall impair such right or remedy or be construed as a waiver.

8.8 **Waiver of Certain Defenses.** Grantor acknowledges that Grantor has read this Easement, its terms and requirements, and Grantor, in full knowledge of its provisions, hereby

waives any defense of laches, estoppel, or prescription with respect to any enforcement action instituted by Grantee.

8.9 **Acts Beyond Grantor's Control.** Nothing contained in this Easement shall be construed to entitle Grantee to bring any action against Grantor for any injury to or change in the Protected Property resulting from causes beyond Grantor's control, including, without limitation, fire, flood, storm, and earth movement, or from any prudent action taken by Grantor under emergency conditions to prevent, abate, or mitigate significant injury to the Protected Property resulting from such causes.

8.10 **Failure of Grantee to Enforce.** If at any time Grantee shall fail to enforce the restrictions of this Easement, the Lexington-Fayette Urban County Government shall have the right to bring suit against Grantee or Grantor for specific performance or to otherwise enforce any or all of the provisions of this Easement. This provision shall in no way impact the US Right of Enforcement as set forth herein.

9. **Access.** No right of access by the general public to any portion of the Protected Property is conveyed by this Easement.

10. **Costs, Liabilities, Taxes, and Environmental Compliance.**

10.1 **Costs, Legal Requirements, and Liabilities.** Grantor retains all responsibilities and shall bear all costs and liabilities of any kind related to the ownership, operation, upkeep, and maintenance of the Protected Property, including the maintenance of reasonable liability insurance coverage. Grantor remains solely responsible for obtaining any applicable governmental permits and approvals for any construction or other activity or use permitted by this Easement, and all such construction or other activity or use shall be undertaken in accordance with all applicable federal, state, and local laws, regulations, and requirements. Grantor shall keep the Protected Property free of any liens arising out of any work performed for, materials furnished to, or obligations incurred by Grantor.

10.2 **Taxes.** Grantor shall pay, before delinquency, all taxes, assessments, fees, and charges of whatever description levied on or assessed against the Protected Property by competent authority (collectively "Taxes"), including any taxes imposed upon, or incurred as a result of, this Easement, and shall furnish Grantee with satisfactory evidence of payment upon request.

10.3 **Representations and Warranties.** Grantor represents and warrants that, after reasonable investigation and to the best of its knowledge:

- (a) Grantor and the Protected Property are in compliance with all federal, state, and local laws, regulations, and requirements applicable to the Protected Property and its use;
- (b) there is no pending or threatened litigation in any way affecting, involving, or relating to the Protected Property;

- (c) no civil or criminal proceedings or investigations have been initiated at any time or are now pending, and no notices, claims, demands, or orders have been received, arising out of any violation or alleged violation of, or failure to comply with, any federal, state, or local law, regulation, or requirement applicable to the Protected Property or its use, nor do there exist any facts or circumstances that Grantor might reasonably expect to form the basis for any such proceedings, investigations, notices, claims, demands, or orders; and
- (d) there are no outstanding surface or subsurface mineral rights associated with the Protected Property.

10.4 **Control.** Nothing in this Easement shall be construed as giving rise, in the absence of a judicial decree, to any right or ability in Grantee or the United States to exercise physical or managerial control over the day-to-day operations of the Protected Property, or any of Grantor's activities on the Protected Property, or otherwise to become an operator with respect to the Protected Property within the meaning of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA"), and KRS Section 224.01-010 et seq.

10.5 **General Indemnification.** Grantor shall indemnify and hold harmless the United States, Grantee, and their employees, agents, and assigns for any and all liabilities, claims, demands, losses, expenses, damages, fines, fees penalties, suits, proceedings, actions, and costs of actions, sanctions asserted by or on behalf of any person or governmental authority, and other liabilities (whether legal or equitable in nature and including, without limitation, court costs, and reasonable attorneys' fees and attorneys' fees on appeal) to which the United States or Grantee may be subject or incur relating to the Protected Property, which may arise from, but are not limited to, Grantor's negligent acts or omissions or Grantor's breach of any representation, warranty, covenant, agreements contained in this Agricultural Land Easement, or violations of any Federal, State, or local laws, including all Environmental Laws, as defined in Section 11.3.

## 11. PROTECTION OF THE UNITED STATES' INTERESTS

11.1 **United States Right of Enforcement.** Pursuant to 16 U.S.C. Section 3865 et seq., the United States is granted the right of enforcement that it may exercise only if the terms of the ALE are not enforced by Grantee. The Secretary of the United States Department of Agriculture (the Secretary) or his or her assigns, on behalf of the United States, may exercise this right of enforcement under any authority available under State or Federal law if Grantee, or its successors or assigns, fails to enforce any of the terms of this ALE, as determined in the sole discretion of the Secretary.

In the event the United States exercises this right of enforcement, it is entitled to recover any and all administrative and legal costs associated with any enforcement or remedial action re-

lated to the enforcement of this Easement from Grantor, including, but not limited to, attorney's fees and expenses related to Grantor's violations. In the event the United States exercises this right of enforcement, it is entitled to recover any and all administrative and legal costs associated with any enforcement of this Easement from Grantee, including, but not limited to, reasonable attorney's fees and expenses related to Grantee's violations or failure to enforce the easement against Grantor.

Grantee will annually monitor compliance and provide the United States with an annual monitoring report that documents that Grantee and Grantor are in compliance with the ALE and ALE Plan. If the annual monitoring report is insufficient or is not provided annually, or if the United States has evidence of an unaddressed violation, as determined by the Secretary, the United States may exercise its right of inspection. For purposes of inspection and enforcement of the ALE, the ALE Plan, and the United States Cooperative Agreement with Grantee, the United States will have reasonable access to the Protected Property with advance notice to Grantee and Grantor or Grantor's representative.

In the event of an emergency, the United States may enter the Protected Property to prevent, terminate, or mitigate a potential or unaddressed violation of these restrictions and will give notice to Grantee and Grantor or Grantor's representative at the earliest practicable time.

**11.2 General Disclaimer.** The United States, its employees, agents, and assigns disclaim and will not be held responsible for Grantee's or Grantor's negligent acts or omissions or Grantee's or Grantor's breach of any representation, warranty, covenant, or agreements contained in this ALE Deed, or violations of any Federal, State, or local laws, including all Environmental Laws, as defined in Section 11.3, including, without limitation, those that give rise to liabilities, claims, demands, losses, expenses, damages, fines, fees, penalties, suits, proceedings, actions, costs of actions, or sanctions asserted by or on behalf of any person or governmental authority, and other liabilities (whether legal or equitable in nature and including, without limitation, court costs, and reasonable attorneys' fees and reasonable attorneys' fees on appeal) to which the United States may be subject or incur relating to the Protected Property.

**11.3 Environmental Warranty.** Grantor warrants that it is in compliance with, and will remain in compliance with, all applicable Environmental Laws, as defined below. Grantor warrants that there are no notices by any governmental authority of any violation or alleged violation of, noncompliance or alleged noncompliance with, or any liability under, any Environmental Law, as defined below, relating to the operations or conditions of the Protected Property. Grantor further warrants that it has no actual knowledge of a release or threatened release of Hazardous Materials, as defined below.

Moreover, Grantor hereby promises to hold harmless and indemnify Grantee and the United States against all litigation, claims, demands, penalties and damages, including reasonable attorneys' fees, arising from or connected with the release or threatened release of any hazardous materials on, at, beneath or from the Protected Property, or arising from or connect-

ed with a violation of any Environmental Laws by Grantor or any other prior owner of the Protected Property. Grantor's indemnification obligation will not be affected by any authorizations provided by Grantee or the United States to Grantor with respect to the Protected Property or any restoration activities carried out by Grantee at the Protected Property; provided, however, that Grantee will be responsible for any Hazardous Materials contributed after this date to the Protected Property by Grantee.

"Environmental Law" or "Environmental Laws" means any and all Federal, State, local or municipal laws, rules, orders, regulations, statutes, ordinances, codes, guidelines, policies, or requirements of any governmental authority regulating or imposing standards of liability or standards of conduct (including common law) concerning air, water, solid waste, hazardous materials, worker and community right-to-know, hazard communication, noise, radioactive material, resource protection, subdivision, inland wetlands and watercourses, health protection, and similar environmental health, safety, building, and land use as may now or at any time hereafter be in effect.

"Hazardous Materials" means any petroleum, petroleum products, fuel oil, waste oils, explosives, reactive materials, ignitable materials, corrosive materials, hazardous chemicals, hazardous wastes, hazardous substances, extremely hazardous substances, toxic substances, toxic chemicals, radioactive materials, infectious materials, and any other element, compound, mixture, solution, or substance that may pose a present or potential hazard to human health or the environment.

**11.4 Extinguishment, Termination, and Condemnation.** The interests and rights under this Agricultural Land Easement may only be extinguished or terminated with written approval of Grantee and the United States. Due to the Federal interest in this ALE, the United States must review and approve any proposed extinguishment, termination, or condemnation action that may affect its Federal interest in the Protected Property.

With respect to a proposed extinguishment, termination, or condemnation action, Grantee and the United States stipulate that the fair market value of the ALE is \_\_\_\_\_ percent (\_\_\_%), hereinafter the "Proportionate Share," of the fair market value of the Protected Property unencumbered by this ALE. The Proportionate Share will remain constant over time.

If this ALE is extinguished, terminated, or condemned, in whole or in part, then Grantor must reimburse Grantee and the United States an amount equal to the Proportionate Share of the fair market value of the Protected Property unencumbered by this ALE. The fair market value will be determined at the time all or a part of this ALE is terminated, extinguished, or condemned by an appraisal that meets the Uniform Standards of Professional Appraisal Practice (USPAP) or Uniform Acquisition Standards or Federal Land Acquisition (UASFLA). The appraisal must be completed by a certified general appraiser and be approved by Grantee and the United States.

The allocation of the Proportionate Share between Grantee and the United States will be as follows: (a) to Grantee or its designee, fifty percent of the Proportionate Share; and (b) to

the United States fifty percent of the Proportionate Share. Until such time as Grantee and the United States receive the Proportionate Share from Grantor or Grantor's successor or assign, Grantee and the United States each have a lien against the Protected Property for the amount of the Proportionate Share due each of them. If proceeds from termination, extinguishment, or condemnation are paid directly to Grantee, Grantee must reimburse the United States for the amount of the Proportionate Share due to the United States.

12. **Mortgages.** Grantor represents and warrants that as of the date hereof, there are no liens, mortgages or encumbrances outstanding against the Protected Property, except any listed in Exhibit B, attached hereto and made a part hereof, which are subordinated to this Easement.

13. **Assignment and Backup Grantee.**

13.1 **Assignment.** With the advance written permission of the United States, Grantee may assign its interest in this Easement, but only to an organization that is a qualified organization at the time of transfer under Section 170(h) of the Internal Revenue Code (or any successor provision then applicable), and authorized to acquire and hold conservation easements under KRS Sections 382.800 through 382.860 (or any successor provision then applicable) or the laws of the United States. As a condition of such transfer, Grantee shall require that the Purpose that this Easement is intended to advance continue to be carried out.

13.2 **Backup Grantee.** In the event Grantee shall cease to exist or to be a qualified organization under Section 170(h) of the Internal Revenue Code (or any successor provision then applicable) its rights and duties hereunder shall become vested in and fall upon the Lexington-Fayette Urban County Government or such other qualified organization as may then be determined, to the extent such entity shall evidence acceptance of and agree to fully enforce the terms herein.

14. **Subsequent Transfers.** Grantor agrees to incorporate the terms of this Easement by reference in any deed or other legal instrument by which Grantor divests itself of any interest in all or a portion of the Protected Property, including, without limitation, a leasehold interest. Grantor further agrees to give written notice to Grantee of the transfer of any interest at least thirty (30) days prior to the date of such transfer. The failure of Grantor to perform any act required by this paragraph shall not impair the validity of this Easement or limit its enforceability in any way.

15. **Estoppel Certificates.** Upon written request by Grantor, Grantee shall within thirty (30) days execute and deliver to Grantor, or to any party designated by Grantor, any document, including an estoppel certificate, which certifies, to the best of Grantee's knowledge, Grantor's compliance with all obligations of Grantor contained in this Easement or which otherwise evidences the status of this Easement. Such certification shall be limited to the condition of the Protected Property as of Grantee's most recent inspection. If Grantor requests more current documentation, Grantee shall conduct an inspection, at Grantor's expense, within thirty (30) days of receipt of Grantor's written request therefore.

16. **Notices.** All notices or communication that either Grantor, Grantee or the United States desires or is required to give to the other hereunder shall be in writing and shall be deemed properly given (i) upon delivery, if delivered in person or by facsimile transmission with receipt acknowledged, (ii) one (1) business day after having been deposited for overnight delivery with any reputable overnight courier service, or (iii) three (3) business days after having been deposited in any post office or mail depository regularly maintained by the U.S. Postal Service and sent by registered or certified mail, postage prepaid, addressed as follows:

18.1 **Controlling Law.** The interpretation and performance of this Easement shall be governed by the law of the Commonwealth of Kentucky or the United States, if applicable.

18.2 **Liberal Construction.** Any general rule of construction to the contrary notwithstanding, this Easement shall be liberally construed in favor of the grant to effect the purpose of this Easement and the policy and purpose of KRS 382.800 through 382.860. If any provision in this instrument is found to be ambiguous, an interpretation consistent with the

purpose of this Easement that would render the provision valid shall be favored over any interpretation that would render it invalid. The rule of construction to the effect that any ambiguities are resolved against the drafting party shall not be employed in the interpretation of this Easement.

18.3 **Severability.** If any provision of this Easement, or the application thereof to any person or circumstance, is found to be invalid, the remainder of the provisions of this Easement, or the application of such provision to persons or circumstances other than those as to which it is found to be invalid, as the case may be, shall not be affected thereby and shall be enforced to the greatest extent permitted by law.

18.4 **Entire Agreement.** This instrument sets forth the entire agreement of the Grantor, Grantee and United States with respect to the Easement and supersedes all prior discussions, negotiations, understandings, or agreements relating to the Easement, all of which are merged herein.

18.5 **Amendment.** This ALE may be amended only if, in the sole and exclusive judgment of Grantee and United States, by and through the Chief of NRCS, such amendment is consistent with the purposes of this ALE and complies with all applicable laws and regulations. Grantee must provide timely written notice to the Chief of NRCS of any proposed amendments. Prior to the signing and recordation of the amended ALE, such amendments must be mutually agreed upon by Grantee, Grantor, and United States, by and through the Chief of NRCS. 18.7 **Joint and Several Obligations.** The obligations imposed by this Easement upon Grantor shall be joint and several.

18.8 **Successors.** All of the covenants, terms, conditions, restrictions, easements, representations, warranties and provisions of this Easement shall be binding upon, and inure to the benefit of, the Grantor, Grantee and the United States and their respective, successors, and permitted assigns and shall continue as a servitude running in perpetuity with the Protected Property. The terms "Grantor", "Grantee," and United States wherever used herein, and any pronouns used in place thereof, shall include, respectively, the above-named Grantor and its successors, and permitted assigns, the above-named Grantee and its successors and permitted assigns, and the above named United States and its assigns.

In the event a termination occurs under this paragraph, notice shall be given to the United States.

18.10 **Captions.** The captions in this instrument have been inserted solely for convenience of reference and are not a part of this instrument and shall have no effect upon construction or interpretation.

18.11 **Counterparts.** The Parties may execute this instrument in two or more counterparts, which shall, in the aggregate, be signed by all Parties; each counterpart shall be deemed an original instrument as against any Party who has signed it. Comment [A1]: I don't believe the United States needs to be included in this Parties, given that we do not sign it

18.12 **Compliance with Laws.** Nothing contained herein shall be interpreted to authorize or permit Grantor to violate any law, regulation, ordinance, code or requirement relating to building materials, construction method, or use of the Protected Property. 18.13 **Development Rights.** To the extent that Grantor owns or is entitled to development rights which may exist now or at sometime hereafter by reason of the fact that under any applicable zoning or similar ordinance the Protected Property may be developed to more intensive uses than the Protected Property is devoted to as of the date hereof, such development rights shall not be exercisable on, above or below the Protected Property during the term of the Easement, nor shall they be transferred to any adjacent parcel and exercised in a manner that would interfere with the Purpose of the Easement.

The up-to-date version of such guidelines must be maintained by Grantee in the Baseline Documentation and made available to Grantor upon request. The archaeologically, culturally, or historically significant features may not be altered or removed without Grantee's prior written approval, which approval will not be given except where the proposed activity is accomplished in accordance with the guidelines provided in The Secretary of The Department of the Interior's Standards for the Treatment of Historic Properties.
